## DINGLEY LAW IS PRAISED

Governor Herrick Has Supreme Power Over Convention in Ohio and Squashes Political Enemies.

Pocatello, Idaho, May 18.—The republican state convention to elect delegates to the republican national convention met here this afternoon and completed its work in just about three hours' actual convention proceeding. The following were elected delegates to the national convention:

Senator W. B. Heyburn, C. J. Hall, Pangeville; W. E. Borah, Boise; F. R. Bonding, Shoshone; D. W. Stanrod, Pocatello; J. M. Stevens, Blackfoot.

Stanrod is the Idaho member of the republican national committee and holding the chairman of the state republican committee.

The resolutions indorse Roosevelt in the strongest possible terms for nomination for president and commend Senator Heyburn and Congressman French for faithful and efficient public service.

## IOWA'S FIGHT ENDED.

Resolutions Declare for Protective Principle.

Des Moines, Ia., May 18.—Iowa's long fight between the stand-pat republicans and the liberals on the issue of tariff revision and reciprocity ended in a complete victory for the former in tonight's state convention for selecting del-

egates to the national convention. Of 26 delegates chosen 20 are "stand-patters," and only six are liberals. The resolutions adopted contain no sentiment whatever in favor of tariff revision, but declare that protective principle, "found its high fulfillment in the Dingley law." As to reciprocity, the platform declares it is unwise to seek markets abroad by sacrificing some parts of markets at home.

## BATTLESHIP AND CRUISER OF JAPS REPORTED SUNK OFF PORT ARTHUR MONDAY

Russian Refugees Who Have Reached Chefoo Declare That Story Is True Though Not Believed There.

Japanese Reported by Kuropatkin to Have Retired Toward Selinchau—After Destroying Railway Japs Left Kai Chau and Sailed Southward—Rain Making Roads Bad—Niu Chwang Evacuated.

Chefoo, May 19.—(12:30 p. m.)—A party of 13 Russians arriving from Dalny this morning by junk, are authority for the statement that during the bombardment Monday afternoon, the Japanese battleship Shikishima and the cruiser Asama struck mines and sank. Russians say the Shikishima sank two minutes after running on the mine, and that the Asama was being helped away by a vessel of the bombarding fleet when she also went down.

The Russians seem to have obtained their information from the commanding officer at Dalny, who showed them, they assert, a telegram from Port Arthur. The bombardment commenced at 1 o'clock Monday afternoon and two hours later the Shikishima struck a

mine and was soon at the bottom. During the confusion that followed, according to the story, the Asama also struck a mine and was taken in tow and was settling so fast it was found necessary to abandon her.

A number of Russian torpedo boats then went out but the Japanese received reinforcements and the Russians retired.

Today's arrivals say the entrance to Port Arthur was blocked but one of the sunken steamers has been removed and the entrance is now open, but still dangerous, and the Russian fleet has been ordered to remain in the harbor until the arrival of Admiral Skrydloff, who will take command.

Communication north of Dalny has been completely severed.

Just before the emperor arrived on

the parade ground May 10 he noticed that Miss Merezhevsky, the daughter of the leading Russian privy councillor, was nervous and excited. The authorities ordered her arrest. A search disclosed a bomb concealed in her clothing. It is rumored that she has been hanged.

There is a small Japanese detachment at Tyang Ko.

"Sur Jan (Sul Yen) is still unoccupied by the Japanese, who have conducted a reconnaissance in force at Sathoge, 18 miles to the southwest.

"Information has been received to the effect that the Japanese have evacuated Taku Shan.

"The Japanese have detachments of infantry at Luan Miao and Saltszau-dza, nearly 600 at the former and 300 at the latter place. The other forces have retired in the direction of Fengwangcheng and Habalin.

"Twelve miles southeast of Fengwangcheng there is a Japanese force of 5000.

"The rain is making the roads bad."

London, May 19.—The Telegraph's Niu-chwang correspondent, under date of May 18, says:

"The Japanese are constructing field works in the vicinity of Fengwangcheng."

Liao Yang, Tuesday, May 17.—(De-

layed.)—The northern wing of the Japanese army moving from Fengwang-Cheng has occupied Kuandyasayan (Haiyangtsen) 45 miles northeast. The Fengwang-Cheng division of guards, which was moving toward Sluyen has retired, temporarily at least, with the object, supposed, of covering the disembarkation near Niu-chwang and for co-operation with the southern troops against Niu-chwang and Hai Cheng.
