

swordsmen fighting in armor. The length and size of the swords used indicates the strength of the little fighters of the Land of the Rising Sun.

AFTERMATH OF BLOODSHED IN COLORADO CAMPS

Though Crowds Still Congregate on the Streets There Is no Present Trouble at Scene of Crime.

Denver, June 7.—While early reports today from Victor and Cripple Creek where yesterday strife and bloodshed ruled, indicate that semi peaceful conditions prevailed, fears of another outbreak at any moment are general. Throughout the night squads of citizens, reinforced by details of the militia, traveled over the district making arrests until now the bull pen is filled with 400 or more prisoners. The city marshals of Anaconda, Goldfield, and Independence are among the prisoners. Together with the city marshal of Victor and the sheriff of Teller county, this makes a total of five officials of the gold camp towns to have been deposited since the troubles of yesterday began.

Adjutant General Bell remained in his office at the capitol here until a late hour last night expecting a call for troops from Cripple Creek, but none came. The fact that Sheriff Bell, the successor of the deposed Teller county official, has expressed a determination to handle the situation without the aid of troops, other than the local companies, gives assurance to many that the citizens of the camp have offered him all the assistance necessary to

mean the conditions and that the trouble will be brought to an end by sheer force of pluck. Sheriff Bell is known as a man of nerve and this was demonstrated when he compelled the deputies appointed by the deposed city marshal of Victor to surrender their commissions and guns to him, personally. No attempt is being made by the so-called vigilantes and the new police officers to interfere with crowds who congregate on the streets, and, although nearly every one is carrying arms unconcealed, Sheriff Bell and his deputies and the soldiers mingle freely among them searching for persons upon whose arrest they are bent. All citizens of the district union and non-union sympathizers alike, unite in condemning the atrocity at Findley which caused such appalling destruction of life and property, and precipitated a condition in the district little short of anarchy.

Another Trust Formed.

New York, June 7.—Forty-four leading manufacturers of boats have, at a meeting held here, formed the National Association of Engine Boat Manufac-

turers. Officers will be chosen at a later date. The association's principal objects are to establish a bureau of information to bring forward the new and improved method in construction and to take such action as would be in the interests of its members as regards alcohol as fuel.

Correspondents Released.

Mukden, June 7.—The authorities announce that the interpretation of journalistic criticism of things Russian, written before the war or before military recognition of the press is now waived that all charges against correspondents detained here on account of such criticism or for other reasons have been removed, and the correspondents are being allowed to proceed south. Few of the newspapermen, however, are allowed to go forward at the time though about 15 will go to Liao Yang soon. This step is taken at the order of General Kuropatkin.

CAN'T FIND THE CUP.

King Misses Famous Trophy Won by His Yacht.

New York, June 7.—The case of the missing Cape May cup won by his majesty's yacht the Britannia, promises to become famous, says a Herald dispatch from London. It is reported that diligent search for the trophy has been made at Windsor castle, but no trace of it can be found.

A careful record is kept of all the items of furniture, silver and gold ornaments at the castle, but the only trophy there is his majesty's Ascot gold cup, which Perminon won in 1897. The inspector at the castle believes that such a trophy would never have been sent to Windsor at all, but

would have been kept at Sandringham with his majesty's other trophies, which are very numerous and include many yachting and racing cups and prizes won at agricultural shows. A careful search is now to be made at Sandringham.

DEAD COMES TO LIFE.

Doctors Save Life of Girl Who Had Been Put in Her Coffin.

Chicago, June 7.—A dispatch to the Tribune from Caster, S. D., says: "After lying 36 hours in her coffin, Mabel Fearing, the 5-year-old daughter of C. M. Fearing, has been revived. The child was saved through the intervention of Dr. E. S. Norton, a relative, who was at the house to attend the funeral. Dr. Norton noted the rosy cheeks and unchanged appearance of the child and refused to permit the coffin to be closed. He called other physicians and an effort was made to revive the child. At last signs of stethoscope indicated a return of strong heart action. An hour later the child was sleeping in the arms of its mother. With proper care the child will soon be in an advanced convalescent stage.

FOUGHT FOR HONORS.

Spirited Boxing Contest Said to Have Taken Place in England.

New York, June 7.—At the National Sporting Club there has been a well-fought boxing contest for \$1500 between Bantamweights Jimmy Walsh of Boston and "Digger" Stanley of England, says an American dispatch from London. They boxed 15 rounds at 112 pounds to a draw. Despite the American's failure a month ago against the same opponent, he was favorite and much money was bet on him at 4 to 5. Walsh's weight was 111½ pounds, while Stanley tipped the beam at 110.

What Makes Popularity?

The futility of attempting to decide upon the particular character of stories in which the public is interested, to the exclusion of others, at any one time, has been demonstrated again and again. Even while the nature story, the tale of adventure or the romance of humble life may be in the highest favor apparently, there will suddenly begin a sale for a book of entirely different character and the chameleon property of popular attention be proved. A case in point is offered by two spring novels, "The Issue" and "Cadets of Gascony." The first, by George Morgan, is a thoughtful study of the days of Clay, Webster, Calhoun and Lincoln, cast in fictional form. "Cadets of Gascony" is a rattling story of French life of bygone times and the author is Burton F. Stevenson, already well known for his books, "At Odds With the Regent" and "The Holladay Case." The advance demand on each of these books was sufficient to compel the publishers to print a second large edition before the book was put upon the market.

A WOMAN'S BACK.

The Aches and Pains Will Disappear if This Advice is Followed.
A woman's back has many aches and pains.
Most times 'tis the kidneys' fault. Backache is really kidney ache.
That's why Doan's Kidney Pills cure it.

Many women know this. Read what one has to say about it: Mrs. Painter, wife of J. W. Painter, expressman, living at 310 East Seventh street, Portland, says: "I have had more or less kidney trouble all my life. When quite a young girl I had a severe spell of sickness, and all who knew me thought I was going to die. I finally recovered, but ever after my kidneys bothered me and I have suffered at times terribly. I could no more lie on my left side than I could fly, and could not stoop to pick anything off the floor without working hands on my hips. In addition to this myself up gradually by placing my there were headaches, dizziness and trouble with the kidney secretions, for all of which I doctored and used more than one remedy said to be a sure cure for such annoyances. Nothing brought me relief compared with that received from Doan's Kidney Pills. The results stamp that remedy as one fully up to representations made for it." Emphatic endorsement can be had right here in Astoria. Drop into Chas. Rogers' drug store and ask what customers report.

Sold for 50c per box by all druggists. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name—Doan's—and take no substitute.

If it is worth while to do business at all it is worth while to do a lot of it—and this means, always, a proportionate amount of newspaper space.

If your chest measure is 42, a 34 coat would be a little uncomfortable—and would cause some comment among your friends. Is your advertising expenditure cut too small for your business chest measurement?

DON'T GO TO ST. LOUIS

The "Force" of Herpicide.

NOTHING SUCCEEDS LIKE SUCCESS

Why is Newbro's Herpicide a success? Because it has the "Force" or capacity to produce an effect. What is the effect? The destruction of the invisible, vine-like, microbic growth that lodges in the sebaceous glands of the hair follicles, where its growth and development causes dandruff, itching scalp, falling hair, and later, incurable baldness.

Is Herpicide pleasant to use? Clear as crystal Newbro's Herpicide is the faintest, most delightful and refreshing application ever prepared for the scalp. It contains no oil, grease, sediment or dye matter. Careful people who now consider it a duty to use a scalp prophylactic, to insure cleanliness and freedom from dandruff contagion, prefer Newbro's Herpicide on account of its extreme purity, exquisite fragrance and refreshing quality.

Ladies, in particular, become enthusiastic over it, because it keeps the hair light and fluffy and gives it a silken gloss.
STOPS ITCHING INSTANTLY.

A Healthy Hair.

THE FIRST HAIR-SAVER.

Newbro's Herpicide is the first "Hair-Saver." It was not made until the microbic and contagious nature of true dandruff was discovered. Before this discovery, approaching baldness was considered inevitable, and after it came the scalp was treated with tincture of cantharides (made from dried blistering bugs) and other irritants to make the hair "grow." Every dermatologist now recognizes the fallacy of this treatment. Save your hair while you have hair to save. Kill the dandruff germ with Newbro's Herpicide and give nature a chance; marvelous results will follow.

MATERIALLY BENEFITED BY ITS USE.

"I have noticed a very material benefit from the use of Herpicide and believe it will effect an entire cure."
(Signed) C. S. MUDGE,
Baker City, Ore.

MARVELOUS RESULTS.

"I used a couple of bottles of Newbro's Herpicide with marvelous results. Dandruff disappeared and my hair stopped falling out."
(Signed) CLAUDE WATKINS,
Portland, Ore.

An Unhealthy Hair.
