

GREATEST IN ALL HISTORY

Battle of Liao Yang, Recently Fought, Enjoys Peculiar Distinction.

800,000 MEN WERE ENGAGED

Next Greatest Number Was Engaged at Gravelotte, Where 300,000 Men Took Part in Battle.

The battle between the Russians and Japanese at Liao Yang must be recorded as the greatest in the world's history in the point of numbers engaged. More than 400,000 were engaged on either side. A comparison with other great battles is interesting in this connection.

In the battle of Marathon, on September 28 or 29, 450 B. C., 11,000 Greeks defeated 110,000 Persians. The total losses in killed and wounded were 6490.

At Hastings, October 14, 1066, the Normans defeated the English. There seems to be no record of the numbers engaged, but the total losses in killed and wounded are placed at 30,000.

A giant photograph, 70 feet long and eight feet wide, the largest camera production that was ever made, is exhibited in the American photographic section of the palace of liberal arts at the world's fair. The number of families added by the committee was 427, which is three-fourths of the 569 families known to have been represented on the General Slocum at the time of the disaster. The disaster caused 129 men to lose their entire families. In all there were 12 families in which orphan children were left. The children left orphans in these 12 families numbered 27. Fifteen were under 15 years of age, and two others, although of adult years were defectives, and, for that reason, dependent. The other 19 orphans were over 15 years of age, and in most cases self-supporting.

It was found that \$29,000 would be required to meet the future needs of those who had been made to some extent dependent by the disaster, or had suffered so severely as to justify an appropriation in their behalf, leaving a balance of something over \$15,000 unappropriated. In reference to the balance remaining in the hands of the treasurer, and the \$20,000 already set aside for the future care of individual families, the committee has appointed a sub-committee to oversee periodical payments.

BOILS AND ERUPTIONS

Have been suffering from Impure Blood for many years, having Boils and other Eruptions. Having heard of S. S. S. I decided to try it, and am glad to say that it has done me a great deal of good. I intend to continue to use it, as I believe it to be the best Blood Medicine on the market. Cleveland, Tenn. W. E. DEXTERS.

For over fifteen years I have suffered more or less from Impure Blood. About a year ago I had a boil appear on my leg below the knee, which was followed by three more on my neck. I saw S. S. S. advertised and decided to try it. After taking three bottles all Boils disappeared and I have not been troubled any since. Geo. G. FERTIG, 114 W. Jefferson St., Louisville, Ky.

Newark, Ohio, May 23, 1905. From childhood I had been bothered with bad blood, skin eruptions and boils. I had boils ranging from five to twenty in number each season. The burning accompanying the eruption was terrible. S. S. S. seemed to be just the medicine, needed in my case. It drove out all impurities and bad blood, giving me permanent relief from the skin eruption and boils. This has been ten years ago, and I have never had a return of the disease. MRS. J. D. AHERTON.
