## CANDIDAT IS GREETED AT TACOMA

Fairbanks Meets With Rousing Reception at City of Destiny, Where He Delivered Address Last Night.

Driven to Tacoma Theater in Carriage Drawn by Four Milk-White Horses.

## CROWDS LINE THE STREETS

Overflow Meeting Is Necessary, Dolliver and Foster Making Speeches—American Party Names Ticket.

Tacoma, Sept. 30.—Speeches by Senator Fairbanks today were made at Prosser, North Yakima, Ellensburg, Cle-Elum and Agurn, and in Tacoma tonight. In addition to Senator Fairbanks, Senators Dolliver, Foster and Ankeny were aboard the train throughout the day, and all participated in the meetings. Foster presided over the meeting at the Tacoma theater and introduced both Fairbanks and Dolliver. The demonstration was brilliant. The senators were driven to the theater in a gorgeously decorated carriage, drawn by four milk-white horses, and were loudly cheered by the crowds which lined the streets through which they passed. It was impossible to accommodate all those who desired to attend the rally at the Tacoma theater and an overflow meeting was held at Lyceum theater, at which both Fairbanks and Dolliver spoke. They were enthusiastically received at both meetings and their speeches were liberally applauded.

## NEW PARTY NAMES TICKET.

Anti-Mormon Movement Selects Representatives at Salt Lake. Salt Lake, Sept. 30.—At a largely attended and enthusiastic mass meeting of sympathizers of the new American party movement held at the Grand theater tonight, the following state ticket, presented by the nominating committee appointed at the first meeting of the party two weeks ago, was ratified: Governor—William M. Ferry. Secretary of state—Walter James. Attorney general—Samuel McDowell. Superintendent of public instruction—Isaac N. Smith. Representative in congress—Judge Ogden Hiles. No nominees were presented for any judicial offices or presidential electors, these being purposely omitted from the ticket.

The world's total output was \$325,500,000 in gold and \$92,000,000 in silver.

## PAYNE IS CRITICALLY ILL.

Indications, However, Were That He Would Have Restful Night. Washington, Sept. 30.—The condition of Postmaster General Payne, whose serious illness was announced last night, continued extremely grave throughout the day. At times during the day, notably early in the morning and late this afternoon, the attending physicians believed that death was near, but the patient responded to the heroic remedies applied and seemed to regain some of the lost ground. Early tonight Mr. Payne fell into a restful sleep, which the doctors regarded as encouraging for a good night.

To Attend Hoar's Funeral. Lewiston, Me., Sept. 30.—Senator

Frye, president pro tem of the United States senate, today named the following senators to represent the senate at the funeral of Senator Hoar on Monday:

Senators Lodge and Platt of Connecticut, Hale, Dryden, Spooner, Beveridge, Foraker, McComas, Stewart, Cockrell, Bacon, Daniel, Gorman, Morgan and Blackburn.

## DOG GIVES LIFE TO SAVE CHILD.

Rushes Three Times Into Burning House for Little Boy.

Geneva, Sept. 30.—After escaping in their night clothes from a house on fire in St. Saphorin, Canton Yaud, a family named Pargier discovered that Henri, a boy of 4, had been forgotten. It was impossible for a human being to enter the house, which was enveloped in thick smoke. The father made two attempts, but failed, and then remembered his dog, a faithful collie. "Go and fetch Henri," he said, pointing to the house.

The dog immediately rushed up the stairs but returned terribly burned. A second and a third time the animal entered the house, and was then seen dragging out the child, whose clothes were alight. The boy was unconscious, but is expected to recover. Immediately the lad was safe, the dog rushed off to the woods, howling with pain. Its coat was burned off, and M. Pargier, borrowing a gun, followed it and put it out of its misery.

## NOTED CRIMINAL INSANE.

Saves Him From Imprisonment, Which He Has Never Suffered.

Boston, Sept. 30.—"Chapple" Moran, arrested in many cities and who had achieved a reputation as one of the most successful operators in his line during recent years, has been adjudged insane by a member of the state board of lunacy. This saves him from imprisonment in the state penitentiary at Charleston under his sentence for robbery.

Moran's operations for several years have been carried on in New York, Philadelphia, St. Louis and Chicago. He has been arrested repeatedly on charges of swindling by means of wire tapping and other well known tricks, but invariably escaped imprisonment.

## STUDENT DISAPPEARS.

Large Body of Searchers Make Effort to Find the Girl.

Chicago, Sept. 30.—A force of United States troops from Fort Sheridan, 200 students of Lake Forest college and many residents of the suburb, several in automobiles, began early today to search the woods for Frances Parkhurst, 15 years old, a new student at Ferry Hill, the girl school connected with Lake Forest college, who disappeared yesterday morning.

Miss Parkhurst when last seen was walking slowly toward one of the ravines that lead to the lake shore.

## SUTRO CAR RAN AWAY.

Several Passengers Were Hurling Violently to the Ground.

San Francisco, Sept. 30.—Four persons have been injured as the result of an accident on the Sutro Electric line. A runaway car went speeding around the curve just above the entrance to Sutro heights and eight passengers were hurled violently to the ground, some of them sustaining injuries that may result seriously. ## FIELD MARSHAL OYAMA HAS BEGUN HIS ADVANCE UPON RUSSIAN ARMY AT MUKDEN

All of Japanese Armies Are Active and Indications Point to a Renewal of Hostilities Immediately.

Mukden Dispatch States That Japanese Have Assumed Defensive and That They Have Fortified Themselves Northwest of Yentai Mines—Japanese Army Facing Kouropatkin Numbers 150,000 Men. With 630 Guns.

Field Marshal Oyama has begun his long-expected advance on the Russian army at Mukden, and a similar movement on Simintin is indicated by the fact that the Japanese have occupied Siaobe Yho, west of the Liao river. There is a concentration of Japanese forces near the Yentai mines and the advance lines are gradually pushing eastward. An undated dispatch from Kuroki's headquarters reports that the present Japanese military organization is as effective as at any other time since the war began. There is no definite news from Port Arthur. Changes in the Russian ministry of marine and in the naval commands are announced on high authority. The new head of the admiralty will be Vice-Admiral Doubasoff, an officer of wide experience and present head of the technical bureau of the ministry of marine.

## WILL TRY TO ESCAPE.

Mukden, Sept. 30.—A great change in the situation has occurred. The Japanese now appear anxious to take the defensive and have fortified a position northwest of the Yentai mines. According to the best estimates obtainable, the Japanese army confronting Kouropatkin comprises 144,000 infantry, 6300 cavalry and 630 guns, distributed as follows: One division at Bentslapute, two at the Yentai mines, four on the railway north of Liao Yang, one near Hlamadense and one at Sandepu.

Russian estimates place the strength of Kuroki's army at 76 battalions of infantry, 18 squadrons of cavalry and 376 guns; the strength of Oku's army at six battalions of infantry, 26 squadrons of cavalry and 242 guns.

Including reserves, Nodzu's army consists of 44 battalions of infantry, nine squadrons of cavalry and 120 guns.

## Port Arthur Fleet Means to Make Dash for Liberty.

Tien Tsin, Sept. 30.—Russian officers admit that it is the intention of the remaining Russian war vessels at Port Arthur to attempt to escape. They say they expected the movement a week ago and that it may be expected daily. Captain Matousevitch, the late Admiral Witthoef's chief of staff, who was wounded during the engagement of August 10 and who arrived here on the battleship Czarevitch, in a report on the engagement between the Port Arthur squadron and Togo, August 10, says that 24 officers and members of the crew were killed.

German warships are cruising outside of Tsing Tau daily, and it is believed that, if any of the Port Arthur fleet attempt to reach that port, it will be examined at sea, and, if found seaworthy, be advised to not enter the port.

## JAPS' ADVANCE BEGUN.

Are Admitted to Be Pushing Forward Along Whole Line. St. Petersburg, Sept. 30.—The war office at a late hour gave out a telegram from Sakharoff describing a successful onslaught on the Japanese advance guards. The Russians lost four men wounded, whereas the Japanese lost 20 killed or wounded.

Sakharoff further reports that the reconnaissance of September 29 showed that the Japanese force was concentrating in increasing numbers along the Yentai branch of the railroad, and that there was also considerable concentration of Japanese along the Taitae river, near Bensiapu.

Sakharoff's telegram as given to the press contains no mention of the developments on the eastern flank. It is admitted the Japanese advance already has been begun along the whole line, assuming its most active form in the east, whither Oyama continues to draft large forces. Operations are also in

## Admiral Doubasoff to Be Appointed Minister of Marine.

St. Petersburg, Sept. 30.—The organization of the navy, which was overshadowed by the Associated Press, begins with the announcement on the highest authority that Admiral Doubasoff is to be appointed minister of marine.

Admiral Avelan, whom he will succeed, is to be given an honorary post as chief of the Red Cross Society. Admiral Rojstvensky will return to St. Petersburg to assume active charge of the naval staff.

## MANY WILD RUMORS AFLOAT.

Reports of Riots at Odessa and Death of Czarevitch. St. Petersburg, Sept. 30.—St. Petersburg is full of rumors tonight. It is persistently said that riots have occurred at Odessa and that cavalry charges were necessary to disperse the crowds assembled at the station, shouting, "Down with the war!" when the imperial train arrived. Another wild rumor is that the czarvitch is dead. There is not the slightest foundation for these stories. The imperial infant is in the best of health.

## The Czar at Odessa.

Odessa, Sept. 30.—The emperor arrived here this afternoon. His majesty reviewed the troops. Thousands of persons lined the streets, and the whole city has taken a holiday.

## Japanese Cavalry Wants Oregon Horses.

Seattle Post-Intelligencer: Arthur S. Brace of Tokio, an Englishman, who has resided in the orient for several years, and who is in the United States for the purpose of purchasing several thousand head of horses for the Japanese government, for use in the present war for cavalry and artillery, passed through this city yesterday en route to Oregon, where he hopes to secure the greater number of the animals. He states that at the present time the Japanese army is urgently in need of the animals, the campaign up to this time having played havoc with the horses of the army. While Mr. Brace does not state that he directly represents the government in the purchase of the horses, he intimates that such is the case, but says the horses, if purchased, will be first consigned to private parties in Japan. He expects to remain in the states about a month.

## STOESSEL'S SUPERB DEFENSE.

Responsible for Decision of Japs to Go into Winter Quarters. London, Sept. 30.—The failure of the latest Japanese attempt to drive out the Port Arthur fleet and reduce the fortress led, according to the Daily Telegraph's Cherof correspondent, to the decision that the Japanese must go into winter quarters, the Japanese officers admitting Stoessel is making a superb resistance.

## LIBEL SUSTAINED.

Sequoia Must Pay Damages to Charles Nelson. San Francisco, Sept. 30.—United States District Judge Dehaven has handed down an opinion in favor of the libel in the case of Charles Nelson vs. the steamer Sequoia. The suit was for damages and demurrage by reason of the Sequoia having run into the steamer Cleveland, while the Cleveland was lying at Mission pier, in May, 1898.

ed to Admiral Chouknik, present chief of the Black sea fleet. Admiral Birtieff will be transferred from the Baltic to the Black sea squadron, while Admiral Veselago, Birtieff's assistant, will take charge of the Baltic port fleet.

The Telegraph's correspondent at Simintin says the Chinese authorities there have issued an order forbidding the sale of goods to the Russians, on the ground that it would constitute a breach of neutrality.

The Post's report of a general engagement in which the Japanese were victorious at Mukden is not confirmed from any quarter. It is probably an exaggerated version of the outpost affairs.

The dispatch from Mukden yesterday reporting that a serious collision between the opposing armies is regarded as imminent attracts great attention from the London press. It is thought certain the dispatch titillated by the military censors.

## RIOTS IN CHILE.

Valparaiso Strike Leads to Two Deaths. New York, Sept. 30.—Serious rioting has taken place in Teropilla from Valparaiso de Chile. It was caused by the men failing to secure the dismissal of a foreman. Later they attacked the police station with the intention of liberating the prisoners. A fight with the police ensued in which two men were killed. Strong reinforcements of infantry and cavalry have been sent to the scene.

San Francisco, Sept. 30.—United States District Judge Dehaven has handed down an opinion in favor of the libel in the case of Charles Nelson vs. the steamer Sequoia. ## WALCOTT IS OUT-FOUGHT BY JOE GANS

Welterweight Champion Stays the Twenty Rounds, However, and Referee Calls the Mill a Draw.

Gans Starts Off Well and Is Plainly Master of Affairs at the Conclusion.

## HAD WALCOTT IN DISTRESS

Crowd Did Not Fancy the Decision—Walcott's Right Arm Broken During Course of Furious Battle.

Woodwards Pavilion, San Francisco, Sept. 30.—Joe Gans and Joe Walcott, holders, respectively, of the lightweight and welterweight championships, fought 20 rounds to a draw tonight. The decision was not well received by many of the spectators, who seemed of the opinion that Gans should have been favored.

The fight throughout was furious. Gans started off like a winner, enjoying a decided advantage in the opening two rounds. After the second round, however, when toward the middle of the contest, Walcott employed his right almost exclusively to Gans' body and kidneys and gained a decided lead.

After the 10th round Gans succeeded in evading most of Walcott's vicious swings and forced Walcott to change his tactics.

From the 11th to the 16th it was nip and tuck, first one and then the other taking the lead. The tide turned in Gans' favor in the 17th round. In this round Gans met all of Walcott's rushes with straight rights from the shoulder and forced Walcott to fight back wildly.

The 19th round nearly saw Walcott's finish. Gans started with a tremendous right smash to Walcott's jaw and soon had Walcott in apparent distress. The 20th and last round was a repetition of the preceding round.

The decision of the referee was greeted with tumultuous hooting and hissing and cries of "Gans!" "Gans!" After the fight it developed that Walcott had broken his right arm.

## No Match for Sullivan.

Pendleton, Ore., Sept. 30.—Andy King of Walla Walla knocked out Kid McCoy of Brooklyn in the fourth round of a 10-round contest tonight. McCoy did not regain consciousness for 10 minutes after the knockout blow was delivered.

## Lasted Four Rounds.

Cincinnati, Sept. 30.—Mike Schrenck of Cincinnati knocked out Jack Beascholtz of Chicago in the fourth round tonight.

## Nearby-Long Fight Off.

Seattle, Sept. 30.—The Nearby-Long fight was called off this afternoon by the sheriff. It was given out that the Civic Union requested the sheriff to act.

## Odd Population Facts.

More than 2500 persons in the United States are a hundred years or over. There were 200,394 persons who could not tell their age to the census takers. There are more persons six years old in this country than any other age, 1,832,618. The census men counted 153,000 babies under one month of age. Thirty is a fatal age. There were 1,465,256 persons who were 30 years old, and only 856,875 who were 31 years old, a falling off of more than 600,000.
