### SETTLED AFFAIRS IN CAUCUS

### Miscellaneous of Bills Introduced in the House, Including One Providing for a 2-Cent Fare on All Railways in Oregon.

Dr. W. H. Kuykendall of Eugene was elected president of senate yesterday on the 65th ballot after one of the hardest contests in the history of the senate. The choice was the result of the concession by the Kuykendall forces of some coveted committee assignments.

Salem, Jan. 10.—The senate convened at 10 o'clock. Eight ballots were taken for president of the senate without election. On the 63d ballot there was apparent dissatisfaction among the members. Carter and Rand held a consultation, and when Rand made a motion to adjourn, the impression prevailed that the deadlock would be broken. The senate adjourned until 5 o'clock. A conference between the Carter and Kuykendall forces was arranged for. A caucus of the Carter forces was held and after several hours discussion, it was decided that if the Kuykendall forces would concede certain assignments of committees, the Carter men would go into caucus. The matter was presented to Kuykendall and acquiesced in. A caucus of all the republicans was immediately called, which lasted about a half an hour. The senate reconvened at 5 o'clock, when Carter thanked his friends for their support and withdrew in favor of the Lane county senator. The 65th ballot was taken resulting in 25 votes for Kuykendall and 5 votes for Walter Pierce of Umatilla, democrat. Kuykendall was declared elected by Temporary President Brownell and the deadlock was broken. The senate immediately adjourned.

### INVOLVES NICE LAW POINTS

### Contractor Meehan Says That He Will Keep the \$150,000 That Was in the Iron Box—One of Heirs Incredulous.

New York, Jan. 10.—Who will get the treasure, said to be valued at \$150,000, said to be found in an old rusty box under the site of the old Macy mansion in the Bronx is a question that may put to test some nice and novel points of law. Contractor Meehan, who recently purchased the land from the estate of the late Theodore A. Macy, still holds the box in his possession and does not believe the Macy heirs have any rightful claim to its contents. One of the principal heirs of the Macy estate expressed considerable incredulity over the story, or at least that the box belonged to his family, on the ground that his father's house was built in 1869 and the box could only have been placed where it was found before the structure was erected, unless some one dug underneath.

### Woman in Jail Tells Startling Story on Baddeley.

San Francisco, Jan. 10.—Minnie Sager, who was arrested tonight on complaint of B. F. Baddeley, on a charge of bigamy, made a statement to Captain of Detectives Burnett after her incarceration in which she accused Baddeley of being a member of a band of five train robbers which robbed trains in New Mexico, Missouri, Arkansas and Colorado. She says the gang operated in the summer months and spent the winter in California. All the robberies, she says, were committed on the Denver & Rio Grande and Iron Mountain railroads. Baddeley denies the story, but is held by the police on suspicion.

### MURDERED FRIEND.

### Wm. Deppe Killed by His Partner in Alaska.

Seattle, Wash., Jan. 10.—Word was received in this city today of the killing of Wm. Deppe, by Robert Ball on Fox island, in Southeastern Alaska, January 2. The principals in the tragedy were friends and associates in marble properties until a few months ago, when they had a business disagreement. Since then they have been bitter enemies and it is said each made threats to kill the other.

### Cheered Bill.

Lafayette, Ind., Jan. 10.—Several national leaders among the democrats and many prominent state democrats spoke tonight at the Jackson Day banquet. Following the feast there were addresses in which William J. Bryan received the largest share of applause, but National Chairman Taggart was also accorded an ovation.

ene said in an interview that the president informed them while he did not believe in a sweeping revision, yet he did think the time had come when schedules should be examined and a readjustment made as to certain of them. On another question, that of legislation relating to interstate freight rates on railroads, the president's mind is made up. He will fight for that legislation, and fight hard. He hopes to secure from congress definite action along the lines of recommendations already made by congress on that question.

San Francisco, Jan. 10.—A strike of sailors when the vessel on which they are employed is in imminent danger of destruction is a novel phase of the labor question brought to light today during the investigation into the disaster to the steamer Lakme in crossing Humboldt bar. When it appeared as though she was about to go to pieces, Captain Carlson ordered the crew to jettison the deckload in order to right the vessel. The sailors went on strike and refused unless the captain would agree to pay overtime. The captain stated the crew was all foreign.

### Matter Referred to a Committee Which Will Report Today—Wool Growers and Western Cattlemen Hold Two Important Meetings.

Denver, Jan. 10.—A hot fight broke out in the ranks of the National Livestock Association today over the question of whether or not railroads and packers are to have representation governing the board of the association. President HagenbARTH was in favor of the plan and urged it strongly. Those opposing the idea assert that the railroads and packers have, by working together, deprived the western stockmen of good prices for their cattle; that their interests are not identical and they should not be allowed to have a voice in the management of the affairs of the stockmen. Those who advocate the plan declare the wider scope of the organization results in greater power and differences disappear in a community of interest. The plan of reorganization was referred to a committee of three for each industry affiliated in any way with the raising of livestock. The committees met as a whole tonight and will report tomorrow to the general convention. The convention of the National Wool Growers' Association was held this afternoon and all the old officers and members of the executive committee were re-elected. Papers were read by Jams Rae of St. Paul, D. J. Osborn of Denver and Dr. J.M. Wilson of Wyoming. A meeting of the western cattlemen was also held in the afternoon and a number of papers read on the problem of controlling cattle scabies.

## MANY WERE KILLED

### FOURTEEN LIVES FOR ONE

### Twenty-Eight Natives the Price Paid for the Death of Lieutenant Jewell and One United States Private—Several Wounded.

### Manila, Jan. 10.—In an engagement which took place on January 8, 28 refractory Moros on the island of Jolo, Lieutenant James Jewell and one private of the Fourteenth United States cavalry were killed and Second Lieutenant Roy W. Ashbrook of the Seventeenth United States infantry, Captain Halstead Dory of the Fourth United States infantry, Second Lieutenant R. C. Richardson of the Fourteenth United States cavalry and three privates were wounded. The action was an incident in connection with the capture of a fort held by the Moro outlaws which Major Scott, governor of the island, had attempted to secure by peaceful means, several months ago. Recently, while attempting to secure peace on the islands the kindly means taken by Major Scott were mistaken by the surrounding Moros and trouble brewing necessitated forcible action. The Moro leader has been killed and the fort has been destroyed. The American troops were assisted by the gunboat Quiros, in command of Lieutenant Walker.
