Fined For Assault.—In the police court yesterday afternoon B. Bannet received a fine of \$5.00 for assaulting Joe Mitchell. The trouble arose over the delivery of a bill of goods made by Bannet to Mitchell, who alleged that the goods were not what he ordered. A quarrel ensued yesterday morning when the goods were in the process of being returned and some hard names were used on both sides. Blows might have followed had not bystanders interfered. Mitchell immediately filed a complaint with the police and hence the trial and sentence. At the close Mitchell was given a severe lecture by Deputy City Attorney Spittle for his too eloquent flow of verbiage on the streets, and warned to abstain from such vehement expressions in the future. Howard Brownell appeared in behalf of the prosecution, and C. J. Curtis for the defense.

Failed To Connect.—Last evening, as the steamer Alliance was about to leave for Portland, a sailor armed with inseparable "ditty-bag" clambered aboard over the forward rail, with the intention of taking a free ride up the river, but was discovered and promptly hustled back to the dock, sack and all; but as he was pitching his bag ashore it slipped from his hand and fell into the bay, and in his effort to save it, he, too, went by the board and "landed" in the water. Plenty of rope was at hand in an instant and he was soon back on the pier, casting about for a boat to go after his damage. He might have made the Portland trip all right, but word was passed to the officers that he was a union agitator, hence his hurried and disastrous withdrawal from the ship.

Funeral Today.—The funeral of the late Martin Olson, who worked in a logging camp at Gray's River until a few days ago, when he was taken to the St. Vincent's hospital in Portland suffering from typhoid pneumonia, from the effects of which he died last Sunday, will take place this afternoon from the Pohl funeral parlors at 1:30 o'clock. The services will be in charge of the Scandinavian Benevolent Society, Rev. Rydquist will officiate. The interment will be in Greenwood cemetery. The deceased was 35 years old, unmarried and has been a resident of this city for the last 15 years. He was a native of Sweden.

Titles That Passed.—The following deeds were filed at the office of County Clerk Clinton, among a lot of others, destined for the public records: William Beck, executor of the estate of Charles Stoll, deceased, to John Chitwood, warranty, \$500, block 8, Olney's addition to Astoria. The United States to Edwin J. Elliott patent, 160 acres in section 33, T. 5 N., R. 9 W. Andrew Svensen and wife to the Seaside Spruce Lumber Company, warranty, \$1000, 160 acres in section 8, T. 5 N., R. 9 W. Walter J. Falcomer to the Astoria Abstract & Title Company, warranty, \$25, the N. E. quarter of section 24, T. 4 N., R. 6 W.

Getting Along Finely.—R. E. Elvers, the theatrical man who has the agreement with the Messrs. Fisher, for the rebuilding and lease of the Fisher opera house, reports that he is succeeding admirably with his quest for subscribers for the opening night, having secured nearly one-half of the \$2000 he desires, and will steadily prosecute his plans, and has no thought of disappointment. He will give his personal services in the work of building the new house and as he is a practical theatre man, that means much for the new enterprise.

Preparing For Run.—McGowan and Lane have employed Contractor Lebeck to pull out a lot of old traps on their northshore traps and drive a new one, and he has sent a gang of men to start the initial process of tearing out the old piling and will send his steam driver and another gang in a few days to complete the work.

Full Measure Light.—The seventy new lights now being installed at the street intersections of the city, by the Astoria Electric Company, are the "best ever" in the experience of this city. They give a keen, clear, brilliant light of much greater radius than the old ones and are appreciated by everyone.

FOR NEW CHARTER

New Astoria Charter Commission Holds First Session.

UTMOST HARMONY DISPLAYED

Seventeen Members of Newly Appointed Charter Commission Are Present—Mayor Wise Elected Chairman—Olof Anderson, Secretary.

The newly appointed charter commission, met last night in the city hall, there being seventeen members present of the nineteen citizens named. The two men absent were Messrs. Scholfield and Holmes, who were unavoidably detained. Much interest was manifested by all present, and a spirit of harmony, which augurs well for the future success of the commission, was displayed.

The meeting last night was simply to perfect an organization, and nothing was done with regard to the charter. Mayor Herman Wise, called the meeting to order, and City Auditor Olof Anderson was called to act as temporary chairman. The first business was the election of a permanent chairman, and secretary. Thomas Dealey nominated Mayor Wise for chairman, and he was made the unanimous choice of the commission for this position on motion of Hon. J. C. McCue.

City Attorney Smith then placed the name of Olof Anderson in nomination for secretary. Mr. Anderson declined with the excuse that he was already overburdened with work, and J. V. Burns nominated J. C. McCue. Mr. McCue entered the same plea, as Auditor Anderson had done. In view of this, Auditor Anderson was persuaded upon to accept the secretaryship. After speeches had been made by all those present stating their views in regard to the method of starting in on the work ahead, City Treasurer Dealey moved that a committee consisting of Messrs. A. M. Smith, J. C. McCue and Frank J. Taylor, be appointed to draw up rules of procedure for the commission to go by, and to be prepared to submit their report at the next meeting. The motion was carried.

Councilman Logan then moved that the next meeting of the commission be on Friday, July 6th at 7:30 o'clock, which motion was also carried. There was considerable discussion concerning what nights the commission should select as the regular meeting nights, and it was finally decided to meet on Wednesday of each week, and when it was found necessary to meet oftener, the commission could decide on another night later.

From the general trend of opinion as revealed in the speeches it was shown that a majority of the commission favored taking the present city charter and going through it section by section and such defects as it could, and then find the remedy. It seemed to be thought that by proceeding thus most could be accomplished in the quickest time. The city charters of the different cities on the coast will be procured and looked over in the hope of finding provisions suitable for Astoria. At the conclusion of the meeting all the members of the commission present were given copies of the present city charter to read and familiarize themselves with its provisions.

All The Rage.—The new sea-pier at Moore's Hotel at Seaside, is scarcely finished before it is famous. It is the most popular place for the fishers down there, fishers of fish and fishers of men, and the suckers are responsive to all hooks. Mr. Moore carried the pier out 200 feet further than he originally intended and left off the "T." Its dimensions now are, length, 700 feet; width, first 600 feet, 16 feet; last, 100 feet, 25 feet. The T wharf will be added next year. Contractor Lebeck reports that Theodore Kruse, of Gearhart Park, is almost persuaded to put in a 1000 feet of pier at that famous watering place next season.

Welcoming Honors.—This evening at the First M. E. church, the members of that congregation will have a social in honor of Rev. C. C. Rarick and his family, to which all the younger members of the church are especially invited as well as the elders. After the social pleasures of the evening, refreshments will be indulged in and the hand of welcome given to the new pastor and his estimable household.

ASTORIANS AWAY FROM HOME.

How They Behaved at the Red Men's Convention.

The Marshfield Advertiser has the following to say of some of Astoria's delegation to the Red Men's Convention that recently convened in that city:

"Dr. H. L. Henderson was one of the happiest and most pleasant visiting Red Men in this city the past week. Dr. Henderson is not only blessed with a long membership of the Imp. O. R. M. but he is known far and wide for his long flowing and well groomed whiskers. Most of the time he delicately hides these behind the folds of his vest but on all state occasions, parades and spreads, like 'old glory' he lets his

hirsute appendage wave merrily on the breeze. No one drew the attention of our citizens more than did Dr. Henderson and the secret of his charm was his beard. Those who did not become acquainted with the doctor became acquainted with his beard.

"Among good story tellers to be in attendance at the Grand Council of Red Men in this city the past week, none were more interesting than our friend, Thomas Dealey, the city treasurer of Astoria. He is also a noted whist player, and able to do the combination turn of story telling and whist playing both at the same time. Some few years ago he resided on Coos Bay being a guest at the Central hotel and he is a very staunch friend of Coos Bay."

Following the Flag.

When our soldiers went to Cuba and the Philippines, health was the most important consideration. Willis T. Morgan, retired Commissary Sergeant U. S. A., of Rural Route 1, Concord, N. H., says "I was two years in Cuba and two years in the Philippines, and being subject to colds, I took Dr. King's New Discovery for Consumption, which kept me in perfect health. And now, in New Hampshire, we find it the best medicine in the world for coughs, colds, bronchial troubles and all lung diseases. Guaranteed at Charles Rogers, druggist. Price 50c and \$1.00. TUTORING, SCHOOL AND COLLEGE WORK.

Charles F. Chessman, A. B. Harvard, 559 Franklin avenue. Phone Black 2481. 6-24-3t.

Commence Work.—Actual work of constructing the electric line between this city and Seaside, it is learned, will probably begin in a very few days. The surveying has been completed by County Surveyor Astbury, and the Seaside Spruce & Lumber Company has been given the contract for furnishing the ties to be used in the work. The promoters state that it is their intention to have the line completed from Seaside to Gearhart within the next 60 days, and ready for operation. By next summer it is hoped and expected to have the entire line finished, and cars in operation between Astoria and Seaside.

Quiet Day in Court.—Hon. Thomas McBride returned on the noon express from his up-river home yesterday and resumed the bench in the circuit court of Clatsop, but there was a small grist of business presented for his consideration, to wit: In the matter of Mary M. Suprenant vs. Mary W. Twilight, the motion heretofore filed to make complaint more definite and certain, was over-ruled; and in the case of Nellie E. Parker vs. E. P. Parker, an order was made setting the case for hearing on Thursday, June 28. An adjournment was taken until this morning.

An Apt Recognition.—Mayor Wise intends, when the pending hotel matter is duly and happily closed by the erection and opening of the new and handsome hostelry in this city, to have the full roster of the promoters of the enterprise engraved upon parchment, elegantly framed, and hung in the lobby of the house, at his own expense, as a mark of his personal appreciation, and a tribute to the people who have made the undertaking a patent success.

Entertainment Wednesday.—A very pretty entertainment will be given by a number of young girls at the Salvation Army hall, Thursday evening. The program will consist of Indian club, United States flag, tambourine and hoop drills, illustrated songs, recitations, solos, living Bible pictures, etc. There will also be the representation of many different nations, by the girls, in native costume. Admission, 10 cents. 6-26-3t.

Was The Last One.—The Astorian of yesterday was mistaken in reporting Sunday's excursion from Portland. It was the last of the series, and the new excursion special starts its service next Saturday, instead of July 7th.

Condition Serious.—The condition of Henry Schmidt, injured in a logging camp at Gray's River Saturday, is still serious, but hopes are entertained for his ultimate recovery.

T. Crimmins returned last evening from Bandon, on the steamer Alliance. He went down there to oversee the installation of a boiler in his cannery at that point, and reports things progressing nicely in and about the Coos Bay country.

Dr. H. L. Henderson was another Astorian reaching home from Marshfield on the Alliance yesterday evening, and he says all a man could say in the matter of Coos Bay hospitality as he found it, at the hands of his Red Men brethren, who, he says, acted more like "white men", and the whitest white, at that.
