

TO SHOW UP WILLIAMSON

Henry Will Expose Congressman's Record.

IS DEEPLY INVOLVED

Government Prosecutor Will Show Williamson's Complicity in Big Frauds.

SUBPOENAS TO BE ISSUED

Henry Will Summon Witnesses and All Evidence Introduced at Williamson's Trial Will Be Again Brought Forth.

PORTLAND, Sept. 7.—Congressman Williamson's connection with the Blue Mountain reserve case will be gone into fully before the end of the trial of Senator Mays, W. N. Jones and George Sorenson, Judge Hunt said yesterday that if stronger evidence to prove Williamson's connection with the case were not presented he would feel constrained to direct the jury to ignore that already offered. This remark and the objections of the defense to the evidence introduced to show Williamson's connection with the case determined Special Prosecutor Henry to throw down the bars and let in the entire case as proved against the convicted congressman at the time of his trial with Dr. Van Gesner and Marion R. Biggs.

Mr. Henry put two of the witnesses used at the Williamson trial on the stand today. The defense objected to their testimony on the ground that the order of proof was not regular. Mr. Henry then withdrew the two witnesses and asked that their answers to certain questions be stricken from the record. "We will prove this case from beginning to end," said the special prosecutor.

He then directed Irwin Ritenhouse to tell Special Inspector Neuhause to issue subpoenas for all the rest of the witnesses in the former Williamson trial. Evidence was introduced against Williamson at last night's session by the testimony of Dr. Andrew C. Smith, of this city. The testimony of Dr. Smith went a long way toward establishing Williamson's connection with the scheme. His story was that in 1902 Williamson approached him and sold him a one-third interest in 13,000 acres of school lands. He told him there was a likelihood of a forest reserve being created and when asked how he knew said he was in a position to know. Dr. Smith testified that he lost over \$2,200 in the deal. The certificates for the land were placed in trust in the Hibernia bank of this city and have since been canceled by the state.

Along the same line with this testimony was that of Senator Sig Sichel, this forenoon. He testified that Williamson sold him his third of the school land certificate in 1902, for which he gave him two checks, amounting in all to \$2,200. Williamson pointed out to him, so the witness said, that by an act of the Legislature, increasing the price of school land from \$1.25 to \$2.25, the land had nearly doubled in value. Caught by such argument as this, Mr. Sichel turned over the checks and the deed was done. Absolved from the burden of holding the school land certificates, Mr. Williamson afterward, it is alleged, forwarded to Washington the protests against the creation of the proposed reserve.

WILL RESIGN PRESIDENCY. Patrick Calhoun to Give Up Direction of United Railroad Affairs.

SAN FRANCISCO, Sept. 7.—The Chronicle says today: Patrick Calhoun, president of the United Railways, will resign from that office within the next two weeks and Thornwell Mullally, now acting as assistant to the president, will be elected to the office of president by the board of directors. Although this has not been officially announced, it is not denied by the officials of the United Railways. Patrick Calhoun has interests all over the United States and the San Francisco system does not comprise one-third of his interests. As president of the United Railways Investment company he has charge of the United Railways of Pittsburg, lines in Cleveland and in some of the important cities of the South. To oversee this tremendous system takes a great deal of time, and as San Francisco is somewhat removed from the field of operations, he has determined to turn over the guidance of the local system to Thornwell Mullally, who has had the practical charge of it since last February. Although Calhoun will step down from the office of president, he will still be a member of the board of directors and will have a big interest in the affairs of the company.

QUADRIVUM CONTINUED.

ROME, Sept. 7.—The Quadrivum of the congregation of the company of Jesus continued yesterday. The only report which has leaked out was to the effect that the election of the order to succeed the late Father Martin would be held tomorrow.

HIPPLE WAS FORGER

Signed Notes on Many Prominent Business Men.

SECURED QUARTER MILLION

Receiver Earle Discovers Deceased Banker Forged Names of Philadelphia Business Men—Presbyterian Church Out \$30,000.

PHILADELPHIA, Sept. 7.—Forgeries for more than a quarter of a million dollars by the late President Hipple of the defunct Real Estate Trust company, have been discovered by Receiver Earle. The latter made this statement late tonight, adding that he had no idea where Hipple's villainy would end. Hipple in order to meet his overdrafts used the names of some of the most prominent business men of this city on notes, which in some cases amounted to \$150,000. The president had taken copies of the signatures of a number of business men, while their checks or negotiable securities passed through his hands. When pinched for money to meet the overdrafts or some big Segal loan, Earle said, as a last resort, Hipple would draw up a note with a forged signature attached. This he would take to the cashier or paying teller, saying he had personally made the loan and it was discounted. With the amount to his credit he would satisfy the pressing claim. Earle said tonight that in order to accomplish the reorganization of the trust company, he would accept the presidency if the depositors demanded.

It developed today that the last state examination of the trust company was made by Banking Commissioner Reeder in 1902. Robert McAfee, state banking commissioner from 1903 to 1903, made no examination and Commissioner Berkeley, who succeeded McAfee, also failed to examine the institution. The commissioners and two expert accountants who were appointed yesterday, announced today that they had found the trust estates to be intact. The trustees of the General Assembly of the Presbyterian church announce their entire loss through the malfeasance of their late treasurer will not exceed \$30,000.

BRYAN GIVEN A BIT REPLY

Sullivan Answers Attack With Bitter Words.

SHARP ACCUSATIONS

Nebraskan Charged With Dishonesty Insincerity, and Untruthfulness.

BRYAN'S CHARGES DENIED

Open Challenge to Prove His Words Issued to Bryan—Says Bryan Made Money Out of Politics in Speeches.

NEW YORK, Sept. 7.—National Committeeman Roger C. Sullivan of Illinois tonight issued a lengthy statement, replying to Bryan's recent remarks on him. Sullivan says he regrets this or any circumstance tending toward discord in the Democratic party. He declares that Bryan's speech at Chicago, if it means anything, means that Bryan will have his own way rather than have the Democratic ticket win. If though the disaffected Democrats in Illinois, Republicans are returned to Congress in the close districts, the Democratic party of the nation will have Bryan to thank. Sullivan takes up at length each charge made by Bryan seriatim and denies them.

Makes Serious Allegation.

He accuses Bryan of dishonesty, insincerity and untruthfulness, both in his attitude toward the Illinois Democracy and in his speech about Sullivan. "The very first paragraph," Sullivan says, "in Bryan's speech on me and the Illinois situation contains a deliberate untruth. Practically every succeeding paragraph contains another deliberate untruth or equivocation of the kind we may expect only from a shifty word-juggling pettifogger."

In upholding his contention that he was entitled to a seat in the last national Democratic convention, Sullivan says Bryan and his associates made the statement that some five hundred delegates in the Springfield convention signed petitions or letters repudiating the action of that convention. "They never," Sullivan continues, "presented any such number to the credentials committee of the national convention. They presented some, it is true, but the other side at the same time, presented telegrams and affidavits certifying that nearly all the signatures presented by Bryan and his associates were forgeries."

Impugns Bryan's Party Fealty.

Sullivan accuses Bryan with having advised his particular friends in Illinois to bolt the Democratic ticket and asks: "Is this the measure of Bryan's party fealty? Is this the way Bryan proposes to help elect a Democratic congress?"

To Bryan's charge that Sullivan makes money out of politics and the inference that making money out of politics is wrong, Sullivan responds that Bryan should quit making money. "Bryan has not one dollar that he ever made out of anything but politics. He tried to be a lawyer. He was a failure at it. He tried to be a newspaper editor. He was a failure at that. As fortunes go, he is a rich man. He made every dollar out of politics as a stepping stone to the lecture platform."

In It For "Gate Receipts."

Sullivan says that Bryan is in politics because it helps his "gate receipts." "Like actresses who have discarded the stolen diamond dodge for the great-

er publicity of a divorce suit, Bryan will quit running for president and quit politics just as soon as he discovers some other form of advertising that will bring more dollars to the box office, when he is announced to speak on the stage.

Sullivan concludes by challenging Bryan to poll the delegates to the convention two years ago, under the direction of the supreme court of Illinois, and if the majority of these delegates say Sullivan was elected by fraud, then Sullivan will resign from the national committee. If Bryan's charge is false then he will insist that Bryan announce he is no longer a candidate for President.

DEADLOCK PROBABLE

United Railways Refuses to Recognize Closed Shop.

CALHOUN STATES POSITION

Says He Will Not Discharge Any Employee Who Does His Work—Only Twenty Men Affected by the Question.

SAN FRANCISCO, Sept. 7.—As a result of today's developments there is a prospect of a deadlock between the United Railways and its employees. An unexpected complication has arisen tonight through the demand of the employees for a recognition of the closed shop, which President Calhoun has refused to concede. In his reply Calhoun states he cannot make it too clear that he will not discharge any employee who faithfully and efficiently performs his work to make place for some one else. This fact, however, does not in any way affect the men returning to work. He adds, there are only about twenty men affected by this question, and he trusts some way will be found to avoid further trouble.

RETURNS TO WASHINGTON.

SEATTLE, Wash., Sept. 7.—Colonel Chamberlain of the Inspector General's Department at Washington, who has been in Seattle investigating the charges of conduct unbecoming an officer, preferred by John E. Ballaine against Col. Glassford of the U. S. Signal Corps, leaves for the east tonight. A large number of witnesses have been examined. Ballaine claims that Glassford held up dispatches filed in the Seattle office for his paper at Seward.

NO PROSPECT FOR PEACE

GUERRERA VERY ACTIVE

Armistice Proposal Answered By Destruction of Bridges. Capture Town.

TAKE SAN JUAN DE MARTINEZ

Insurgents Capture Town After Fight—Railroad Traffic Is Suspended—Schooner Captured by Government Gunboat with Arms.

HAVANA, Sept. 7.—All peace overtures are blocked by the refusal of Guerrero to enter into any arrangements for an armistice. Guerrero's answer to the government's announcement of an agreement to grant a ten days' armistice is the blowing up of two bridges on the Western Railway and an attack on San Juan de Martinez. It is said tonight that San Juan de Martinez is in the hands of the insurgents, and the garrison consisting of 100 recruits and a small force of rurales, has been defeated or captured. The fact that other leaders of the insurrection are willing to agree to an armistice, can have little effect so long as Guerrero is determined to prosecute the war, and there is slight doubt in any quarter that Guerrero can control the situation in his own regino.

His force is reported by all those who have visited him to range from three to four thousand men, all well mounted and some well and some indifferently armed. The government force opposing numbers 2,200 men and three machine guns. Guerrero refused point blank to accept an armistice, unless the last presidential election and congressional election shall be annulled. That the government will consent to this is out of the question, and tonight prospects are for a continuance of the war. Manager Livesey, of the Western Railway tonight informed the Associated Press that a special train carrying machine guns to Pinar del Rio turned back at Las Sovras, where it was found a freight train preceding it had been held up by the rebels. The troop train was unable to pass and after exchanging fire with the rebels, returned to Las Falicas.

DEPEW WILL RETURN.

When Congress Meets in December Chauncey Will Be There.

NEW YORK, Sept. 7.—The Tribune today says: When Congress meets at the beginning of next December, Senator Chauncey M. Depew will be found in his seat. This assurance was made yesterday by a member of his family. "Senator Depew's recovery has been slow, but the gains he has made have been held," he said. "At no time within the last year has he been in such good health and spirits and the doctors assert that if the improvement continues he will be equal to the strain of another session of Congress."

For several months Senator Depew has been in retirement at his home at Dobbs Ferry. The nature of his malady has never been made known, but was generally understood to have been in the nature of a nervous breakdown.

PRACTICE EACH MORNING.

PUTNEY, Engand, Sept. 7.—Both the Harvard and Cambridge crews were out for brief periods this morning.

SURVEY COMPLETED.

Survey for Southern Pacific's Extension in New Mexico is Done.

SAN FRANCISCO, Sept. 7.—The engineering department of the Southern Pacific company under the direction of Chief Engineer Hood, has just completed the maps of the survey of the company's proposed extension in Mexico, from the border to Guadalajara, which will be forwarded to President Diaz, for his final approval.

Part of the new route from Guaymas southward to Trino along the Yaqui river, a distance of about 100 miles, has already been completed and the company's forces are now bending every energy toward hastening to completion a part of the road northward to effect connections with the Rio Yaqui and Pacific and Southward to Alamos on the line to Guadalajara.

The Southern Pacific company expects to increase its construction force on the extensions to between 6,000 and 7,000 men as soon as the Mexican government sanctions the construction and recently surveyed lines.

QUADRIVUM CLOSES.

ROME, Sept. 7.—Although the Quadrivum of the congregation of the Company of Jesus, preparatory to the election of the general of the order in succession to the late Father Martin closed today, the delegates remain in seclusion until after the election, which takes place tomorrow. The last reports seem to indicate the choice for general will fall upon Father Rudolph J. Mayer of St. Louis, but so much secrecy surrounds the doings of the congregation that all predictions are likely to fail.

REVOLT IN MOROCCO

Anfloos Kaid Seizes the Town of Mogador.

THREATENS TO BURN TOWN

Berber Chieftain Demands That All the Jews Shall Retire to the Ghetto or Suffer the Consequences

LONDON, Sept. 7.—A dispatch from Tangier to the News agency states that the consular corps at Mogador, Morocco, has telegraphed the Spanish minister here that Anfloos Kaid, with 300 men, has entered and taken possession of the city. The governor with a few guards holds Kaisbah, which Anfloos intends to attack.

Newspapers here contain little news of the revolution in Mogador. Anfloos Kaid is reported to have seized and threatened to burn the town, whereupon a meeting of foreign representatives was called and appeals made to Mohammed Ilitoros, who is sending troops.

The French cruiser Gallilee will afford refuge to all foreigners wishing to leave Mogador. According to a dispatch to the News agency here the raiders committed many excesses and several were killed and the Jewish community compelled to retire to Mellah. The Times' Tangier correspondent says dispatches from Mogador dated Sept. 4 declared the Berber chief had entered the town and demanded that all the Jewish merchants, many of whom are proteges of European powers, should retire to the Ghetto, and upon their refusal threatened to seize and burn their effects.

SKELTON UNDER FLOOR.

SAULT STE MARIE, Sept. 7.—Under the floor of a hut occupied by a hermit named James James, near here, the skeleton of a man was discovered today. The hermit committed suicide last night and the authorities in searching the place in which James had lived alone for years, made the ghastly find.
