It has been incorporated with a capitalization of \$18,000,000, of which \$6,000,000 is preferred and \$12,000,000 common. F. M. Harrison, who is a director of the American Distributing company a subsidiary of the Distillers' Securities, is slated for the presidency.

The organization of the company was foreshadowed two weeks ago in a statement given out by Dittenhoefer, Gerber & James. In the statement the law firm said it had been retained by a large stockholder of the Distillers Securities to prevent the new company from absorbing the denatured alcohol business of the company, on the ground that the holders of the Distillers stock would suffer. A representative of the firm said yesterday he had just heard of the formal organization of the company and had communicated with the firm's client. The action, he said, would be begun unless the client changed his mind.
