

L. T. COOPER MAKING A FORTUNE

PHILANTHROPIST'S SUCCESS IN ST. LOUIS IS PHENOMENAL—HIS STATEMENT NOW FULLY VERIFIED.

ST. LOUIS, Oct. 29.—The remarkable results that are being accomplished in St. Louis by L. T. Cooper have become a topic of universal interest during the past week.

Reports that preceded his visit to this city told of Mr. Cooper's great success in the east. But the man and his medicines did not attract widespread attention until the beginning of his second week here. Then, the interest in him became very noticeable and has steadily gathered headway until his preparations are now being sold in enormous quantities and his headquarters is a most interesting place in which to spend a half hour.

People are coming from all parts of the city to see him. The young man and his assistants are surrounded by swarms of humanity from early until late—some to tell what has been accomplished for them by the Cooper medicines; others to buy the remedies.

Perhaps nothing has done more to arouse this interest than Mr. Cooper's statement concerning internal parasites or tapeworms, as they are commonly called. At the commencement of his visit to this city, he claimed that these creatures were responsible for much of the ill health of this generation; he claimed that a large percentage of all chronic stomach trouble was caused by them; he stated that his "New Discovery" medicine would prove this theory to be correct, as it would remove hundreds of these tapeworms before he left the city.

These statements seem to have been completely verified. During the past two weeks hundreds of people who have been taking the Cooper preparation for some form of stomach trouble have been relieved of one of these parasites. In consequence, Cooper and his theories have been growing into greater prominence each day.

Mr. Cooper's statement that a general lassitude was the surest indication of this trouble seems to be correct. Statements by people who have had this experience seem to be very much alike. All saying that a feeling of extreme weariness and a lack of energy which they attributed to stomach trouble, had afflicted them.

A statement of this character, which is almost identical with all those given by people who have had the same experience, is as follows:

Mrs. E. Prengel, living at 4040 St. Ferdinand street, who was relieved of one of these parasites by the Cooper preparation, when seen by a reporter, said:

"I have been in poor health for six years. I was in a general run-down condition; I attributed this to stomach trouble, as I had a very irregular appetite, and would have a bloating sensation after meals. My chief trouble was that I felt tired all the time. Even in the morning after a night's sleep, I would wake up feeling no more refreshed

than when I went to bed. I had dizzy spells and would see spots before my eyes, and the least exertion would tire me. It was an effort to attend to my duties and even my mind seemed dull and sluggish.

"My eyesight has been getting poorer lately and I noticed that my memory was not as good as it used to be. If I stood for any length of time I would have a dull pain in the lower part of my back, and if I ascended the stairs quickly, my heart beat very rapidly.

"I tried every sort of preparation, hoping to throw off this dull feeling. I heard so much about this man Cooper that I decided to try his preparation. I bought two bottles of New Discovery. I took only a few doses of the preparation and a tapeworm left my system. It was about fifty feet in length, as near as I could judge. Now I know what has been the matter with me all these years, and I am sure I will be all right again."

The success of these new preparations in St. Louis is confined largely to cases of stomach trouble, but the medicine seems to be remarkably successful in cases of rheumatism. Mr. Cooper ascribes this to the fact that stomach trouble is indirectly responsible for many diseases, rheumatism being among them.

CHURCHES CONSOLIDATE.

CHICAGO, Oct. 29.—Three influential Baptist churches of the West Side have devised a plan to consolidate for the purpose of solving the city problem, which has made the existence of some of the churches nearest the heart of the city a question of a hard struggle.

Believing that in union there is strength and deeply conscious of the encroachment factories and a foreign and unchristian population are making on the church territories, the consolidation plan was discussed freely and favorably in the three churches yesterday by pastors and congregations. Representatives of each church prophesied the early materialization of the plan and state that as yet no opposition to the proposed merger has appeared on the surface.
