Columbia River Channels Dangerous With Drift Logs.

HUMANTIA DUE IN ANY HOUR

Columbia Outside the Bar—Homeward Bound Arrives Down—Poulsen at Anchor Here—Columbine Busy—Odds and Ends of News.

The O. R. & N. steamer Hassalo did not reach this city until nearly noon yesterday, owing to the fact of the swarming timber all over the rivers, from Portland to Cathlamet.

Captain Tom Crang of the river pilot service, came down with the oil barge Fullerton on the towlines of the steamer M. F. Henderson yesterday, dropping the tow at Harrington's Point.

The steamer Johan Poulsen arrived down from Portland early yesterday morning and was anchored in the city channel all day long.

The China liner Numantia is due in this morning, having been off the bar awaiting a favorable chance to cross in all of yesterday.

The French bark Empereur Menelik has not yet been moved to the easterly end of the O. R. & N. pier.

The lighthouse tender Columbine has plenty of work cut out for her in the near future, taking out buoys and supplies to the various stations after the fierce gales that have prevailed.

Up to noon yesterday nothing had been seen nor reported of the steamship Columbia, presumably due in this port yesterday.

thing of her tonnage under steam on the Pacific coast, and that she will come in today some time (Later: The Columbia arrived off the bar at 4 p. m. and will come in this morning.)

The wreck of the Galena is as much a matter of interest as was her unfortunate sister, the Peter Iredale; people are swarming to the beach to see her and thousands will yet go down there.

The American bark Homeward Bound has arrived down the river as far as Harrington's Point, on the Oklahama, and will probably be towed from there to sea when her time comes for departure.

First Officer W. C. Joliff, of the Umatilla Reef lightship No. 67, is in the city on a month's leave of absence.

There was a lumpy bit of sea on the bay yesterday morning, kicked up by the stiff nor-west wind.

That no insurance is carried on the British ship Galena will inspire her owners and officers to save every vestige of detachable stuff on board her.

It is reported the dredger W. S. Ladd will go out of commission for a season, owing to injuries received while working up the river, near Slaughters, being badly hammered by floating logs, which snapped her anchor-chains and rendered her suction useless.

Sells More of Chamberlain's Cough Remedy than of All Others Put Together.

Mr. Thomas George, a merchant at Mt. Elgin, Ontario, says: "I have had the local agency for Chamberlain's Cough Remedy ever since it was introduced into Canada, and sell as much of it as I do of all other lines I have on my shelves put together."

WHEELOCK'S TROUBLE.

NEW YORK, Nov. 15.—Joseph Wheelock, Jr., whose season in "Just Out of College," recently came to an abrupt close, is to be operated upon in Roosevelt Hospital tomorrow afternoon.

GRAVE ISSUE AHEAD

California Delegation to Attempt Jap Exclusion.

WILL CALL FOR WISE HANDLING

Pacific Coast People Will Stand Pat, But Congress May Demur—Trouble Ahead in Any Event—Japanese Will Resent It.

SAN FRANCISCO, Nov. 15.—One of the gravest questions ever presented to an American Congress is likely to come before that body at the approaching session.

This state is aroused, and the people here have practically declared they will not have the Japs, and if they will not, it is hard to see how they can be compelled to receive them.

Great as we are, rich as we are, it is admitted, with shame, that we are in no condition to go to war with any country having an aggressive navy.

With the other important legislation that will come before it the closing session of the fifty-ninth congress promises to be a very exciting one, but with the Japanese exclusion question added to the others, it will be the most important short session for many years.

In Time of Peace.

In the first months of the Russia-Japan war we had a striking example of the necessity for preparation and the early advantage of those who, so to speak, "have shingled their roofs in dry weather."

KILLED HIS SWEETHEART.

Preparing for the Gillette-Brown Murder Trial.

HERKIMER, N. Y., Nov. 15.—The work of securing a jury to try Chester E. Gillette, who is charged with the murder of his sweetheart, Grace Brown, was continued today.

RAILROADS BUY CARS. Millions Spent for New Equipment Needed for Increased Business.

CHICAGO, Nov. 15.—The large orders for equipment which have been announced in the last few days by western railroads indicate that all records relating to increases in equipment will be smashed this year.

The Burlington has begun to receive \$5,558,000 worth of new locomotives and cars, the orders for which cannot be filled until next year.

The Santa Fe has in orders for \$8,000,000 worth of cars and locomotives. Added to the recently announced orders by the Harriman lines aggregating \$21,500,000, and by the Rock Island, amounting to \$6,000,000, this makes \$61,138,000, in orders which six western systems have placed, practically all of them for delivery early next year.

HOTEL TRUST THE LATEST. Five of New York's Greatest Hotels Now Owned by the Astors.

NEW YORK, Nov. 15.—With the opening of the new Knickerbocker, New York has waked up to the existence of an Astor family "hotel trust."

To make the ten hundred guests that the Knickerbocker can accommodate feel that they are securely as well as luxuriously housed, the fire-proofing of the new hotel was made one of the principal features.

In fact, the perfection of the steel and hollow-tile construction makes the whole building so nearly unburnable that there is no danger of a guest waking up to find that his only choice lies between being roasted alive or a leap from the fourteenth or fifteenth story.

How the center of New York's hotel population has changed is shown by the fact that within a radius of 1,000 feet of the Knickerbocker there are sixteen theaters and twenty-one clubs.

TIMBER MAN JAILED.

SEATTLE, Nov. 15.—L. C. Dolley, one of the best known timber brokers in this state, was arrested last night and is now in the county jail charged with subornation.

Some of the nicest people in the city live in furnished rooms; people are moving at frequent intervals. Tell them in a small ad. how attractive your rooms are.

REDUCING THE SMOKE. Fifty Per cent Improvement Brought About by New Methods.

PITTSBURGH, Nov. 15.—That the "smoke nuisance" can be largely reduced is shown by the results of the efforts made in this direction by the Pennsylvania Railroad in Pittsburgh.

Locomotives running into the Duquesne Station now use coke only. For shifting engines a new kind of high carbon coal, mined near Portage, is giving very satisfactory results.

Instructors were appointed to instruct the men and report all cases of excessive smoke to the road foreman, and all employees were notified that they were expected to co-operate with these inspectors in order to obtain the best results.

HAVE YOU CATARRH?

Breathe Hyomei and Get Relief and Cure—Sold Under Guarantee.

If you have catarrh, with offensive breath, burning pains in the throat, coughing, raising of mucous, difficulty in breathing, sneezing, huskiness, discharge from the nose, tickling and drooping at the back of the throat, especially at night, coughing, spasms, etc., begin the use of Hyomei at once.

Its healing medication will give relief in a few days and its continued use will completely drive all catarrhal germs from the system.

Hyomei contains Nature's healing oils and balsams, the germ-killing properties of the pine-forests, and goes with the air you breathe to the most remote cells of the respiratory organs, searching out and killing all catarrhal germs and soothing and healing any irritation there may be in the mucous membrane.

The complete Hyomei outfit costs but \$1, extra bottles, if needed, 50 cents, and T. F. Laurin gives his personal guarantee with every package that money will be refunded unless the treatment cures. This shows his faith in the power of Hyomei to cure catarrh.
