TWAIN'S BIRTHDAY

Seventy One Years Old and Hale and Hearty.

PLAYED POOL ALL DAY

Received Many Telegrams, Flowers and Congratulations and Says He Is Enjoying Life and Expects To Live Many Years.

NEW YORK, Dec. 1.—Mark Twain was 71 years old yesterday. He celebrated his birthday yesterday. He celebrated his birthday by playing pool almost the entire afternoon with his secretary and one or two other friends.

Early in the day telegrams, cablegrams, messages and flowers began to arrive at his home, No. 21 Fifth avenue.

Mr. Clemens was enjoying a nap when a reporter called late yesterday. His secretary said:

"You can say that Mr. Twain is in the best of health since his attack of bronchitis. He thanks his friends far and near for their kind messages and says he expects to live many more years to enjoy the beauty and hospitality of this world."

HUNTING FATALITIES.

Many Persons Killed by Persons Hunting for Deer.

CHICAGO, Dec. 1.—The Tribune today says:

Seventy-four deaths and seventy persons injured, some of them so seriously that death may result, is the record of fatalities for the hunting season throughout the country.

Northern Michigan and Wisconsin, where the open season for deer closed yesterday, went ahead of the record for last year in deaths, 28 being reported this season, against 26 for the previous one, but in the number of persons injured this year's record falls far below that of the previous one, having only twenty serious accidents, which did not result in death.

The larger part of the deaths were the result of accidental discharges of shotguns, many of them occurring while the owners were cleaning the weapons. In many of these cases the victims were children. Many of the deaths were of persons who were hunting and were mistaken for deer.

Michigan leads the list in the number of dead and injured, with Wisconsin a close second, the former having 14 deaths and the latter 13. Illinois had a total of eight deaths.

AGAINST SULTAN.

Inhabitants of Constantinople Urged to Combine Against Oppression.

CONSTANTINOPLE, Dec. 1.—A number of revolutionary manifestos, attributable to the young Turk movement, are being circulated by them both here and in the provinces nearby. One of these was distributed by an organization styling itself as the "Ottoman Liberal League Committee," and advocates the re-establishment of the constitution of 1878 and invites the Ottomans to unite for the accomplishment of this object instead of working in different directions and thus enabling a despotic government to neutralize their efforts. Another pamphlet purporting to come from the same source invites the inhabitants of the empire without distinctions to combine against "Savage oppression of those unearthy beings who are intermediaries of cruelty and persecutions of the Sultan," and says that the despotic government must be overthrown and justice established. The manifestos are considered as indicative of the feeling of general discontent.

FIGHT IN PHILIPPINES.

Major Murphy Surprised and Killed Eleven Pulajanes.

MANILA, Dec. 1.—A force of constabulary under command of Major Murphy surprised the camp of Pablo, chief of the Pulajanes, on the Island of Samar, at daylight yesterday, November 30.

Eleven of the Pulajanes were killed and the chief's son and nine of the band were wounded.

Chief Pablo himself escaped, but his wife and daughter were captured.

Clothing, arms and papers found were destroyed together with the camp.

The capture of Chief Pablo is considered only the question of a few days.

There is now only one other chief at large and plans have been arranged to capture or kill him.

Governor Curry of Samar wires that the breaking up of Chief Pablo's band signalizes the death knell of Pulajanism on the island.
