COMPLYING WITH THE PURE FOOD AND DRUG LAW. We are pleased to inform our patrons that among the many advertisers in the columns of our paper, none have shown so earnest an attitude toward carrying out strictly the provisions of the Pure Food and Drug Act of June 30, 1906, which went into effect January 1, 1907, as the Pilsener Medicine Company of Chicago. The preparations of their manufacture contain no opiates or poisons of any kind. They are simple household remedies prepared by them from pure drugs and with absolute uniformity. Among other really selling articles of their manufacture are to be found the well known cough syrup, Bee's Laxative, containing Honey and Tar, Ditch's Little Liver Pills, Pine Saps, Plasters for the kidneys, King's Dyspepsia Tablets and Men Zan Pills Remedy. We commend the attitude of this concern and believe that the public will appreciate their early assumption regarding the preparations of their manufacture.

CRISIS IS NOT NEAR

Financial Conditions Better Now Than in the Past.

PRESENT STRUCTURE FIRM

Carroll Wright, Former Labor Commissioner, Takes Exception to Prophecy of Stuyvesant Fish That Country Stands in Danger.

WASHINGTON, Jan. 17.—It is not surprising that the one of our most prominent financiers, Mr. Stuyvesant Fish, in the gladsome paean arising to acclaim present prosperity should jar gratefully on the nation's ear. The statement made by Stuyvesant Fish, to the effect that the country is drifting toward a commercial crisis, is not taken very seriously here in Washington. Neither Secretary Shaw, nor any other cabinet member, can see anything but prosperous times ahead.

In fact the storm of protest against Mr. Fish's pessimistic views has been surprising. George Gould, at the head of a great system of railroads grid-ironing the country, is emphatic in his declaration that the present year will exceed in point of business and in general prosperity the best year of 1906. Senator W. A. Clark, rated the next wealthiest man in the country to John D. Rockefeller, endorses Mr. Gould's view. Now comes Carroll D. Wright, former Federal Commissioner of Labor, and at present head of Clark College, with a statement in which he declares that the present commercial structure of the country is too firm to be shaken by the conditions that brought about the panic the country has suffered periodically ever since 1814. In his declaration Mr. Wright says:

This occasion for a depression is not so likely to occur under present conditions of industry and great operations as in the past. Whether one approves or disapproves the modern system of great combinations, he must recognize that they have this steady influence to which I have alluded. The condition has changed entirely, and we must look to see the great combinations, each depending upon the other in a way—railroads depending upon shippers, shippers upon railroads, great concerns depending upon these—associate themselves together for the purpose of preventing a financial crisis and a consequent industrial depression. This influence, alone, I think has already delayed the appearance of the elements of a depression and may

NOVEL CURE FOR COLDS.

Healing Medication that is Breathed, Giving Quick Relief.

It seems just as ridiculous to put medicine into the stomach to cure a cold in the head or lungs as it does to go out in the rain if we want to keep dry. The fact that many people right in Astoria cough and hawk and snuffle for days and weeks after they treat a cold with the usual stomach dosing, shows how valueless are the ordinary cough and cold cures. The right way to cure a cold in the head or a cough and irritation in the throat and lungs, is by breathing Hymel medicated air. Put a few drops of Hymel in the neat pocket inhaler that comes with every outfit and breathe this healing air for a few times and immediate relief will be noted. The medication goes right to the spot where the disease germs are located and renders them harmless in the future.

At the same time the soothing and healing effects of Hymel on the irritated mucous membrane gives quick relief and the cough or cold is broken up. The best evidence of the great value of Hymel in curing coughs, cold and all bronchial troubles is the fact that T. F. Laurin gives an absolute guarantee with every outfit he sells that if it does not give satisfaction the money will be refunded. A complete Hymel outfit, consisting of a bottle of Hymel, the inhaler and a medicine dropper, costs but \$1, while extra bottles of Hymel, if needed, can be obtained for only 50c.

IF YOU WANT CASH FOR YOUR REAL ESTATE OR BUSINESS I CAN GET IT

No Matter What Your Property is Worth, or in what Town, City or State it is located

If I did not have the ability and facilities to sell your property, I certainly could not afford to pay for this advertisement. This "ad." (like all my other "ads") is practically sure to place on my list a number of new properties, and I am just as sure to sell these properties and make enough money in commission to pay for the cost of these "ads" and make a good profit besides. That is why I have so large a real estate business today. Why not put your property among the number that will be sold as a result of these "ads"? I will not only be able to sell it—some time—but will be able to sell it quickly. I am a specialist in quick sales. I have the most complete and up-to-date equipment. I have branch offices throughout the country and a full force of men to find buyers. I do not handle all lines usually carried by the ordinary real estate agents. I MUST SELL real estate—and lots of it—or go out of business. I can assure you I am not going out of business. On the contrary, I expect to find at the close of the year that I have sold twice as many properties as I did the past year, but it will first be necessary for me to "list" more properties. I want to BUY YOURS and SELL B. It doesn't matter whether you have a farm, a home, without any land, or a business; it doesn't matter what it is worth, or where it is located. If you will fill out the blank letter of inquiry below and mail it to me today, I will tell you how and why I can quickly convert the property into cash and will give you my complete plan FREE OF CHARGE and return for handling it. The information I will give you will be of great value to you, even if you should decide not to sell. You had better write today before you forget it. If you want to buy any kind of a Farm, House or Business, in any part of the country, tell me your requirements. I will guarantee to return promptly and satisfactorily.
