WHAT WARRENTON HAS TO SAY

BRIEF, BRIGHT BUDGET OF NEWS FROM THE COMING METROPOLIS FILED HERE ON YESTERDAY EVENING.

WARRENTON, April 15.—A subject is being discussed here, that is of some importance to all residents on the West side, and should, at least, receive the sympathy of the business men of Astoria, viz.—that the evening train from Astoria to Fort Stevens and Seaside, (including intermediate points) should stop for passengers at Eleventh Street in Astoria.

The conditions briefly are as follows during the summer season the local train leaves Astoria about noon carrying passengers and freight for all places on the line, between the depots above mentioned.

On some occasions the amount of freight is so great as to delay the train from one to two hours behind the time scheduled for its arrival back at the Astoria depot. Consequently those persons who have travelled to the latter train, on business, find their moments so limited, that they are absolutely unable to complete their mission and return the same evening.

Now the contention of the residents in this neighborhood is, that, if the A. & C. R. R. permitted the 5.50 p. m. train from the Astoria depot to pick up passengers at Eleventh street of that city, it would give them, the passengers, about twenty minutes longer in which to transact business in the center of the town. The suggested alteration would at all times of the year be advantageous to the public, but, during the summer season it is almost an absolute necessity. Admitted, the change, if adopted, may necessitate the railroad officials placing a ticket agent at that point, the inconvenience to them, is little, compared with the benefit obtained thereby, by the public.

Exactly in what manner the railroad company will be approached, regarding this question, has not yet been determined, still it is hoped the "Astorian" and its readers will render all possible assistance in bringing about the desired change.

Though every available man has been pressed into work in the saw mills, there is still insufficient help to cope with the work.

A meeting of the City Council was to have been held last evening, unfortunately several members were away from town, as there were not sufficient present to form a quorum the meeting was postponed for one week.

Mr. Eakin, the city attorney is here. Mrs. McDermott of Hammond is visiting in this city.
