SPECIAL MEETING OF CHAMBER

**LEWIS RUSSELL, PRESIDENT OF
PORTLAND AUTO CLUB WILL
ADDRESS MEETING ON GOOD
ROADS QUESTION.**

There will be a special informal meet-
ing of the Chamber of Commerce at 2
o'clock this afternoon which will be ad-
dressed by President Lewis Russell of
the Portland Automobile Club, which
will be of especial interest to all auto-
mobile enthusiasts and good roads ad-
vocates. And all of these are cordially
invited to attend by the committee on
roads and highways. Mr. F. A. Fisher
is the chairman of this committee and
Messrs. George W. Sanborn and P. A.
Stokes are members. All three are en-
thusiastic automobilists.
Manager Whyte received a telegram

from Mr. Russell yesterday evening
saying he would arrive on the train at
noon today and desired to have the meet-
ing for the purpose if possible of pro-
viding ways and means for building a
good road between Portland and Astoria
that would be the delight of auto-
mobilists and President Welch immedi-
ately issued the call for the meeting.
Dan Moore and others of Seaside will
be in attendance at the meeting and
will show that Seaside is in line to do
all it can to aid in the extension of this
good road for automobilists all the way
to the pleasant resort-by-the-sea.

County Judge Trenehard has expressed
himself as being most highly in favor
of encouraging this good roads project in
any way he can, and Attorney G. C.
Fulton, another enthusiastic automob-
ilist, has given the project study and
attention for the purpose of shaping up
the best possible plan to insure the con-
struction of such a road.

The committee on roads and highways
of the Chamber of Commerce has taken
up this question with President Lewis
Russell of the Portland Automobile
Club and it will not be allowed to drag

for one moment from this time on. In
fact, the local committee has been in
readiness to meet Mr. Russell ever since
the 11th of May, but it is only now
that Mr. Russell has got his plans and
those of his club in shape and is ready
to work out the details with the Astoria
people.

It is the plan of the Astoria Chamber
of Commerce and of Mr. Russell to get
all of the counties through which the
good road will pass to co-operate and
to contribute their proportion of the
cost of the construction of the road.
The benefits to the property would be
so great that if it is accomplished, peo-
ple will then probably wonder why the
improvement was not made long ago.
The scenic attractions of such a road
would be wonderful and as there are a
great many people who would like to
make the trip every Saturday from
Portland to the beach, it is anticipated
there will be no difficulty in raising a
large subscription to aid in the con-
struction.

So far no special route has been
chosen for the road and the Chamber of
Commerce and Mr. Russell are both
anxious to receive suggestions as to
the most practicable route.

The plan has been discussed between
the Portland Automobile Club through
Mr. Russell and the Chamber of Com-
merce, of getting up a good roads as-
sociation and in the first place hire a
good man who would go over the entire
route and ascertain what support could
be had from the various localities.

At present there is a very fair road
from Portland to within a few miles of
St. Helens, and Multnomah county, it
is assured will do its share, as will also
Clatsop county. The most serious ob-
stacles in this good road project would
probably have to be overcome from
Rainier to Astoria. There is already
much good road out of Astoria in both
directions that can be used in this
through road for automobilists from
Portland to the beach.

The meeting will be one in all likeli-
hood marking an epoch in the local era
of good roads and as many hundreds of
automobilists would pass through Astoria
every week should the project be
successfully pushed to completion, it is
probably difficult to conceive of a propo-
sition having more value to this city in
a general way than this one. The meet-
ing at 2 o'clock this afternoon therefore
ought to be well attended.

The Waldorf Theater.

The program which Manager Wise
has prepared for his patrons this week
is way and above anything that has
ever been seen in Astoria for the un-
heard of price of 10 cents. The bill in-
cludes almost any kind of an act that
a theater-goer could wish for, all in
one performance, Miss Virginia Hayden
and her magnificent baritone voice
causes her listeners to wonder where
all the melody comes from, nothing of
the sort has ever been witnessed in
Astoria and Manager Wise can consider
himself very fortunate to secure one of
the few female baritones in the coun-
try. She is ably seconded by Miss
Helen Bushnell and Miss Alexandria
Marakoff, the Russian balladist. The
two teams, Deming and Brogan, and
Norwood and Norwood, each team does
a different stunt and they are both good.
