TRY TO PROLONG STRIKE

Two Women on the Stand Give Evidence of Matters Dur- ing the Strike.

TRIAL CONTINUED TO MONDAY

Coales Denies Story of Plot to Kidnap Children of Paulson and Moran De- nies He Made Trip To Denver To Get \$500.

BOISE, July 3.—At the adjournment of the Steunenberg trial today the prosecution served notice of its intention to submit a series of motions to strike out the evidence of the defense, unless the connecting up testimony that has been promised is forthcoming, directed prosecution to be ready Monday evening announced that his side might be able to rest on Saturday evening although it might be necessary to let the calling of Haywood and Meyer go over until Monday and following an informal conference with counsel. Judge Wood directed the prosecution to be ready Monday with its case in rebuttal. James H. Hawley, senior counsel for the state said in reply it was the intention of the prosecution to present a series of motions dealing with the evidence of the defense, Richardson and Darrow were on their feet in an instant to say that the defense would also have some motions to make, so that at the end of the week or in the early part of next week the taking of testimony will probably be interrupted for an extended argument on the admissibility of a mass of evidence already in the record. The defense operated today along nearly all its lines. There were attacks on Orchard's testimony at several points, there was evidence showing union miners to have been abused by the mine-owners and the militia at Cripple Creek and Telluride.

The Pinkerton agents had advised violence and had endeavored to prolong the strike; a woman who served with the relief committee that looked after the families of the deported miners at Cripple Creek swore she had twice been arrested and twice warned that if she persisted in her work she would be deported and another woman located Orchard with Detectives Scott and Sterling the night of the second attempt to wreck the Florence and Cripple Creek Creek Railway train. Two witnesses were men who figured prominently in the testimony of Orchard. They were David Coates, formerly lieutenant-governor of Colorado, and Pat Moran, formerly a saloonkeeper at Cheyenne. Coates positively denied Orchard's version of the plot to kidnap the children of August Paulson and Moran denied he had made a trip from Cheyenne to Denver after the Independence station was blown up for the purpose of getting \$500 from Pettibone for Orchard.

MAKE NEW DEPARTURE.

Church Will Undertake Plan of Reaching Non Church Goers.

NEW YORK, July 3.—Announcement was made today that the Fifth Ave. Presbyterian Church, the congregation of which is of wealthiest in the city is to depart from the extreme conservatism that has always marked its career and will undertake in a popular way the evangelization of non church goers who live in the district around Fifth Avenue and Fifty-fifth street. The folks in the big hotels such as the Netherlands, Stregis, the Gotham, the Savoy, and the New Plaza, which are in the vicinity, will be a special point of attack. It is proposed to have one of the assistant clergymen devoted all of his time to the guests at the hotel.

Special Sunday evening services will be held with famous men as preachers.

LAWS WILL NOT STAND TEST.

Several Forms of Referendum Petitions Knocked Out.

SALEM, Or., July 3.—Judge William Galloway, at 1 o'clock this afternoon, declared the forms of all the petitions for the referendum of acts of the Legislature, including the act increasing the annual appropriation for the State University; the Multnomah County Sheriff's act, the Armories appropriation act and the compulsory railroad pass act, not in conformity with the spirit or the letter of the act prescribing the manner of invoking the initiative and referendum powers of the constitution. He made permanent the temporary writs of injunction in the cases of the sheriff's act and the compulsory pass act and dismissed the temporary writ of mandamus against Secretary of State in the case of the State University appropriation act.

Judge Galloway covers the ground in detail in his carefully written opinion, covering five closely typewritten pages, and holds, in effect, that the omission of the warning clause from the petitions was the most grievous error, while the omission of a portion of the title of the State University appropriation act is in no sense a compliance with the provisions of the law nor the intent of the Legislature.

LARGE POSTAL RECEIPTS.

SAN FRANCISCO, July 3.—The total postal receipts of the San Francisco office for the year ending June 30, lack only 3-10 per cent of being as large as they were for the first previous fiscal year, according to a report just made by the local postoffice authorities, being \$1,620,022.115 as compared with \$1,675,676.36 for 1906. This indicates, say the postoffice people, that the population of the city is almost restored to its figures of before the fire, or in other words, if San Francisco had 500,000 people before the disaster, it has 475,000 now.

REPORT DENIED.

BERLIN, July 3.—The report that the Germans had shown the folly of keeping all the American battleships in the Atlantic and advised that a strong force be sent to the Pacific, is semi-officially denied. THE GREAT GLOVE FIGHT

Men Both Fit to Fight to Finish.

SQUIRES WILL RUSH IT

Does Not Expect the Fight to Go More Than Ten Rounds.

VERY LITTLE BURNS MONEY

Betting Stands at 7 to 10 in Favor of Squires—Little Money is Placed to Burns' Credit Who Will Fight Waiting Battle.

SAN FRANCISCO, July 3.—Everything is in readiness for the 45-round round glove contest for the heavy-weight championship of the world between Bill Squires of Australia and Tommy Burns of America, which will take place tomorrow afternoon at Colma. The men are both pronounced by their trainers to be in perfect condition, and each asserts himself confident of winning the international battle for the pugilistic supremacy. The fight means much to Squires, for it will be his first appearance in a prize ring outside of his native land and upon his success or failure depends his future. He says he is as fit as a fiddle, that he does not expect the fight to go beyond ten rounds, that he will rush things from the start and if defeated will have no excuses to offer.

Burns has been much benefited by a course of training in the open air and is prepared to make the best possible showing against his sturdy antagonist who he admits is somewhat of a doubtful problem to solve.

Believing his science surpasses that of Squires, it is thought he will not attempt rushing tactics, but try to wear down his opponent until a chance is opened for a knockout blow. The betting is in favor of Squires, 7 to 10, very little Burns money has been put up so far.

Took All the Available Cash and Skip- ped Out.

NEW YORK, July 3.—Reports that have been in circulation in the financial circles of a defalcation in a prominent banking concern have been confirmed according to a story published today. The concern to suffer is said to be an uptown trust company, and the amount taken is placed at \$69,000.

The robbery is declared as a remarkable one. It was committed Saturday by the paying teller, who took all the cash available, placed it in a suit case with him and smiling bade good bye to his assistants in the bank, saying he was going into the country. No trace of him has since been discovered. The defaulting teller has been in the employ of the trust company for three years and earned a good salary, lived a temperate life so far as known and was well trusted.

THOUSANDS OF ACRES FLOODED.

Buena Vista Lake Levee Breaks and Does Great Damage.

BAKERSFIELD, Cal., July 3.—The Buena Vista Lake levee has broken, flooding 30,000 acres of land belonging to Miller & Lux and the Tevis Land Company, and causing \$1,000,000 damage. The Sunset Railway has been put out of commission and the oil fields are cut off from communication with this city.

The levee held back the waters of Buena Vista Lake, covering 19 square miles, and protected a body of reclaimed land extending for a distance of 15 miles, including the old bed of Kern Lake, the property of the Kern County Land Company and Miller & Lux. This land was covered with crops of growing grain ready for the harvest and with alfalfa.

Of the flooded land, about 22,000 acres belong to the Kern County Land Company and 8000 to Miller & Lux. The territory is divided into four big ranches, and the work of reclamation has been in progress for nearly 20 years.

The levee was built in 1886-7 jointly by the two corporations at a cost of \$250,000, and last year it was strengthened at great expense.

WANT UNION RECOGNIZED

Admit Union Did Wrong In Striking and Should Be Punished, But Death of the Union Too Severe a Penalty— No Further Conference Arranged For.

SAN FRANCISCO, July 3.—The ways and means committee of the labor interests today called on President Calhoun of the United Railroads. The committee admitted that the car men had wrongfully gone on a strike, but pleaded with Calhoun not to decree the union's death by refusing its recognition. Calhoun told the committee his attitude was unchanged. The committee then threatened the railroad with a conflict in which all organized labor would engage. Calhoun answered that he never sought nor shunned a conflict. The committee repudiated the act of the car men and admitted it should be punished but contended death was too severe a penalty. They asked Calhoun to put the men back to work, recognize the union and submit the question of wages and hours to arbitration. Calhoun explained that he had no controversy with the union but was engaged in operating his railroads. No further conference is arranged for.

RIOT AT JAMESTOWN

BEAUTY SHOW IS MOBBED

Men of South Carolina and First Ken- tucky Get Beyond All Control and Refuse to Surrender—Two Officers Hurt—Soldier in Hospital.

NORFOLK, Va., July 3.—Five hundred soldiers, members of the Second South Carolina and First Kentucky regiments in camp at the Jamestown Exposition grounds tonight ran amuck there, they interfered with concessionaries and attempted to take possession of several shows on the "Warpath" and when the Powhattan guards interfered, a riot followed, several men being injured.

Earlier in the night some of the soldiers who had been drinking, became disorderly and were repeatedly cautioned by the guards. Later, when their number had increased to about 300, they threw aside all restraint and proceeded to "do" the "Warpath," ignoring the doorkeepers, declining to pay admission fees and refusing to leave the building. The Temple of Mirth, the Beauty Show and the Streets of Cairo were the principal sufferers. At the last named place about 15 Powhattan guards attempted to restore order, but were forced to use their sabres to beat the men back. Captain Carpenter and Adjutant Garwood, at the head of the guards, succeeded in ejecting the men but the soldiers soon returned, their number increased to 500. They again attempted to take charge of the shows, refusing to be disciplined. C. C. Hastings of Company H, the Kentucky regiment, and J. Thomkins of Company D, South Carolina regiment, were arrested as ringleaders of the rioting. The arrests caused a demonstration and with drawn sabres the guards were forced to fight their way through the massed soldiers to guard the camp. They kept their prisoners despite the efforts of the soldiers to rescue them. Behind the wire fence of the camp, the guards made a stand against the crowd. The soldiers hurled rocks into the enclosure. Carpenter and Garwood were struck.

Guard Press, who saw the man who threw the rock that bit Carpenter, arrested the assailant, whose infuriated friends immediately attacked Press, beat him and rescued the prisoner. The rescue was not effected however, until after the prisoner, Brasher, had been black jacked and seriously hurt by the guard. Brasher was taken to the hospital and was later put under arrest but he could not be moved owing to his condition. The guards were later reinforced by detachments of soldiers from the camp and order was restored.

TELEGRAPHERS' STRIKE.

Operators Have Been Ordered Out In Another City.

SAN FRANCISCO, July 3.—President Small, of the Telegraphers' Union, last night confirmed the report that he had ordered out the operators in another city.

"I have ordered the union operators in at least one more city on strike," said he. "I will not however, at this time, divulge the name of that city, but the telegraphers have been notified and will be out in less than a week. When the whistle sounds in the office designated, the keymen will leave their places. Until then or until I choose to make the place known, neither the tigraph companies, nor the public will know where the bolt is to fall."

Small had been out of the city all day and returned shortly before midnight. He said he had been in Sacramento, "visiting relatives. Both telegraph companies are now accepting business without the stipulation "Subject to delay."

According to the officials of the local union, there have been but four desertions from their ranks.

HE WILL APPEAR IN COURT

Wily Deputy When Denied, Drives Away Apparently Satisfied—Returns Secretly and Finds John D. on Piazza and Hands Him a Subpena.

PITTSFIELD, Mass., July 3.—After a search of nearly two weeks subpoenas were served on John D. Rockefeller in this city today commanding him to appear before Judge Landis on July 6 in the Federal court of Chicago. Rockefeller explained that he had not been dodging service but did not know exactly what was wanted of him.

Early in the day Deputy Marshals Frank and James Ruhl, the latter of the Boston office, visited Taconic farm, but E. P. Prentice told them his father-in-law was not there. The officers professed to be satisfied with the statement and departed. Ruhl boarded the train for Boston and Frank went to his home in North Adams, about 25 miles from this city. Later Deputy Frank paid another visit to the farm, driving out secretly. He proceeded through a wooded driveway into an open space in front of the house, and saw Rockefeller sitting on the piazza. The deputy passed a subpoena to the old man who accepted service with a smile, shook hands with the deputy, and expressed his pleasure at meeting him. He chatted for a few minutes, and ridiculed the newspaper stories about his efforts to avoid service. The Federal court in Chicago desires Rockefeller's presence so that he can be interrogated regarding the affairs of the Standard Oil Company of Indiana against which proceedings have been instituted by the authorities.
