

DEATH OF PIONEER RAYMOND

G. W. RAYMOND, BORN 60 YEARS AGO IN CLATSOP COUNTY, AND NEVER LEFT IT.

Another of the old pioneers of Oregon has joined the majority. This time it is G. William Raymond, born in Clatsop over 60 years ago, and a permanent resident here ever since. Mr. Raymond succumbed yesterday to a complication of ailments which together with old age proved too strong for him to fight. For 60 years Mr. Raymond lived in this county and during that time, with the exception of a few months when he was very young, he never left it. Those months when he was away were spent at Siletz where his father was agent on the reservation. Mr. Raymond had the reputation of being a well educated man. He only spent two or three months a year at school however, and he acquired the remainder of his schooling from

his father. The father came round the Horn. He was a lay missionary and preacher. He took up the Raymond donation claim at Tansy Point, where now stands the town of Flavel. Mr. Raymond left several relatives well known in Astoria. Amongst them are Mrs. George Humes, Mrs. Christy and Mrs. John Loomis, besides his sister, Tyxylphie who is married in New York. His children are Norman, Frank, and Louis, boys, and Mrs. Trellinger (dead), Mrs. Stone (dead) and Mrs. Hayes Morgan. His brother, Mr. Nathaniel Raymond, is the well known civil engineer. Mr. Raymond never had a settled occupation although he was a first-class millman and sawyer. He was in charge of the old Dad Mill at one time. This mill was destroyed by fire in '83. It belonged to Mr. Farrell.

Locally he was somewhat of a politician and was several times a candidate for public offices. One of Mr. Raymond's last requests was that he should be buried by the pioneers of the state.

Stimulation Without Irritation.
That is the watchword. That is what cleanses and stimulates the bowels without irritation in any form.
Orino Laxative Fruit Syrup does it.

WATERFRONT ITEMS

Two Schooners Clear With 1,085,000 Feet of Lumber.

AMERICAN HAWAIIAN MAY CALL

British Bark Zinita Will Be Down Today—Nicomedia Crosses Ocean in Less Than 16 Days—The Atlas and Oil Barge Go Down.

The barkentine Chehalis has completed her cargo at the Simpson Lumber Company's Mills at Knappton. She has 800,000 feet aboard and will leave out for Antofagasta, Chile, as soon as she can get a crew.

The Sue H. Elmore arrived in Wednesday from Tillamook.

The schooner Glendale which loaded at Hume's Mill took a cargo of 410,000 feet of lumber for San Francisco. She left out yesterday.

The steamship Yosemite was in yesterday. She made but a short stay and proceeded out to South Bend.

The Roderick Dhu (oil tank) departed out for San Francisco yesterday.

The steam schooner Daisy proceeded out with lumber for San Francisco yesterday.

The pilot schooner handed orders to the Norwegian steamship Skogstad which was at the mouth of the river to proceed to San Pedro. She had a cargo of oak loaded in Japan.

The Potter brought down over 200 passengers yesterday on their way to Long Beach.

The schooner Omega left Knappton yesterday for San Pedro with a cargo of 675,000 feet of mining timbers for San Pedro. She was loaded by the Simpson Lumber Company.

The Alaakan Chief, built by J. M. Leathers, goes out tonight or Saturday, bound for Ketchikan, Alaska. Captain H. G. Lampe will be in charge. The Chief belongs to the Shakan Canning Company. Captain Lampe says this is the best time of the year to make the trip and should be weather be propitious he will take only four or five days. In the event of inclement weather however he may take as long as ten days.

After he has rounded Flattery, the captain says, the worst of his trip is over. The Cassann went up in four days from Anacortes. The mouth of the Columbia is reckoned the worst part of the trip for the small launches. In 1901 the little schooner Reliance was found bottom up out there and nothing was ever seen of her crew or master. She was 75 tons and belonged to Paddy White.

Captain Lampe takes three men with him and provisions and fuel—no cargo.

The Standard Oil Company's tug Atlas brought down the oil barge No. 91 yesterday afternoon. The towboat Diamond O. looked after the stern end of the barge. The Atlas went to sea.

The British bark Zinita (Captain Swan), should be down today. She has been up the river since May 3. She goes to Newcastle, N. S. W., for a cargo of coal for Valparaiso.

Smooth seas and cloudless skies were taken advantage of by the officers of the oriental liner Nicomedia, and she crossed the Pacific from Yokohama in 15 days and 23 hours, arriving up the river Wednesday night. It is the smartest passage the big freighter has ever made during the three years she has been operating out of the Columbia in the far Eastern trade.

The steamer brought 2000 tons of freight, about 400 tons being made up of grainbags. There is a big consignment of tea, Chinese groceries, curios and the usual line of goods exported from the orient. The work of discharging the overland freight was started this morning.

The steamer schooner Hampson arrived down last night. The captain said he would make a great effort to get to sea right away.

PERSONAL MENTION.

Another railroad man in town yesterday was traveling passenger Agent Gordon Craig of the Erie Line.

J. H. O'Neil, traveling passenger agent of the O. R. & N., was in Astoria yesterday.

announced in these columns yesterday, had a most enjoyable holiday in Western Oregon and in the Cascades. Mr. Cherry has evidently benefited greatly by his trip. He spent most of the time leisurely moving from one small town to another, and got a deal of fun out of the trip.

John Shields, formerly of Astoria, but now of Portland, is in the city. Mr. Shields was the organizer of the Sunset Quartette a few years ago.

NEW TO-DAY.

Wanted.

LOGGER BREAKS LEG AT THE WALDORF AT BREMNER'S THIS WEEK

D. McKEA MEETS WITH SERIOUS ACCIDENT IN LOGGING CAMP—IS BROUGHT TO THE HOSPITAL HERE.

Yesterday morning a nasty accident occurred at Bremner's Logging Camp at Young's River the result of which was that D. McKea broke his leg. McKea is also badly bruised about the shoulder. Exactly how the accident occurred has not at present developed, but it is probable that McKea fell or was thrown by the cable. He was brought into the city and taken to St. Mary's hospital where the fracture was reduced and he is now resting easily.

War Against Consumption.
All nations are endeavoring to check the ravages of consumption, the "white plague" that claims so many victims each year. Foley's Honey and Tar cures coughs and colds perfectly and you are in no danger of consumption. Do not risk your health by taking some unknown preparation when Foley's Honey and Tar is safe and certain in results. The genuine is in a yellow package.

A CLEVER COMPANY OF HIGH-CLASS COMEDIANS GIVE A FINE VAUDEVILLE SHOW AT WISE'S

Another change of program this week is an additional attraction to the Waldorf. Each week this very excellent vaudeville house seems to improve and the combinations at present showing are some of the best ever seen in Astoria. Deming and Brogan, the fun-makers, are still there, but will leave Sunday, so don't miss the chance before they go. Another good turn to leave this week is giving a marvelously clever trapeze act which is very well worth while. Miss Metcalf is a new performer who holds the house. She sings and she dances both to perfection. Some of the old favorites are still there and giving delight to hundreds every night. There is no better way of spending an evening, if you want to enjoy yourself. It is a fine show and a good one, with excellent music, songs and acting from start to finish.
Morning Astorian, 60 cents per month, delivered by carrier.
