

FOR THE LOVE OF A STAR

The star had married an actress in his company. Comments and prophecies were in order. The comedy man voiced the consensus of opinion when he screwed his comic face into a scowl, laid aside the morning paper containing the notice, and remarked in his mellow, far-reaching voice: "Stung!"

He owed it to every one, to herself most of all. But how could he strike her and not hurt? How could he wound her pride and leave no sting? One afternoon, as he looked at her, busy about some careful preparation for him, it seemed to him that he must give up the play. His contract and hers might be broken into a thousand bits before that tenderly loving face should bear the least question of doubt or distress.

ingly woman, she sha'n't have it! He gave it to me," she repeated. Then she shuddered and went back to the couch. Deliberately she let the scene come back to her mind. She let her senses receive again, from memory, the strong impression of those two, man and woman, as, soul to soul, the magic of their act stripped all aside, till naked truth stood forth. That was real, that was the author's creation and the artist's interpretation; her whole being felt it. Then, what had she been doing? A failure? She was worse—a disgrace!

WILL GLEAN GOLD

Hydraulic Mining Company in Southern Oregon.

TO OPERATE ON ROGUE RIVER

Property of the Company is the Schoenfeld Placers Which Have Not Been Worked for Some Time and Are Said to Run as High as \$50,000 to the Acre

GRANT'S PASS, Or., August 22.—A number of Grant's Pass mining men have organized a company and will engage in mining on their own responsibility. The new incorporation is known as the Hell Gate Mining Company, with properties near Hell Gate on Rogue River below Grant's Pass. The principal properties are the old Schoenfeld placer diggings, which have been operated in a desultory manner for several years. These diggings are among the richest in Southern Oregon, the channel carrying gold at the rate of \$40,000 and \$50,000 an acre. The Hell Gate Company will replace the present crude equipment with larger and more modern hydraulic mining machinery. The main drawback to the Hell Gate placers is the lack of water, but this will be remedied by the construction of longer and larger ditches and flumes and the placing of dams to conserve the supply. The business men interested in the Hell Gate mines are: George S. Calhoun, W. B. Sherman, O. S. Blanchard, J. L. Calvert, Claud Schmidt, August Fetsch, J. D. Cooby and R. E. Gilbert. The company has placed a crew and will have the placers equipped and ready for operation by the arrival of winter rains.

Samuel Bowden, a former Spokane miner, who has been engaged in mining in Southern Oregon for the past three years, has bonded the famous old Jack Layton hydraulic placer mines of Williams district. These placers were the property of the late Jack Layton, a pioneer Southern Oregon miner. They comprise more than 600 acres of mineral ground, the chief feature of which is a vast old channel of remarkable richness. Although this old channel has been operated on for nearly 40 years, only a small portion of it, comparatively, has been worked. The water supply, which comes from the main fork of Williams Creek through two ditches, one of 13 and the other of 23 miles, is the best of any Southern Oregon hydraulic mine. Mr. Bowden is overhauling the properties and will operate them on an extensive scale.

News is received here of the good

fortune of C. L. Mangum, a former Grant's Pass mining man and who was president of the Grant's Pass Miners' Association, but who went to Nevada a few months ago, locating in the Vernon district. Judge J. O. Booth of this city, who is interested with Mr. Mangum in the Gold Run lode, near Vernon, states that he has received word from his partner that a fabulous strike has been made on the Gold Run. Ore running \$50,000 a ton has been struck.

STEADY STREAM OF CHINESE.

Empress of India Brings Over 600 More Yellow Immigrants.

VICTORIA, Aug. 22.—The steamship Empress of India, which arrived this morning, brought 744 passengers, of whom 615 were Chinese bound to points in Canada, Madeira and the West Indies. The cargo included more than a million dollars' worth of silk and silk goods. Among the notable passengers were Court Vay de Vera, noted dignitary of the Roman Catholic Church, H. E. Pollock, Attorney General of Hongkong, Bishop Graves of Shanghai and W. O. Ellis of the Public Works Department of Borneo.

The steamer Kaga Maru, which also arrived today from Yokohama, brought Dr. Omuro, noted Japanese seismological expert, bound to The Netherlands to attend the International Seismological conference.

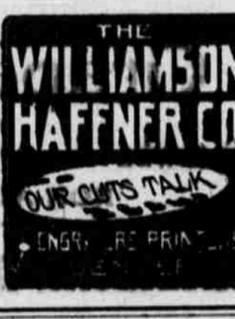

Advices from Manila state that Roberto Cabalero, alias Ning Tong, one of the most famous of the Guerilla chiefs in the Philippine Islands, has been sentenced to life imprisonment. Cabalero's last fight was with the Municipal Presidents and eight policemen of the town of Tuburan.

STRIKE AT GOLDFIELD.

TONOPAH, Nev., August 22.—A long distance message from Goldfield says the Miners' Union last night indorsed a walkout from the Mohawk Mine. Thirty-five men walked out from the Combination mine, where the change room has been finished. The Red Top change room will be completed in a week and it is expected that the men will walk out from that. The operators say they will not recede from their position and this looks like another long siege and may result in a general strike.

Remedy for Diarrhoea—Never Known to Fail.

"I want to say a few words for Chamberlain's Colic, Cholera and Diarrhoea Remedy. I have used this preparation in my family for the past five years and have recommended it to a number of people in York county and have never known it to fail to effect a cure in any instance. I feel that I can not say too much for the best remedy of the kind in the world."—S. Jamison, Spring Grove, York County, Pa. This remedy is for sale by Frank Hart and leading druggists.

Tide Table for August

Table with columns for High Water, Low Water, and dates for August 1907. It includes times for High Water (A.M. and P.M.) and Low Water (A.M. and P.M.) for each day of the month.

That's What Counts

BRAND NAMES OF PIANOS DO MEAN SOMETHING. BUT PIANOS MUST BE GRADED IN THE CLASS IN WHICH THEY BELONG—AND KEPT THERE—TO MEAN THE MOST TO A PURCHASER.

THAT IS THE GOOD SERVICE WE PERFORM FOR OUR CUSTOMERS WHEN WE PURCHASE OUR ENORMOUS STOCKS FROM THE FORTY DIFFERENT FACTORIES WE REPRESENT.

WE BRING EXPERT KNOWLEDGE OF PIANOS TO BEAR IN OUR DEALINGS WITH EACH MAKE OF PIANO WE BUY AND SELL.

AND NO INDUCEMENT OF LARGER PROFIT ON ANY MAKE OF PIANO BY GRADING IT HIGHER THAN IT DESERVES (AND FACTORIES WOULD LIKE US TO DO IT TOO), TEMPTS US TO VARY FROM OUR FIXED RULE TO GRADE, PRICE AND SELL EVERY MAKE OF PIANO WE HANDLE IN THE CLASS IN WHICH IT BELONGS.

SOME PEOPLE MAY DISAGREE WITH OUR JUDGMENT ABOUT RELATIVE VALUES OF DIFFERENT MAKES OF PIANOS BUT THAT DOESN'T PROVE ANYTHING.

THEY MAY BE PREJUDICED OR BEHIND THE TIMES.

WHAT WE SAY ABOUT GRADE AND WORTH OF DIFFERENT MAKES, YOU CAN BANK ON. IN SELECTING A PIANO OF US YOU HAVE ONLY TO DECIDE ABOUT PRICE YOU WISH TO PAY AND OUTSIDE APPEARANCE, UNLESS YOU HAVE IN MIND SOME MAKE THAT IS KNOWN TO YOU.

IF YOU DON'T KNOW WHAT MAKE YOU WANT "TRUST US" AS YOU WOULD COME TO US IF NOT SATISFIED ANYWAY.
