### Fractures Skull of Driver Who Stopped Funeral.

### Teamster Cavanagh Gets His Deserts When he Endeavors to Place Heavy Truck in Line of March of Italian Procession—Action of Policeman Upheld.

BROOKLYN, N. Y., Sept. 13.—The persistence of a driver who tried to force his truck through a crowd of excited Italians in Greenpoint yesterday afternoon landed him in the Williamsport Hospital with a fractured skull. There was so much excitement following the attempt of the driver to force his way through the Italians, who were conducting a funeral procession, it was necessary to call out the reserves of the Greenpoint avenue police station.

The driver is Stephen J. Cavanagh, 24 years old, of 31 Davis street, Queens. He is employed by the Vossnack Lumber Company which has a plant at the foot of Davis street. He was sent over to the Eastern District yesterday afternoon with a load of lumber. He made his delivery and started back shortly before 3 o'clock. He reached the corner of Manhattan and Meeker avenues just a few minutes before 4 o'clock, just as an Italian funeral procession reached the corner. The mourners were mostly of a society known as the Colediese and were escorting the body of a fellow member to Calvary cemetery. The mourners were headed by policeman Michael F. Travers, of the Bedford avenue station, who had been detailed by Capt. Creamer to escort the procession to the cemetery.

Some of the Italians saw the truck coming along and they broke out of the line and called to the driver to stop his horse until the procession went by.

For an answer, it is alleged, the mourners received an oath from Cavanagh who kept right on driving. After he had been warned several times and failed to heed the advice, some of the Italians caught Cavanagh's horse by the head and stopped the animal. Cavanagh became incensed when his horse was stopped, and seizing a stick, jumped from his truck and sailed into the crowd. He struck several of the Italians on the back and shoulders with the stick, whereupon the Italians closed in on the man and began to punch and kick him. Several bystanders believing that the driver was being unjustly treated, waded into the Italians and the procession was brought to a stop.

Policeman Travers fought his way through the crowd and got alongside Cavanagh. Travers began to upbraid the driver, telling him he ought to be ashamed of himself to interrupt a funeral. Cavanagh swore at the "Cop" and made a lunge at him with his stick. Travers ducked and in a minute the two men were in a clinch. The policeman was getting the worst of it when he pulled his club and struck the driver over the left eye.

The blow felled Cavanagh. He was picked up, placed on his truck and taken to the Bedford avenue station. A call for an ambulance was sent to the Williamsburg Hospital. Dr. Henry Dangler, who responded, found that the man had a fractured skull and hurried him to the hospital, where his condition is said to be critical.

When Capt. Creamer heard of the trouble he summoned Travers and ordered him to make out a special report. The officer has an excellent record and is considered one of the best men in the precinct. The driver is a much larger man than Travers, and the general belief is that the Cop was compelled to use his stick to defend himself. Several of the Italians volunteered this information to the Captain.

### HILL INQUIRY TO DROP.

WASHINGTON, Sept. 13.—Upon the reassembling of the interstate commerce commission in October, consideration will be given to the order of the commission made several months ago providing for an inquiry into the operations of the roads controlled by James J. Hill.

Indications point to the abandonment of the inquiry in the case of the Hill roads, and a formal notice to this effect doubtless will be given by the commission when it meets.

Determination to probe the methods of the Hill roads was reached at the time of the issuance of the order investigating the Harriman lines. Then it was planned to look into the operations of all the big roads. In view of the result of the investigation of the Harriman lines, the conclusion has been reached that no good purpose would be reached.

Argument is made that the Harriman inquiry has resulted in the correction of many abuses found, although no prosecution followed, and that some good influence has extended to the Hill roads and other lines. Accordingly it is semi-officially stated that the intention to investigate the Hill roads will be abandoned.

The back aches because the kidneys are blocked. Help the kidneys with their work. The back will ache no more. Lots of proof that Doan's Kidney Pills do this. It's the best proof, for it comes from Astoria.

D. E. Duncan, who resides at the corner of Duane and Ninth streets, Astoria, says: "I had been troubled with a weakness of the back and kidneys for a number of years. There was constant dull aching in the loins and a numbness of the back, often extending through the whole muscular system as far up as the shoulders. Not only did my back ache but there was a weakness from the kidney secretions which was very annoying and disturbed my rest. I heard about Doan's Kidney Pills and used them. I found them to be a great benefit. After the first few doses I felt better. I know of others who have used them with the same good results."

For sale by all dealers. Price 50 cts. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.
