### PARTY OF PERFORMANCE.

**Republican Organization Fosters All** Policies Tending to Make the Country Great and Prosperous.

The Republican is a party of action. It rests upon what it has done, and not upon what it possibly may do in the future. It has fostered everything that has tended to make the country great and prosperous. It has moved with the people. It has kept abreast of the times. It has ever stood ready to modify an old policy or to adopt a new one when the business interests of the country have needed the modification or the change. It has protected American labor by stringent immigration laws. It has protected the credit and business stability of the country by prompt declaring in favor of a gold standard, and writing it in the statutes. When the time came it promptly seized upon the time and the opportunity to begin the speedy construction of the great isthmian canal. It has never hesitated to assume a responsibility. When the cruelties in Cuba threatened the interests of America the Republican party resolved to put an end to those cruelties. When trusts sprang up it enacted a law to curb and control those trusts. When commerce was at the mercy of the railroads, it provided for a commission to regulate them. When shippers were oppressed by transportation companies it promptly enacted a rate law. It has met every emergency in war or peace, met it in a wise, prudent and statesmanlike manner. It is progressive when progressiveness means upbuilding. It is conservative when conservatism means the maintenance of peace, order and prosperity. It has been prompt without undue haste. Peace and prosperity at home—honor and respect abroad has been, is now, and always will be its motto.—Republican National Platform.

### CAMPAIGN EXPENDITURES.

**Democratic Party Cannot Claim Un-**sullied Virtue as to Source of Its Revenues. (From Gov. Hughes' Youngstown Speech.)

Mr. Bryan also has much to say with regard to corrupt practices and campaign expenditures. But he omits to give due credit to the Republican party for what it has accomplished with regard to these important reforms, an accomplishment the more noteworthy in the light of Mr. Bryan's reiterated criticisms of contributions to Republican campaign funds. In the State of New York a Republican Legislature in 1906 passed a statute prohibiting corporations from making any political contributions directly or indirectly, and providing that officers, directors or stockholders participating in or consenting to the violation of the law should be guilty of a criminal offense. And I know of no more drastic statute in this country with regard to the publicity of campaign contributions and for the prevention of corrupt practices than that passed in New York under Republican auspices. These were not promises of an opposition party seeking power, but enactments by a party in power securing genuine reforms. Proper recognition must, of course, be given to the patriotic Democrats who supported these reforms, but they were enacted by a Republican administration. Congress has also legislated against political contributions by corporations. Purity of elections and free opportunity for the uncorrupted expression of the popular will lie at the foundation of every reform and cannot be too carefully safeguarded. And there should be federal legislation securing proper publicity of and accounting for campaign contributions in connection with federal elections. But it must fairly be recognized that the skirts of neither party have been clean. If we search Mr. Bryan's following we shall find not a few who have sinned, and also those who, if we may judge from their local activities, are still unrepentant. The Democratic party cannot claim unsullied virtue either with regard to the source of its revenues or its readiness to receive them.

### LABOR IN DEMOCRATIC STATES.

**Coal Miners in Alabama Subjugated** Into Cringing Dependencies. That there's a "rift within the lute" of the Gompers proposition to deliver the labor vote of the country to Democracy is becoming more apparent. While Mr. Bryan and Mr. Gompers are making special appeals to labor, neither refers to the deplorable condition of labor in the Democratic South. Mr. John P. White, for six years president of the Iowa United Mine Workers, and now one of the national officers of the United Mine Workers' Association, who investigated mining labor conditions in the South, is not so reticent. In a recent address to Local Union No. 97 of Albia, Iowa, he told of persecutions of labor in Alabama where a coal miners' strike was in progress. He is reported as saying: "The miners of Alabama have been subjugated until a majority have become cringing dependencies. Almost daily some of the laboring men of that State were mercilessly shot down

for daring to assert their rights as American citizens. Ninety-one members of the Mine Workers' Association were thrown into jail without having committed any crime other than becoming members of the organization." Alabama is a State absolutely under control of Bryan Democracy.

### Getting Ready For Taft and Prosperity.

One of the leading mercantile houses of New York city has purchased a large quantity of real estate with the view of adding to its present quarters, a member of the firm saying that he looked forward to greater prosperity than ever before to follow upon the election of Mr. Taft to the presidency.

Such indeed is the general feeling among business men. That the nation has the resources, the energies and the opportunities for a future greater even than its glorious past is plain to any intelligent observer. The anxiety and apprehension caused by Bryan's threat to smash business and industry under the pretense of getting rid of "trusts" cause some delay in starting up enterprises which otherwise would be going and in putting money into building and other investments which need the assurance of a sane administration of national affairs to make them certainly profitable. With Taft's election it goes without saying that business of all kinds will take a fresh impulse, because business of all kinds will be sure of fair play, will be sure that the currency of the nation is not to be Bryanized and that the tariff will not be revised by those who are hostile to established industrial interests in which thousands of millions of dollars are invested and which support millions of American workers and their employers, who very generally are the hardest kind of workers themselves.

"He means what he says, and he says what is right," is the way that a plainman voiced his view of Mr. Taft, the Republican candidate for president, during Mr. Taft's recent visit to South Dakota. There's a whole platform in those eleven short Baxon words, and it is the platform of the American people.

The marrow in the bone of political contention is the continuance of Republican prosperity.

Democratic candidates are now hiding in tall talk. After Nov. 3 they will be hiding in tall timber.

It is certain that none of President Roosevelt's letters went to the dead letter office.

### Are You Only Half Alive?

People with kidney trouble are so weak and exhausted that they are only half alive. Foley's Kidney Remedy makes healthy kidneys, restores lost vitality, and weak, delicate people are restored to health. Refuse any but Foley's. T. F. Laurin, Owl Drug Store.

### A Narrow "Street."

The English town of Great Yarmouth contains a street that well may be considered the narrowest built up street in the world. This thoroughfare is known as Kitty Witches row, and measurement gives its greatest width as fifty-six inches. The entrance would seriously inconvenience a stout person, as twenty-nine inches is all that is spared from wall to wall. The town contains many such streets as Kitty Witches.—Westminster Gazette.

### Saved His Boy's Life

"My three year old boy was badly constipated, had a high fever and was in an awful condition. I gave him two dozens of Foley's Orino Laxative and the next morning the fever was gone and he was entirely well. Foley's Orino Laxative saved his life." A. Wolkush, Casimer, Wis. T. F. Laurin, Owl Drug Store.
