

TWENTY-NINE ARE ADMITTED TO STATE BAR

All of the University Law School Graduates Among the Successful.

This morning at 10 o'clock, in the county court room, Justice Andrew D. Bruce of the Supreme Court of North Dakota, admitted 29 young men to the bar of the state. Every member of this year's graduating class of the University Law School who wrote in the examinations last week, was successful; and all were granted the right of practice before the bar of this state. In fact, all but two of the 31 candidates for admission, passed the examinations and were admitted.

Good Papers.

The examiners declare that the papers written by the young men were very creditable. The highest average for the set, was obtained by Lauritz Vold, who is an instructor in the local law school. His average was 88. The next best six, in the order named were: Gordon Smith, Francis Templeton, Clarence D. Kelly, Ludvig Vohayda, Ernest Francis, and Mack V. Traynor. These men were all high and differed by only a fraction point from the high man of the group.

Judge Bruce Spoke.

At the ceremony of admission this morning, Justice Bruce addressed the new lawyers on the subject of their duty as expositors of the law. He pointed out the indispensable function performed by law in society. He showed that fundamentally the great revolutions and upheavals that are rending the world today are attributable to disrespect for law. The function of the lawyer and the judge in creating and maintaining a respect for law, was forcibly brought out by the speaker. Justice Bruce was formerly dean of the Law School in this city.

Successful Candidates.

The names of the men who were the successful candidates in the examinations and who today were admitted to the bar, are as follows: Mack V. Traynor, Gordon B. Smith, Albert E. Sheets, Paul J. Ryan, S. P. Rieger, Albert W. Penath, Henry C. Owen, Owen E. Owen, Hugh McCulloch, Bernard B. Callahan, Joseph Coughlin, M. C. Chase, Laurz Vold, Ludvig Vohayda, E. R. Wilkins, Louis G. Teitner, Geo. D. McClintock, Michael J. Mullen, Theo. B. Murphy, Gordon S. Keith, Clarence D. Kelly, L. E. Kennedy, Theo. J. Krause, M. J. George, Ernest A. Francis, J. A. Dingeldin, H. H. H. Francis, H. H. Templeton and Walter G. McDonald.

BJARNE CHORUS ANNIVERSARY

Thirty-five Years Ago Today Local Society Was Organized.

This morning, Judge L. K. Hassell of this city and G. Peterson of Manville, Alberta, posed for a picture at Hoff's Studio on the 35th anniversary of the organization of Bjarne chorus, the well-known local musical organization. These two men were the founders of the society in this city on Sunday, July 3rd, 1881. Since that date, the organization has had many ups and downs in common with others, but always it has managed to survive. The old charter members tell that at times they were only two members of the group, but that they managed to gather others to keep the chorus going. There are now 35 active members in the society.

Mr. Surrott has spent the greater portion of the month traveling throughout the state, gaining an estimate of the grains and products and the report promises to be of unusual interest to the farmers. COUNCIL MEETS THIS EVENING

Grist of Routine Business Matters and Paving Proposition to Come Up.

The regular monthly meeting of the city council will be held this evening in the council chambers at the city hall, when the contract for the paving of district number 19, which embraces a portion of Belmont and Vernon avenues, will be either let or all bids rejected, according to City Auditor Alexander. The discussion of the paving probably will occupy the greater portion of the evening as the contractors have arisen over the letting of the contracts and it is expected that a committee of property owners to be affected by the improvements will be present. Should the bids be turned down at the meeting tonight, it is not probable that the paving will be completed this summer as the delay would mean that the construction would be continued until late in the fall, when weather conditions would interfere. Much other routine business awaits the action of the council and a few reports from the various city offices will be heard.

FOURTH TO BE QUIET IN CITY

Picnics and Recreative Pastimes to be Indulged in—2 Ball Games Planned.

The Fourth of July in Grand Forks will not be celebrated with the booming of cannons, parades and band music, but the day will be recognized by the residents in a quieter manner and the display of the national emblem will be prominent in every section of the city. Numerous picnics will be held in the city parks and with practically all of the business houses closed, the employer will undoubtedly take advantage of the day to enjoy recreative pastimes. For entertainment, ball games will feature and it is expected that the stands will be packed. A display of fireworks will be certain to be evidenced throughout the day, especially this evening. Dealers in fireworks report a big sale during the past week. The use of mammoth fire crackers and the shooting of powder in a manner that is dangerous to the ban and the local police have stated that a violation of the city ordinance will not be tolerated. The throwing of fire crackers near teams or automobiles will also be officially banned as efforts will be made to prevent any accidents during the day.
