

News of North Dakota

MILITIAMEN ARE READY TO LEAVE

First Infantry N. D. N. G. Expect to go to Border Soon.

(By Staff Correspondent.)
 Fort Lincoln, N. D., July 10.—Preparations for a speedy departure of the First Infantry, North Dakota National Guard, are being pushed to completion and it is expected that the troops will entrain for the south on Monday, although the secrecy that is surrounding all of the troop movements is in evidence here.

Several baggage cars and coaches for the use of the North Dakota boys have been set in on the Northern Pacific spur to the fort, and are already being loaded with supplies. Most of the equipment for the use of the troops have arrived here and is being issued.

Members of Co. M, who failed to pass the strict medical examinations imposed by the federal officers left the camp last evening for their homes. Out of a large number in the regiment who were given a second examination, only four were successful, among them two privates from Co. M, and one from the Machine Gun company.

The Machine Gun company holds the distinction of being the only company in the entire regiment which did not lose a man in the physical examinations. One private, who failed to pass on the first examination because of underweight, gained over five pounds in one day and went through the examination with flying colors on the second trial.

Most of the companies of the regiment have been vaccinated for small-pox during the past few days. No ill effects have been noticed on any of the boys as yet as a result of the vaccination.

Saturday morning a light rainfall.

prevented the usual three hours drill in the field, and as a result, the boys spent the time in their tents recuperating from the strenuous time of the past few days.

PAVING WORK IS BEING PUSHED

Minot, N. D., July 10.—Hanson and Oakes, the contractors who are doing the paving work in Minot this season, are to be commended for the expeditious manner in which they are pushing the work, and the short time they have kept the streets closed because of work. With the exception of a few blocks in the early part of the work on which a delay in the shipping of the paving blocks occurred, the work of grading, cement base laying and laying of the blocks have followed each other in close proximity. Nothing has been done in the way of cleaning up the rubbish, but this is not important, for while it is unsightly it does not interfere with the use of the streets.

The contractors have an equipment of machinery and horses that enables them to push the work on one department without stopping it on another. The steam shovel which is used to grade the streets, easily does the work in the old fashioned manner of plowing and loading the dump wagons by hand shoveling. In three minutes after the shovel is loaded and ready to move out. There is no lost motion of either team or driver.

The same is true of the laying of the concrete base. There are teams enough to keep the mixer busy all the time and men enough on the placing to handle the material as fast as it is delivered.

The grading is now being done on the avenue in front of the federal building and will be rapidly extended to the block south from the end of the viaduct. The Central avenue work is well under way and almost all the work south of that avenue and east of Main street is finished.

RAY DEDICATES NEW M. E. CHURCH

Williston, N. D., July 10.—The Methodist church of Ray dedicated their reconstructed church, Dr. James L. Asher preached at the morning hours of worship. In the afternoon Rev. H. Styles Harris of Williston preached, after which he succeeded in raising the balance of the money for the improvements and enough for the new furniture.

He also preached in the evening to a full house and the day closed full of enthusiasm and hope for the future.

During the morning service 15 were received into full membership and several children were baptized.

To Rev. Miller who is pastor is due much of the credit combined with the faithful work of the official board for these material and spiritual evidences of prosperity. They start out without a dollar of indebtedness upon their splendid church edifice.

LIVESTOCK AT FAIR AT FARGO

Large Exhibit Expected for the Exposition This Year.

Fargo, N. D., July 10.—Live stock representing in the aggregate the sum of \$800,000 or more than 1,300 head of pure bred animals and carrying premiums for the horse, cattle, swine and sheep, totaling \$17,368, will be just a few of the striking features which will characterize the live stock display at the great North Dakota state fair, July 17 to 23, inclusive. All records for live stock entries at North Dakota state fairs have been smashed to date.

July 21, Live Stock Day. Friday, July 21, is live stock day and on the afternoon of that day the pure bred animals will be paraded in front of the grandstand in what will be the greatest parade in the history of the state and the northwest. Awards will be designated by the proper colored cards and ribbons, which will be attached to the animals previous to the parade. Thousands who packed the state fair grounds last year to witness the live stock parade were disappointed when an afternoon shower broke in. It is hoped that history will repeat itself this year. Premiums will be paid on live stock before 3 o'clock in the afternoon before the line of parades in front of the cattle barns, and which will consist of more than fifteen hundred registered animals.

Cattle Premium Summary.
 The general premium summary offered in the various live stock departments is as follows: Horses, \$2,257; cattle, \$9,838; swine, \$2,432; and sheep at \$1,776. Applications for entries will close Monday, July 10, after which date entries will be accepted or refused at the option of the board of directors. Premiums against the judges' decisions, it was stated by the fair management this afternoon, must be made in writing and be delivered to the secretary before 10 o'clock on the day following the judging. The protest must state plainly the cause of the complaint and be accompanied by a deposit of \$10 which will be forfeited to the association in case said protest is not sustained.

Another predominant feature of the live stock display this year will be the several head of horses that will be shipped into the state for exhibition purposes. Breeders outside of North Dakota have begun to recognize the fact that the best stock to raise to the front as a dairy and live stock center and are going to bring the best they have to the North Dakota market. It is expected that the North Dakota state fair.

Reservations for stalls for reaching the secretary by every mail. Almost every available space in the building has been contracted for at the present, and it is almost certain that more than 100 head of cattle will be on exhibit in the cattle building. The new addition to the swine raising industry has been growing steadily in the past two years is shown in the addition to the swine and sheep building. The new addition which will be completed by the middle of this week will connect these two buildings putting the entire exhibit on a single building. It is possible to house the most extensive exhibit ever seen in North Dakota.

Another new addition to the live stock quarters is the erection of a frame structure 40x60, located along the drive northeast from the merchants' building, and giving space for fifty additional pens. It is possible to house the most extensive exhibit ever seen in North Dakota.

Another new addition to the live stock quarters is the erection of a frame structure 40x60, located along the drive northeast from the merchants' building, and giving space for fifty additional pens. It is possible to house the most extensive exhibit ever seen in North Dakota.

Van Pelt to Judge Cattle. Hugle G. Van Pelt, of Waterloo, Iowa, has been engaged by the state fair management to judge all the dairy cattle. He is one of the most widely known judges in the United States and is vice president of the Kimball Dairy Farmer, published at Waterloo, and president of the Waterloo Jersey Farm.

One of the choicest herds of Jersey cattle in the United States will be on exhibit. It will be the herd of Geo. T. Black, vice president of the Northern Pacific, which consists of about fifteen head from Slade's ranch at White Bear Lake, Minn. Competition in the Angus rings give promise of being keen. The entrance of the registered animals of this class from the Harley stock farm at Page, owned by H. R. Hartman, who recently purchased from Charles Beck of Ottumwa, Iowa, several of the best animals of the Angus breed and intends to show them for the first time. It is stated that the herd spent more than \$10,000 this spring in strengthening his herd.

Cattle Exhibitors for 1916.
 The following are the exhibitors at the state fair for 1916 who have entered their pure bred to date: T. H. Skrel, Glyndon; Giles Pettigrow & Son, Flandreau; E. D. North Dakota agricultural college; E. F. Miller & Son, Northfield; J. W. Larrabee, Earlville, Ill.; Jene Duluth farm, Duluth; S. G. Ellason, Montevideo; C. F. Sorenson, Balaton, Minn.; T. Slade, Walter J. Hill, W. Brown, Amenta; Hartley stock farm, Page; Donald D. Reid of Galeville, Wis.; Carlson Brothers of Erskine, Minn.; Lily Johnson of Cogswell, N. D.; C. M. Perry of Felton, Minn.; Isaac Lincoln of Aberdeen, S. D.; E. F. Crabbe of Fargo; George E. Hays of Moorhead, Minn.; H. A. Struts of Bismarck; and Galloway Messer farm of Waterloo, Iowa.

DELEGATES PLAN TOUR OF COUNTRY
 Washington, July 10.—The American union against militarism has invited the three Mexican delegates to the unofficial peace conference in session here to make a tour of the United States and explain the causes of Mexican revolution and border troubles.

Particular attention will be paid on the trip to cities where the union has branches.

The commission on inter-American peace, which grew from the conference announced that its sessions would be adjourned and be taken up again in New York Friday to perfect organization plans. Members said the commission already has attracted much attention in South and Central America.

Dr. Leo S. Rowe, of the University of Pennsylvania and Dr. Willis Slusher, addressed the commission on questions of bettering relations with Mexico.

CANADIAN HELPS DIRECT BIG DRIVE

Gen. R. E. W. Turner.

Gen. R. E. W. Turner, V. C., a Canadian, is reported to be one of the generals directing the great allied drive. Canadian officers have distinguished themselves throughout the war.

 Mail all entries in events or inquiries for information to Arthur A. Powell, secretary Commercial club.

JAMESTOWN POOL HALL IS SOLD
 Jamestown, N. D., July 10.—Deals have been practically closed which will put the ownership of the A. W. Hart Co. pool hall in the hands of L. L. Devereaux, proprietor of the new Blackstone pool hall. When the building now occupied by E. J. Rhoads is vacated, it will be turned into a pool hall under the management of Mr. Devereaux, and the present Hart pool hall will be closed. It is reported that details as to what Mr. Hart intends to do in the future are not known, but he will retain the management until the pool hall is shut down.

ELECTRIC LIGHT AT RAY IS SOLD
 Williston, N. D., July 10.—Mr. W. C. Tatem of the Williston Electric Construction Co., closed a deal with Mr. A. H. Meyer of Ortonville, Minn., whereby Mr. Meyer takes over the Ray Electric Light plant.

Mr. Meyer promises considerable improvement in the service and with Minnesota parties contemplates putting in a 50 barrel flour mill at Ray this fall.

WILDROSE HAS CELEBRATION

Band Concerts, Ball Games and Sports of all Kinds Are Entertainment.

Wildrose, N. D., July 10.—Two full days and nights of band music, sports, races, ball games, speeches, bowery dancing and perfect weather, and the mammoth Fourth and fifth of July celebration at Wildrose is history.

The weather could not have been better had it been made to order especially for this occasion. Warm sunshine, with just enough breeze to keep cool, prevailed both days.

Tuesday forenoon saw automobiles, buggies, wagons and vehicles of all description coming to town from every direction carrying people on pleasure bent. By 10 o'clock hundreds of visitors were already in the city. At 10 a band concert at the bowery was given until shortly after 11. The band consisted of the special train, which was crowded with people from all along the branch. After the visitors were received the parade took place. This consisted of gaily decorated automobiles and other vehicles and was headed by the band.

Following a band concert by the Crosby band after dinner both bands marched to the ball park where a game was played between Wildrose and Powers Lake for a \$100 purse. No admission was charged at this game. The locals won 17 to 2.

At 5 p. m. the races took place on Main street. A tug of war between Williams and Divide counties was won by the former. Other races were as follows:

Men, 45 or over; Barney Hall, 1st; Avery Hall, 2nd; Wm. Scott, 3d.
 Free for all men's; August Olson, 1st; Earl Grindley, 2nd; Sigurd Lytvold, 3d.
 Foot race, boys 10 years or under; Clarence Harder, 1st; George Avery, 2nd; Arthur Medalen, 3rd.
 Foot race, girls 15 or under; Jeannette Goebel, 1st; Helen Erickson, 2nd; Hazel Walstad, 3d.
 Foot race, girls 10 years or under; Jeannette Goebel, 1st; Genevieve Harder, 2nd; Lillie Swendish and Hazel Miller tied for third place.
 Standing jump; Sig Lytvold, 1st; Knute Odgaard, 2nd; Miller, 3d.
 The bowery dancing started about 5 o'clock and kept up until the next morning.

State Attorney Owens made a speech on Main street at 8 p. m. and was very well received.

Wednesday brought large delegations from Cottonwood Lake and McGregor, both of which had celebrated the day before. Another special train also brought a number of people from down the line.

A band concert in the afternoon and at 1 p. m. by both bands was greatly enjoyed by the crowd. At 3 p. m. a game between Tioga and Crosby was played for a \$75 purse. Tioga winning. McGillis and Whitaker were the battery for Tioga and Christy and Atwood for Crosby. There was plenty of band music at the game.

At 5 o'clock a horse race took place. A Lunsted's horse winning 2 out of 3, with J. Ferguson second.

At 7:30 another game of ball took place between Tioga, winners of the afternoon game, and Wildrose, for a \$75 purse. Wildrose being the victor 6 to 3 in seven innings.

Fireworks and bowery dancing wound up the two days' pleasure and the hundreds of visitors went home happy at having been visitors of Wildrose these days.

The crowd, although enormous, was strictly sober and peaceful, and not one arrest was necessary.

Caranza is to have another chance to show whether the de facto government has any real power.

TWO-THIRDS of all the new cars being equipped by their makers with cord tires are going out on Goodyear Cords.

That is important; but the rapidly increasing favor of these tires among owners of all cars everywhere is more significant to you.

For it shows that motorists in general have found out—as the car makers found out—that every good car gains in looks, in power-saving and gas mileage, in long life and smooth riding through Goodyear Cord Tires.

Goodyear No-Hook Cord Tires are made strong, safe and sturdy by these unique advantages:

Jars and jolts are combated by great over-size and the toughness of Goodyear Cord construction.

They are easy to put on and take off because they do not rust fast to the rim.

Blowouts are lessened by our No-Rim-Cut feature.

Punctures and skidding are reduced by our Double-Thickness All-Weather Tread.

Leads Tracks are diminished by our On-Air-Cure.

Blowing off the rim is prevented by our Braided Plane Wire Base.

GOODYEAR CORD TIRES

Goodyear Tires, Heavy Tourist Tubes and "The Best" Automobile tires are easy to get from Goodyear Service Station Dealers everywhere.

BRICK WORK ON BLOCK FINISHED
 Jamestown, N. D., July 10.—The brick work on the Beck block at the corner of Fifth avenue and Third street north has been completed and scaffolding is being removed. The new dark brick is a great improvement over the common brick and adds to the appearance. A large electric sign for the LaCroix company was also placed on the front of the building, bringing the business appearance of the street farther north. The block is owned by Morris Beck, formerly the old post office headquarters.

Mexico finds that "vivas" do not make good filling for empty stomachs.

"On Monday, when the weather's fine, I always wash my clothes."

LITTLE housewives love to launder their dolly's clothes just as they love Kellogg's Toasted Corn Flakes for breakfast.

You know the way of little folks with Kellogg's—when they find something good to eat—they like to have it often.

Packed Waxtite—Look for this signature.

W.K. Kellogg

Imitations come and go! They change their name, they change their form. Some do both. Kellogg's—the Original Toasted Corn Flakes remain as original as ever—light, and dainty, appetizing in flavor with a melting crispness on the tongue.
