

CITY COUNCIL IN ADJOURNED SESSION TODAY

Proposition of Paving Alley Between University and Cheyenne Accepted.

Plan of Substituting Lighter Wire in Paving of District 19 Opposed.

An adjourned meeting of the city council was held in the council chambers this morning at 10 o'clock, at which several matters of importance were disposed of.

The first business to come before the council was the proposition of paving the alley from University to Cheyenne avenues between Third and Fourth streets. Auditor Alexander reported that no protests to the paving had been received in the office, and as a majority of the property owners of the district had already petitioned the council to act favorably on the proposition, the auditor was authorized to advertise for bids, which will be opened at a meeting of the council, probably about August 10, at which time the paving contract will be let.

Would Change Wire. C. C. Jackson, representing the Grand Forks Concrete company, appeared before the council asking that a substitution of mesh wire be used in paving of district No. 19 be made. Mr. Jackson stated that it would take approximately two weeks longer to get wire No. 28, and asked that wire No. 28R be used instead, the latter wire being about four pounds to 100 square feet lighter than No. 28. The council voted to leave the wire as in the original contract that no disturbance with the property owners of the district might arise.

Sewer Plans. An estimated cost of the construction of a sewer between Cottonwood and Cherry streets on Seventh avenue was presented by City Engineer J. J. Smith, the cost being placed at \$54,632. Auditor Alexander was authorized to advertise for bids, which will be opened at the August 10 meeting, when the contract will be awarded.

Association Report. Charles E. Garvin, treasurer of the Grand Forks Fire Department Relief association, presented his annual report to the council showing receipts for the year amounting to \$5,326.48, with a balance in the treasury at the present time of \$5,295.48. The council instructed the auditor to draw a warrant to the treasurer of the asso-

ciation for \$865.76 for the amount due from the money received from the state.

A few minor items of business were disposed of such as approving auto licenses and indemnity bonds, after which the council adjourned until August 7, when the regular monthly meeting will be held.

HAMPDEN MINISTER ACCEPTS CALL IN EAST

A. L. Pardee Leaves for Russell, Pa., in Few Days to Take Charge—Well Known Here.

Rev. A. L. Pardee, who for several years has been pastor of the Methodist church at Hampden, N. D., was in Grand Forks for a few hours last evening on his way to Bismarck, where an uncle is very ill in a hospital.

Mr. Pardee will leave on next Monday or Tuesday for Russell, Pa., where he has accepted a charge in the Methodist church in that city. He will preach his first sermon there on August 6.

Mr. Pardee is well known in this city having attended the university and Wesley college here for years, and graduating from both institutions in 1914.

ARTHUR HALSTEAD OBTAINS DIVORCE

Statutory Complaint Lodged Against Bessie Mae Halstead—Cooley Grants Absolute Decree.

An absolute decree of divorce was granted this morning to Arthur L. Halstead from Bessie Mae Halstead, by Judge C. M. Cooley of the district court.

It was alleged in the action brought by Halstead that he was entitled to separation because of a statutory complaint, implicating his wife. Mrs. Halstead did not appear this morning and the decree was granted.

Two Land Transfers Filed This Morning

Agnes Township Land and Five Lots in Grand Forks Change Hands—Deeds Are Filed.

Two warranty deeds were filed at the office of Register of Deeds A. M. Lodemel yesterday. The deeds were described as follows:

John E. Bronson and husband to Martha A. Foster, part of the northeast quarter of the northwest quarter of section 11, Agnes township, for a private consideration, \$1,200. J. A. Paulson and wife to Jane Surerus, lots 13 to 18, block 20, Budge and Ebelman's third addition to Grand Forks for a consideration of \$1,200.

ONLY 12 PRISONERS HELD IN COUNTY JAIL

Smallest Number of Prisoners for Some Time, Now Sheltered in Bastille as Turner's Guests.

Just 12 prisoners are now being held in the county bastille as the compulsory guests of Sheriff Art Turner. The number is the smallest to be confined behind the bars for some time. Last summer, during the month of July, the jail harbored 42 prisoners.

ONE LONE DRUNK UP BEFORE CHURCH

Only One Intoxicated Nabbed by Grand Forks Police Yesterday—City is Orderly.

One lone drunk faced Police Magistrate Church this morning and as he pleaded guilty to the offense, was fined \$5 and costs. Despite the fact that there are hundreds of men in the city, it is claimed by the police that very few are here to become intoxicated and the orderliness of the city has not been lowered to any extent because of the crowds.

"AG" SCHOOL IS SHOWING STOCK

Interesting Exhibition of Demonstrating Shown in Pavilion.

The North Dakota Agricultural college has an interesting and instructive livestock exhibit that is in the nature of a demonstration in the different types of stock and methods of feeding. Those in charge are ready and anxious to explain to the visitors the different methods used under different conditions. The exhibit has a tent of its own just west of the grandstand.

An interesting demonstration in dairy cattle is attracting a good deal of attention. Two thoroughbred Jerseys and two Holsteins are used for the purpose, tests having been run on them from the time they were fresh until July 2. The purpose of the exhibit is to show the farmer the value of testing his cows. A good many will keep a cow for milking purposes as long as it gives milk, even though it is not paying its board and at the same time raises calves from it. The demonstration would also show that the large type of Jersey is the best kind for this part of the country. Four young steers between the ages of nine and 25 months are being shown as types of beef cattle. Two are grade Herfords and two pure bred shorthorns. They were raised on alfalfa hay, and corn silage with a light bran ration. They have been in pasture alone since May 15.

Another demonstration shows how much it will cost a farmer to properly develop a dairy calf in one year. There are two Holsteins, a Jersey and a Guernsey. They weigh between 500 and 200 pounds, are all nine months old and the cost is shown to be between \$65 and \$70.

The exhibit of pigs is a large one and demonstrates feeding and the gains made per day and the amount of grain used per pound in gain is shown. The breeds are mixed in all cases to show that the feeding is responsible for the different gains and not the breed.

Pigs running on oat pasture and fed grain three times a day gain .60 pounds per day.

Pigs pastured on Canadian field peas averaged a daily gain of .66 pounds. The grain used per pound in gain was 3.85 pounds.

Pigs on alfalfa from May 27 to July 12 with grain twice a day gained 1.03. Two and ninety-four hundredths pounds of grain was used to the pound in gain. The cost per 100 pounds in gain was \$2.94.

Pigs fed in a dry lot with a grain feed gained .72 pounds per day and consumed 4.3 pounds of grain per pound in gain.

Pigs pastured on sweet clover and fed from a self feeder averaged a daily gain of 1.22 pounds per day and ate 3.7 pounds of grain per pound in gain.

The college is showing a large number of sheep, used to give an idea of what the different breeds should weigh at different ages. Four month's old Shropshires, both ewes and rams; Southdowns and Hampshires.

MACHINE CRASHES THROUGH WINDOW

Maxwell Car Driven by East Grand Forks Girl Cuts Capers on Third Street Last Evening.

A Maxwell automobile owned by C. J. Turnbom of Northwood and driven by Miss A. Parnes of East Grand Forks, crashed over the curb on the south side of DeMers avenue between Third and Fourth street last evening and demolished the big plate glass window of the Taubel sisters store.

Miss Parnes was driving the machine east when it collided with a bicycle owned by John Brown. The lad was thrown to the pavement and received a badly bruised arm and a severe scalp wound. In attempting to extricate the machine, the car was thrown into reverse gear and it turned sharply towards the curb and into the window.

No arrests were made by the police as Mr. Turnbom announced his willingness to settle for all damages. The bicycle was badly damaged but is being repaired at the expense of Turnbom.

ONE CASE LEFT ON CALENDAR

Seattle Fruit and Auction Company Begins Litigation With O. J. Barnes Co. of This City.

The last court case on the present calendar will be taken before Judge Cooley tomorrow morning when the present session will be adjourned until August 10.

The case to be heard by the court tomorrow, is an action brought by the Seattle Fruit and Auction company against O. J. Barnes Co. of this city. It is expected that this case will be completed by Friday night. Several decisions are yet to be handed down by the court and these will probably be announced within the next few weeks. When court adjourns following the completion of the case which starts tomorrow, no more cases will be heard until August 10. It is not known whether or not any actions will begin at that time.

COMMITTEE MEETING ON THIS AFTERNOON

Members of the buildings and grounds committee of the Grand Forks school board are meeting this afternoon at the city hall for the purpose of discussing the plans to be used in the construction of the new high school building.

Three different varieties are being held for consideration for the new building. It is expected that a decision will be reached today and a recommendation made to the school board as to which quality to select.
