THIS is the car that gives more for the free and unhindered movement of the driver, and for the solid riding comfort of its passengers.

No car selling within \$250 to \$400 of its price gives such mechanical perfection, such power and balanced lightness, all conducive to motoring comfort, as the Studebaker Six, now in such demand that even the tremendous manufacturing facilities of Studebaker cannot adequately cope with it.

Ride in a Studebaker and see why.

The Car of the Golden Chassis
