POOR DISPLAY PATRIOTISM.

English Families Uncomplaining on \$5 a Week. London, Aug. 2.—"One of the finest features of the war," says a writer in the Daily Mail, "is the patriotism of poverty. I have just had a meal with a poor family, the meat cost sixpence and eight persons were served, including myself. We had two 'kippers' and tea and butterless bread. And at the close a little girl of three sang 'Keep the Home Fires Burning.'"

The writer says the working classes of Great Britain have showed themselves wonderful under the increased cost of living caused by the war. He gives the weekly budget of the East End family, comprising father, mother and six children, which shared one of their meals with him. The income of the family is a pound a week.

The budget turned into American currency follows: Rent, \$2; bread, \$1.16; flour, 35 cents; meat, 37 cents; tea and sugar, 25 cents; coal, 16 cents; gas, 4 cents; margarine, 20 cents; milk, 14 cents; vegetables, 25 cents; sundries, 4 cents. Total—\$4.96.

LAND THAT HAS CHANGED HANDS.

The allies possess 642,640 square miles of Germany's colonies. Soon they will have a poor family, the meat cost sixpence and eight persons were served, including myself. We had two 'kippers' and tea and butterless bread. And at the close a little girl of three sang 'Keep the Home Fires Burning.'"

Germany's Austria had 84,873 square miles of allied territory: Belgium.....11,373 Poland.....50,000 Serbia.....19,100 Northern France.....8,500 If we were in Germany's shoes it would be as though we had lost California, Oregon, Washington, Utah, Montana and Idaho.

If we were in allies' shoes it would be as though we lost New York and Pennsylvania.

LEAGUE TO START DAILY NEWSPAPER

Nonpartisan Officials Announce Plans for New Paper.

(Herald Special Service.) Fargo, N. D., Aug. 2.—Nonpartisan league plans to start a daily newspaper in North Dakota are announced in the recent issue of the Nonpartisan Leader.

The Nonpartisan Leader proposes the publication of a daily for six months, beginning October 1, and proposes to charge \$2 that period, or on a basis of \$6 a year.

In making the announcement, the Nonpartisan Leader declares that the question of when a daily would be published has long been asked league leaders. They now put the proposition up to the league members.

"We will establish a daily newspaper to be printed in Fargo for general circulation throughout the state if the people of North Dakota will pledge sufficient support to enable this paper to pay the expenses," is the form of the announcement.

After the six months trial period, the Nonpartisan Leader says, it will be left to the people of the state whether they want to continue. The publication would be a seven-day affair, probably issued mornings. It would be known as "The Dakota Daily Leader."

ARMY MEN POOR AT PHONE.

Policemen, Too, Bad Talkers—Actresses Prove Best. London, Aug. 2.—The best speakers on the telephone are actresses and the worst are military officers and policemen. A telephone operator is quoted by the Daily Mail as saying: "Soldiers who are accustomed to giving orders, and policemen too, the operator continued, 'develop a way of clipping their words. They also have a habit of shouting in their voices; that is, they let the intonation drop every now and then, so that you have to seize at fragments of words. Actresses have rich musical voices, no matter how high pitched they may sound on the wire. This with a trained enunciation makes them ideal telephone speakers."
