

THE CITY IN BRIEF

Wanted at Once—First class baker. Apply at Gelst's.—Adv.

Ice! Ice!—Grand Forks Ice Co. Both phones 447.—Adv.

Leaves for Milwaukee—Tom Moore of the Moore Automobile company has left for Milwaukee where he will spend several days as the guest of relatives and in transacting business.

Five Sweetest Words in the English language, "Have a drink at Gelst's."—Adv.

Leaves for Illinois—Dr. M. W. Murray, who recently recovered from an attack of appendicitis, has left for his home at Stockton, Ill. He will return to this city next fall.

Independent Ice Co.—Strictly pure taken above the sewer district. Phone 47-L.

Patmore Back—Howard Patmore has returned to his duties in the state high school examiner's office at the university after spending several days at his home at Drayton.

Dr. Swendiman's dental office will be closed from August 2 until August 21.—Adv.

Trip in Kansas—Mrs. O. E. Kirlin, matron of Savoy hall, and Mrs. H. H. Moore and two children of Grafton left Wednesday for their old home in Hiawatha, Kan. They expect to be gone about one month.

Office Moved—L. A. Chance, attorney, is now located over Dacotah Pharmacy, corner Third and DeMers.—Adv.

Larimore Visitor—Jameson Larimore, a prominent hardware merchant of Larimore, spent Wednesday in the city attending to matters of business and visiting with friends. He returned to his home last evening.

Announcement—Mr. O. O. Rysstad, jeweler announces that he has removed from opposite the Herald building to his former place of business, 21 South Third street.—Adv.

License Issued—The first marriage license issued during the month of August was granted to George A. Swendiman and Miss Edith Benson. Dr. Swendiman is a prominent Grand Forks dentist, while Miss Benson is also well known here.

To Meet Tonight—Members of the Modern Woodmen of America will hold a meeting this evening in the Odd Fellows' hall. Much business of importance will be taken up and every member is urged to be present.

Goes to Bottineau—Walter P. Bel-yea, who has been attending summer school at the university and who is in charge of the weather station during the school year, left this morning for his home at Bottineau, N. D. He will return to Grand Forks about September 7.

Card of Thanks—We wish to thank our friends and neighbors for the kindness and sympathy shown at the death of our son, Harold; also for the beautiful floral offerings. Signed, Mr. and Mrs. C. C. Coulter and family.—Adv.

PROTEST ELECTION HELD IN PANAMA

Washington, D. C., Aug. 3.—Samuel D. Lewis, an attorney for Dr. Chiari, unsuccessful candidate for the presidency of Panama, called at the state department to protest the legality of the recent election in which Ramon Valdez was chosen president. The Chiari party contend that government fraud by an election committee prevented the United States to set aside the choice under the terms of the treaty by which this government assures the voters of Panama of fair elections.

American Minister Price, at Panama and military authorities of the canal zone also have submitted reports which are said to show unfairness, but department officials are inclined to hold that the operation of the treaty is limited to adoption by the United States of precautionary measures in advance of an election and that there is no warrant for challenging results.

NOMINATIONS CONFIRMED. Washington, Aug. 3.—The senate today confirmed unanimously the nominations of Charles F. Lohdell, Great Bend, Kan.; George E. Norris of Philadelphia, W. G. A. Smith, Sioux City, Ia., and Herbert Quick, Berkeley Springs, W. Va., as members of the new farm loan board. There was no opposition.

"IF"

The world is full of failures, men and women who often say: "If I only had a chance," or "If I had done this or that I would be occupying a better position in life."

Don't let this word "if" stand in the way of your success. Secure a knowledge of bookkeeping, banking, shorthand, typewriting, etc. This business training is one of the safeguards against failure. Send for free catalog of our big, success-making school and find out how to succeed.

SHOP IN THE HERALD

Bell in City—F. Bell of St. Paul, general superintendent of the Great Northern railway, is spending the day in the city on a general inspection visit.

Here from Cray—Edward Becker of Cray, N. D., is spending the day in Grand Forks transacting business and visiting with friends. He will return to his home this evening.

Leeds Visitors—J. P. Manning and wife of Leeds, are spending the day in the city as the guest of friends and transacting business matters.

Business Visitor—R. A. Halquist of Oelo is spending the day in the city calling on friends and transacting business. He arrived in the city last evening.

To Attend Meeting—C. W. Graves, secretary of the Grand Forks Commercial club will leave this evening for Bottineau where he will attend the meeting of the North Dakota Press association which convenes in that city tomorrow. He will return to this city Sunday evening.

Leaves for Nome—Earl McTaggart of Bemidji, who has spent the past few days in Grand Forks as the guest of friends, will leave tonight for points in western Canada where he will spend a short time on combined with his former place of business, leaving for Nome, Alaska, where he will remain for several weeks.

BORLAND CHARGES A BEEF COMBINE

Washington, Aug. 3.—Representative Borland of Missouri renewed his charge of a beef trust in the House and demanded action on his resolution proposing an investigation of meat prices by the federal trade commission. He declared the packers were dividing enormous dividends while they charged consumers war prices and had tried to stifle the proposed inquiry because they feared publicity.

The Borland resolution, he pointed out, had been before the judiciary committee for six months, during which the stock prices had been going steadily upward.

BILL MODIFIES CARRIERS' ACT

Washington, Aug. 3.—The so-called Cummins amendment to the interstate commerce act, passed last year, making carriers liable for the actual loss or damage to property transported, regardless of liability limitations would be modified by a senate bill passed yesterday by the house.

RAILROADS ARE TO FIGHT COMMISSION

New York, Aug. 3.—After a conference of officials of railroads with terminals in Jersey City here yesterday, it was reported that the railroads would fight the resolution adopted yesterday by the board of commissioners of Jersey City designed to prevent a recurrence of the Black Tom island explosion by prohibiting the shipment or storage of high explosives within the city limits. It was said that the railroads would apply in federal court for an injunction restraining the city commissioners from carrying their order into effect.

There was another explosion scare today when it was reported that the smoldering fire from sugar was spreading to two freight cars loaded with high explosives and shrapnel at the extreme end of Black Tom island. The cars had been buried under debris and could not be removed to a place of safety. The fire chief found that the blaze, while serious, was under control.

The fire and water poured on it have turned thousands of tons of sugar into a slurry that spread over much of the island.

Shrapnel shells in the piles of debris were exploded by the intense heat in such numbers that more than fifty workers working near the fire were ordered away and a "deadline" established.

DRY ELECTION IN ONTARIO PLANNED

Toronto, Aug. 3.—Indications are that there will be a referendum on the subject of total prohibition for Ontario. The last session of the legislature, after receiving a big petition from electors all over the province, passed a measure enacting prohibition from September 16 this year with a vote to be taken after the war. The government defeat in South Perth by-election and trouble in getting a strict government candidate in West Toronto, the seat vacated by the death of Hon. J. J. Foy, with prospects of a party split, seem to be favoring the Ontario government. Premier Hearst is said to feel that the temperance forces are not supporting him in spite of his refusal to appeal for a prohibition measure. The government feels that the measure was in advance of public opinion and is now discussing the taking of a referendum with three questions to the electors: "Do you favor the present license system? Do you favor beer and wine licenses? Do you favor provincial prohibition?" It is stated that the prohibition measure will have to come into force September 16 and that the legislature will decide at next session the taking of a referendum to determine whether the act shall remain in force.

CARDINAL SENDS APPEAL TO POPE

Paris, Aug. 3.—Cardinal Luçon, archbishop of Rheims, has sent a statement to Pope Benedict relative to the alleged inhuman treatment of the population of the invaded regions of northern France by the German authorities. The cardinal urges Pope Benedict to use his high influence to secure a renunciation of such conditions, which are manifestly contrary to humanity, international conventions, the rights of nations and morality.

HEARING TO BE HELD

Interstate Commerce Commission Price Dates. Washington, Aug. 3.—The interstate commerce commission set for August 14, a hearing on many protests received against proposed increases in freight rates between east and Pacific coast and inner-mountain points. The increases follow an order of the commission in a recent mountain rate cases in which prohibition for some advances was given. The shippers contended that the railroads have gone further than the commission contemplated. The new rates are to become effective September 1 unless suspended.

WHEAT PRICES MAKE NEW HIGH LEVELS TODAY

Lack of Moisture and Reports of Rust Send Figures Upward.

HIGHEST MARK SINCE OUTBREAK OF WAR

Canadian Reports Unfavorable—Little Rain in the Northwest.

Minneapolis, Aug. 3.—The price of wheat advanced today to levels that had not been reached since the great rise that followed the outbreak of the European war in 1914. At that time wheat futures in Minneapolis rose to \$1.60 level. Predictions were made today that insofar as the northwest's annual money inflow is concerned, there is an indication of the maintenance of the volume, in consequence of the greater farm values for crops that are expected, and that this will in a great measure offset the losses in business.

September wheat advanced yesterday from below \$1.30 to \$1.35 and closed at \$1.34. It sold early today as high as \$1.38, with predictions at the time that it would go still higher. There was little rain last night in the northwest. Canadian reports were unfavorable, but there was a variant opinion as to the extent of the damage.

Since July 5, when Minneapolis September wheat was quoted at \$1.07, and in Minneapolis December at \$1.08, there has been moisture deficiency in many parts of the northwest, although prior to that time too much rain had fallen in the Red River valley.

The advance has carried the prices up about 30 cents a bushel. The appearance in the fields of black rust, which spread rapidly, accompanied by a lack of rain and extreme temperatures, caused the advance.

WOMAN COMPLAINS TO GOVERNMENT

Chicago, Aug. 3.—Complaint of having been held prisoner for several days by Canadian authorities, forced to buy her own food or go hungry and then being deported at her own expense, was made by Mrs. Ella Bishop of the United States authorities. H. D. Ebeby, acting head of the federal immigration bureau, said Mrs. Wilson was stopped at Sarnia, Ont., while on her way to visit Canadian relatives. He added that local federal officials could take no cognizance of the case and that Mrs. Wilson's redress lay in appeal to the Canadian authorities.

LIQUOR ISSUE IS THRUST FORWARD

Hughes, by Challenging Wilson's Stand on Suffrage, Brings up Issue.

(Herald Special Service.) Washington, Aug. 3.—When Charles T. Hughes bodily challenged President Wilson's position on woman suffrage, he made an issue on which the election may turn in the big states. This is not to say on the suffrage question itself, but on the liquor question, which cannot be divorced from suffrage.

The issue, as it is forced into the campaign by Mr. Hughes' frank support of the Anthony amendment, tends in the judgment of politicians, to bring the liquor interests in pivotal states to the side of President Wilson, and the temperance interests to the support of Hughes.

While it is true the president has not avowedly taken the wet side, it amounts to this when he shunts the suffrage out of the democratic campaign. The wets will be with the candidate, who turns even half way back on suffrage. In the eastern states, suffrage apparently ought to help the president if the election turns on that issue and the liquor question combined. In the west, suffrage should help Hughes.

COMPANY CLAIMS RIGHTS INFRINGED

London, Aug. 3.—Presiding at the annual meeting of the Hudson's Bay Co., Governor Kindersley, whose appointment was confirmed, stated that the committee had recommended the distribution of five per cent on ordinary shares in respect of land receipts, and 15 per cent from profits of other trades, making a total of 20 per cent.

The profits for the past year amounted to \$23,000 from the fur trade and \$247,000 from sale shops and other trading. In the eastern part of a loss of \$38,000 and a profit of \$5,000 last year. He viewed with gratification the less extravagant mood of those responsible for the conduct of municipal affairs in Canada. This had resulted in a reduction of taxation, which he said had increased by \$75,000 since 1911.

The company intended to take a number of test cases to the Canadian courts with respect to taxation in Saskatchewan and Alberta and other provinces.

The company had also been hard hit by the introduction of the prohibition laws, which the chairman described as drastic and very detrimental to the company's stores. In regard to the prohibition legislation, the company, he said, were advised that their rights were being infringed upon, and therefore, in this case also, legislation will be resorted to, because infringement is the fundamental issue affecting not only the company's liquor business, but the far greater question of the general trading rights of the company in the Dominion.

Trunks We are showing a splendid assortment of trunks in regulation and steamer sizes; at popular prices, \$5.00 up to \$12.50.

PRICE OF MILK STARTS ADVANCE IN MILL CITY

(Herald Special Service.) Minneapolis, Minn., Aug. 3.—The price of milk started its annual summer jump in Minneapolis today when the Morden Milk company advanced the retail rate from 7 to 8 cents a quart. The same company raised the price on cream from 7 to 8 cents a half pint and the price on milk in pint bottles from 4 to 5 cents.

A. R. Ruhnke, president of the Metropolitan Milk company, announced that his concern would make a similar advance within a few days. W. A. Page, manager of the Quaker Creamery company, said that the company also will be compelled to increase prices. It was said the smaller companies are preparing to follow suit.

All companies explained the advance by saying poor pasturage had caused a milk shortage on farms, resulting in a demand by farmers for more money for the product of cows. The advance comes at the same time as that of last year, when most companies put the price up from 7 to 8 cents a quart August 12.

SIR ROGER CASEMENT HANGED THIS MORNING

(Continued from page 1.) volunteers. He was in the United States when the war began and addressed an open letter to the Irish press advising Irishmen to remain neutral. In October, 1914, he went to Norway and thence to Berlin, whence came the news that startled the world—Casement was plotting what his country looked upon as high treason. His friends, recalling his years of service in Africa and South America, claimed for him that the tropical sun had unbalanced him mentally. Casement was born on Sept. 1, 1864.

RAILROAD OFFICIALS INSPECT ARMY CAMPS

Laredo, Tex., Aug. 3.—Colonel W. C. Langfit and Major A. S. Grant of the United States army, accompanied by General Manager A. G. Whittington of the Great Northern railway and Horace Booth, traffic manager of the same road, arrived here yesterday for what they characterized as a routine inspection of local conditions. It is understood the inspection is for the purpose of securing a more intimate knowledge of conditions in this vicinity.

WESTERN CROP GOOD.

Portland, Ore., Aug. 3.—This season's grain crop in the northwest will equal in quality the best crops of previous years, according to reports

GOLDEN GATE GETS MANY MORE VESSELS

San Francisco, Aug. 3.—Customs house figures here show that the number of vessels passing through the Golden Gate from foreign ports has increased since the beginning of the European war.

During the year before the war, ending July 31, 1914, 638 vessels arrived, in the first year of the war 654 dropped anchor here and during the following year, ending July 31, 1915, 767 came. August showed the greatest gain of the months, in August, 1914, the first month of the war, 42 vessels arrived and in August, 1915, 72.

HUGHES AT HOME.

Bridgeton, N. Y., Aug. 3.—Charles E. Hughes returned to Bridgeton last night and will remain at his summer home here until Saturday, when he will begin his western campaign trip.
