EAST GRAND FORKS

SUPT. LURTON VISITED MEXICO

Returns After Interesting Tour in West—Crossed the Border.

Supt. and Mrs. F. E. Lurton returned this morning after making an extensive tour of points on the west coast, during which Mr. Lurton had an opportunity to make a short excursion into Mexico.

Supt. and Mrs. Lurton left this city shortly after Mr. Lurton had completed his teaching engagement at Bemidji this summer. They have visited points all along the coast. They passed through the middle states in going to California. In this state they stopped for a short time at Stockton, where they visited with Mr. Lurton's mother. From there they went south and Mr. Lurton had an opportunity to make a visit into Mexico.

The Mexican town visited was that of La Juana, meaning "Annie Jane." From that town Mr. Lurton said this morning, the town does not quite live up to the domestic sound of its name. This section of Mexico does not appear to be in sympathy with Carranza, and is not furnishing food or facts government with any troops in the present imbroglio. One significant thing noticed is that over the door of the custom house there still hangs the picture of Porfirio Diaz, since whose death no president has been recognized by this section of Mexico.

The Mexican seen by Mr. Lurton appear much like our own Indians. They are in fact, largely Indian in descent, and Mr. Lurton was impressed with their apparent fighting ability. Only about eight or ten per cent of the people are of Spanish descent. Mr. Lurton had an opportunity to speak to one of these, who was a local merchant.

In making the return trip to East Grand Forks, Mr. and Mrs. Lurton went by steamer from San Francisco to Portland. From there they went to Livingston, Mont., where they visited for a few days at the home of Mrs. Lurton's brother, Ralph Babbit.

Mr. Lurton now is arranging details connected with the opening of the East Grand Forks schools on September 5.

SPECIALTIES TO BE FEATURED

Bargain Goods Will be Handled at "The Fair Store."

R. Smith has returned to East Grand Forks this morning after a two weeks' buying trip in the east, during which he has secured stock for the new department of Bydal & Bydal store in this city.

Mr. Smith, who is to have full charge of this department and is part owner of it, announced today that the new store will specialize in bargain goods of wide variety, making a feature of dry goods specialties in women's and children's supplies. Small hardware, glassware, school supplies, stationery, staple toys and candy will be handled in large stock. The class of goods will, in short, be similar to that handled in 5 and 10 cent stores.

The new store will be known as "The Fair Store." It will be on a strictly cash basis. It is expected that it will be open to the public some time in early September. Carpenters are rushing the work of preparing accommodation for the large stock of goods, most of which is already on the way or is being packed at factories for the local concern.

B. C. SOLDIERS AT CAMP HUGHES VOTE

Camp Hughes, Man., Aug. 22.—Yesterday was election day in Camp Hughes for the British Columbia members of the various battalions in camp. C. company of the 196th battalion.

Arrangements for taking the vote were made last week by Captain Cox of the 143rd (B. C. Bantams), who appointed Captain Fullerton, 183rd, Captain Sheppard, 196th, and Captain Sturgess as deputy presiding officers. The votes were polled in the recreation tent of the Western Universities battalion.

The committee was instructed to continue an option on a suitable location.

The committee on railroads reported that the Great Northern officials had acknowledged the receipt of the request of the club for twin cities train service, but had expressed doubt at their ability to make arrangements for this improvement for the East side.

A number of routine matters were discussed and acted upon. Several applications for membership were received and acted upon. Further meetings of the club promise to become increasingly interesting and profitable with the approach of the fall season.

FAMINE BUGABOO ALARMS BRITISH

London, Aug. 22.—Black bread and a scarcity of meat are the bugaboos that loom before many pessimistic persons on these islands. Incidentally, American wheat speculators and meat packers are being blamed, in part, for the tremendous rise in the cost of living.

Here and in other large cities in the kingdom mass meetings have been called for to demand from the government measures to reduce the price of foodstuffs.

The cost of living is at the highest point since this war began. Everything worth eating is approximately 65 per cent higher. Throughout Great Britain there is a strong popular agitation looking to some definite economic policy by the government to regulate the price of food.

By an order issued in the official gazette last night, under the defense of the realm act, new powers are given to those regulating the food supply and the withholding of food products from the market and to prevent the accumulation of stocks of food in excess of normal requirements.

This order follows closely the charges made in parliament that the American beef trust, so-called, is holding large quantities of meat from this market to boost prices.

In many hotels and restaurants prices have been advanced heavily or the portions diminished. While many persons in this country believe that wheat speculators in America are holding the screws, as many hold that farmers in wheat here are even more to blame for hoisting the price of flour.

Food experts are telling in the newspapers of their experiments with cereals which may be substituted for wheat.

GERMANS BAN POLITICS. Milwaukee, Aug. 22.—Unanimous adoption of a resolution barred the discussion of political questions at the 24th annual convention of the German Press association of Wisconsin here. Emil Wittzack, president of the organization for 15 years, announced his resignation. Officers elected were: President, F. C. Bled, Milwaukee; vice president, F. C. Bled, Milwaukee; secretary, Otto Mathis, Shawano; treasurer, Otto Schaeffer, Appleton. The 1917 convention will be held at Medford.

"Food Is Its Own Best Digestant" "All too frequently, we prescribe medicines for patients who suffer from indigestion, when, as a matter of fact, what they actually need is a simple course of dietetic training, and the proper food-stuffs to train on. "This is the famous "reason" for the popularity of Grape-Nuts as an article of diet, viz., that it furnishes this very course of training for the digestion. It not only furnishes the natural diastase for the process of digestion, but it favors a return to normal digestive function because the firm, crisp kernels compel thorough mastication. "One ought not to leave out of consideration the psychic element—the delicious treat to the palate afforded by a dish of Grape-Nuts and cream." From April, 1916, American Journal of Clinical Medicine
