LOCAL GOLFERS IN FIRST ROUND FOR CULB TITLE

Sixteen Players Will Qualify Today in the Championship Play.

Will Not be Surprising to See Some New Scores This Year.

Something over twenty golfers started off at 2 o'clock this afternoon in the qualifying round of the championship event of the local club. Sixteen low scores will qualify that many players for the first flight of match play tomorrow afternoon, when eight will be eliminated, on Friday afternoon four more will be put out of play and the semi-finals will be played Saturday.

Any one of the ten scratch men playing today is liable to win the championship this year. They are all playing great golf. Murphy, runner up in the state championship this year, is playing the best golf of his life, and G. M. Booker, who made a lower score at Bemarck than Kuster, the champion, and who held the course record there until McElligott and Webster, the two professionals, made it in '79, will have to be given serious consideration.

Schlusser is not playing in his old form lately, but if he hits his stride this week he will be dangerous, while the club champion, H. B. Finch, and Lovelace and Stevens are all in the running.

Quite a good sized gallery is watching the play this afternoon. The weather is the best it possibly could be and the course is in perfect condition.

Iowa City—Iowa's hope for a place among the top-notchers of conference football this season rests in a great measure on the chance of the material Coach Howard Jones will find in his squad of recruits. There will be a few of last year's men back and advance information from the former Yale star is that there will be some promising candidates among the sophomores.

STARS OF A FEW YEARS AGO FADE AWAY AND FEW FANS PAUSE TO SEE THEM GO

Babe Adams (left) and Red Doolin.

The failure of Babe Adams to show anything of his best form this season followed by his recent unconditional release has been one of the big surprises of the game this season. Last year he broke even in twenty-eight games with a losing team and even then it was thought that he was due for a better year this summer after a slight slump. The best game he worked against St. Louis this spring showed all his old-time class, but since then he has been bumped and pounded at every appearance.

National Tennis Title May Take Trip to Japan--the Defeat of Champ Looked For

New York, Aug. 23.—During the progress of the Longwood tennis tournament a few weeks ago the remark was made, half in jest, perhaps, but seriously, that a season or two more would see the national singles championship resting in the far east. It was a rash statement, or at any rate, it sounded so, when he heard. Two Japanese were here, to be sure, but there was little that seemed to indicate that they might become formidable rivals to the best men of this country, although Ichiva Kumagai had earned the verdict over Clarence J. Griffin of the California group. Even he who made the remark probably did not hold any thought that the prediction would threaten to come true within a brief period. But that is just what has happened.

Must Face Facts. The victory of Kumagai in the Newport invitation tournament on Saturday brings the tennis players face to face with the possibility that the men's singles championship may go to a foreigner, as has the women's title to Miss Molla Bjurstedt of Norway. Kumagai scored a marvelous success in the final round when he defeated the leading player of this country, William M. Johnston, in a five-set match. With the national championship only a few days away, this little Japanese must be considered as a formidable factor, while in the minds of some he will rule favorite. In the Newport tournament there were two former national champions, Richard Norris Williams, 2d, and William J. Clothier, as well as the present title holder, Johnston, truly an imposing array of talent, but strong enough to prevent Kumagai from proving the superiority of his odd game from Japan.

Learned at Home. Kumagai learned his tennis in the land of the chrysanthemum, under conditions entirely different from those which prevail in this country, and this his game is a reflection. Like many who have raised themselves to the top rung in various branches of sport, he is not of the established school. He violates all the standards of good tennis, says yet he has defeated the best of those whose game is based on form. This is a subject for serious consideration. Has this Japanese really developed a superior tennis? Is the game which humbled Johnston stronger than the accepted Californian type of which McLoughlin is the greatest exponent? These are questions which occupy the minds of tennis men for some time to come, no matter what may be the fortune of Kumagai as to the national championship.

Chicago—Motor racing fans here believe leading honors in the grand prix race on the Maywood speedway August 19 will be taken by Dario Resta or Ralph DePalma. An interesting race between the two is expected, though other entrants are not counted out.

FIELD TRIALS WERE FINISHED LAST EVENING

Bench Show and Free-for-all Stake Held in the Afternoon.

Munich Dog Wins Sweepstakes and Local Dog Free-for-all.

The field trials of the Grand Forks Kennel club were finished last evening with the free-for-all stake which was won by Murphy's Lady. The event was started about 3 o'clock, following the conclusion of the bench show held at the Bear farm, and was run southeast toward Grand Forks. It was during this run that practically all of the birds were found.

Game Scarce. It was the absence of game that made the holding of the trials difficult. Early rains that killed off the young birds and later fall and wind storms have about cleared out the young prairie chickens in the valley and but few were found during the forenoon. Added to this some of the dogs were very poorly on the birds that were found, while others did not get a chance.

In numbers the trials were very successful and the day was excellent. It became warm during the middle of the day, but at that time the bench show and annual meeting was held, and the dogs were not required to run until it had cooled off somewhat. The awards made during the afternoon are as follows: English Setters, Puppy Dogs. First, Derby Cap, owned by J. M. Carey of Munich. Setter Dogs. First, Riley's Frush, owned by O. A. Drews, Munich. Second, Billy, owned by J. E. Nuss, Grand Forks. Third, Carey's Pride, owned by W. A. Carey, East Grand Forks. Reserve, Silken Whitestone, Emil Johnson, Grand Forks. Pointer Bitches. First, Queen Hawk, owned by O. A. Drews, Munich. Second, Cleopatra, owned by J. C. Sheppard, Grand Forks. Third, Lady B, owned by E. A. Buckley, East Grand Forks. Reserve, Murphy's Lady, owned by Jas. Murphy, Grand Forks. Pointer Dogs. First, Murphy's Sport, owned by Jas. Murphy, Grand Forks. Second, Millionaire's Brother, owned by J. D. Turner, Grand Forks. Third, King Cy, owned by Dr. Barber, Grand Forks. Reserve, Sportsman, Emil Johnson, Grand Forks. Pointer Bitches. First, Carey's Kem Bell, owned by J. W. Carey, Munich. Second, Finley's Duck, owned by H. B. Finch, Grand Forks. Only two entries. Sweepstakes. Queen Hawk, owned by O. A. Drews, Munich. Free-For-All Stake. First, Murphy's Lady, owned by Jas. Murphy, Grand Forks. Second, Millionaire's Brother, owned by J. D. Turner, Grand Forks. King Cy and Colborn's King divided third honors.

SPOKANE GETS PENNANT

Slump Losses Butte a Chance to Win Northwestern Pennant. Butte, Mont., Aug. 23.—Spokane has won the Northwestern league pennant as the slump of the Butte Ironmen in the present series has dropped them to a fight with Tacoma for second place. Spokane has not shown a slump all season, and has only to dispose of Tacoma, for Bob Brown's badly bent Beavers play the final games with Spokane. If Nick Williams' club wins only two more than half the remaining games on the Indians' schedule, and Butte wins every game of the 20 left to play, Spokane would win the pennant.

TRAPSHOOTING. By George Peck. It is surprising to note the hundreds of sportsmen in all parts of the country who are resorting to the handtrap to get their quota of the pleasure and thrills which this great American sport affords. Time was when the shotgun enthusiast was dependent upon the trapshooting club for his recreation and was lucky indeed if he did not have to journey many miles to indulge in the sport.

Today, however, the problem is solved in the handtrap, a portable device which may be laid on the floor of an automobile beside the gun case, taken on the train or on the yacht. It is always ready for business and never loses its energy. It is to be found on the country estate and on the farm. The clerk in the city office becomes as independent as his employer, for while the latter may do his shooting at the country club or over the traps of the gun club in the city, the clerk with handtrap, gun shells and fifty or one hundred targets, may board a street car with his companions and in a very short time be experiencing all of the delights that go with the sport.

There is one good thing about the political contest this year—it will not stagger humanity.
