RETURNS FROM HISTORICAL TRIP

Dr. O. G. Libby Interviewed Veterans of Custer Battle.

Dr. O. G. Libby returned to Grand Forks, Tuesday, after an interesting trip to various parts of the state in the interests of the State Historical society.
Dr. Libby left the city several weeks ago, going to Walthalla, Langdon and Pembina. These places were visited with the view of seeking historic localities which are recommended to the legislature for creation as state parks. There is already a state park at Walthalla and it is the intention to start a movement to have other historic spots preserved to posterity.
Dr. Libby then went to the western part of the state, visiting L. F. Crawford of Sentinel Butte, member of the state board of regents and afterward proceeding to Fort Berthold reservation in company with Dr. M. R. Gilmore, curator for the State Historical society.
At the reservation, Dr. Libby interviewed the veterans of the Custer massacre of 1876. There were seven of these at the reservation, all of whom fought under Reno in the famous battle of forty years ago.
Dr. Gilmore is still among the Indians on the reservation in the interests of the historical work, he is making a special study of economic botany, devoting special attention to food and medicinal plants used by the Indians.

ROAD CENTERS ARE PREPARING FOR BIG STRIKE

(Continued from Page 1.)
stitutionality of the proposal to enforce an eight-hour day.
"I am not so much afraid just now of a strike, as I am that the constitution of the United States is going to be changed," was the remark made by one prominent financier.
Although it was given out in Washington recently that the president might call the "controlling interests" to the capital for consultation, such an invitation has yet to be received. Nor have these interests any present interest in it, as was learned, of publicity entering the situation.

Embargo Effective Today. Dallas, Tex., Aug. 30.—General office of the Missouri, Kansas & Texas railroad here announced yesterday an embargo on all perishable freight, which became effective this morning. The order also states no livestock will be accepted for shipment unless it reaches its destination by Sunday morning. The railroad accepts all other classes of freight subject to delay.

Embargo Order Issued. Topeka, Kas., Aug. 30.—The Atchison, Topeka & Santa Fe railroad yesterday placed an embargo on all shipments of perishable goods and livestock effective immediately, according to a statement issued from the office of J. R. Koons, general freight agent. The order also states that the company will not take responsibility on other shipments.

The order affects the entire railroad system, Mr. Koons said, and will remain in effect until further notice. The threatened nation-wide railroad strike was said to be responsible for the order.

Under the order the railroad will refuse to accept shipments of livestock, butter, eggs and similar commodities.
The order affects shipments to be transferred from other lines also.
In answer to a question as to whether or not the embargo order means that the Santa Fe is resigned to the impending railroad strike, H. B. Lantz, assistant to General Manager C. W. Koons, said:

NOT ENOUGH MEN FOR THRESHING. Valley City, N. D., Aug. 30.—The problem of the farmers in this section is to secure enough help to complete their threshing and other farm work.

Numerous farmers have visited this city in the last few days seeking help and offering to pay \$3 per day, which is the going wage, and are unable to get men. It is true the building and street and road work is taking more men than usual, but the scarcity is hard to account for at that.

MANY KILLED IN DRESDEN RIOTS. London, Aug. 30.—The Hague correspondent of the Central News has a report that 85 civilians, 22 soldiers and four policemen were killed in riots in Dresden last week. The disorders are said to have been brought on by a demonstration against the imposition of an increased sentence on Dr. Karl Liebknecht for appealing from the findings of a military court. The crowds were dispersed by troops after 200 persons had been arrested.
