DERBY EVENT IS ON AT DENBIGH

Drawings are Made and Animals Are Doing Excellent Work.

(Herald Special Service.)
Denbigh, N. D., Aug. 31.—The drawings for the derby event of the annual trials of the National Field Trials association, which opened here this week, are:

Betty Rodney with Tar Head Belle, Superlative with Goldie Cumbly, Miller with Wilcox Sport, Concha Dixie with Master Peg, Miss McCull with Benefactor, May Monroe with Leo Mohall, Glory with Mabely Meteor, Olney Fox with Ross, Comanche Rap with Go, Go, Yuman Throch Riot with Royal Flush.

Kidwells Comet 11 with Bonanza, Miss Peg with No Vary, Ferris Dixie Proctor a bye.

Birds have been scarce, and during the all-age event, many of the wide ranging dogs were out of hand most of their half hour heat. Babbiebrook Bob and Medford Eugene went straight out of the country on their first heat and were found in the next town west. Osage was lost for 25 minutes. Commissioners Harry, J. C. Sheppard's dog, was out of judgment the greater part of his heat, and, although later found on the course, lost his chances of getting into the second series. Kirka Kate Whitesone, another good dog, lost his handler and also his chances of appearing later.

The all-age stake was won by Lewis C. Morris, a pointer handled by W. D. Gilbert, while Frank's Den, a pointer handled by J. M. Aven, was second, and Candy Kid, a setter, handled by Charley Harris, was third.

AMERICAN LEAGUE

Leonard is Hero.
Boston, Aug. 31.—"Dutch" Leonard, who was knocked out of the box by St. Louis in the first of Tuesday's double-header, came back yesterday and held the Browns without a hit or run, while Boston scored four runs off Wellman. Two men reached first base but neither got to second. In the eighth inning Leonard passed Severid, and again in the ninth he gave a base on balls to Hartry, who batted for Wellman.

Leonard struck out only three men.

for the most part forcing the batters to pop up easy flies, and the whole team, smarting from yesterday's double defeat, backed up their star left-hander faultlessly. Yesterday's no-hit, no-run game was the second to the credit of the Red Sox this season. George Foster turned the trick against New York last June, and sporting writers directed attention to the fact that in both games Manager Carrigan was behind the bat. An examination of Captain Barry's hand yesterday disclosed that a bone on the back of his right hand was fractured and that he would be out of the game probably four weeks.

JAP IS OUT OF CONTEST.
Forest Hills, N. Y., Aug. 31.—The last of the foreign entrants in the 38th annual championship singles tournament of the National Tennis association were eliminated here yesterday in the second round of the play on the West Side club courts.

Kumagai, champion of Japan, went down in straight sets before the smashing net play of George M. Church of Tenafly, N. J., scores of 6-3, 6-3, 6-1.

Dean Mathey of Cranford, N. J., cut short the career of A. W. McPherson, champion of Russia, in a four-set match at 6-4, 7-5, 6-4, 6-4. T. R. Pell of New York won from Frederick B. Alexander also of New York, 6-4, 6-3, 2-6, 6-3.

Several of the California minor stars were also eliminated in some cases by their own teammates. Maurice E. McLoughlin, 1913 champion, had no difficulty in defeating Kenneth Takis of San Francisco, at 6-3, 6-2, 6-4. Karl Behr of New York put James Weber of Chicago out, 6-2, 6-3, 6-2. Watson M. Washburn, New York, won from R. C. Van Vliet, University of California, just as decisively at 6-3, 6-1, 6-4. R. Norris Williams of Philadelphia defeated Robert Le Roy, New York, 6-4, 6-1, 7-5.

Chief interest in the day's play centered in the match between Church and Kumagai. Church made short work of the Oriental expert, his smashing play at the net being too much for Kumagai.

FIGHTERS ROUGHLY HANDLE PARTNERS

Colorado Springs, Colo., Aug. 21.—Champion Freddie Welsh and Challenger Charley White showed little mercy yesterday to their sparring while training for their championship 20-round match scheduled for next Monday afternoon.

Boxing experts are of the opinion that both men are as nearly perfectly trained as possible. It is remarked that notwithstanding the altitude, neither boxer shows the slightest signs of difficulty in breathing.

Urges New Schedule For the Association

Louisville, Ky., Aug. 21.—Cancellation of the next series of American association games in the Western part of the circuit was urged in a letter mailed by O. W. Wathen, president of the Louisville club, to Thomas Chicago of Chicago, president of the association. Mr. Wathen suggests that a meeting of the association club owners be held in Chicago Thursday to re-arrange the schedule. He indicates that a general railroad strike would hamper the movement of teams in the territory embraced by Kansas City, Milwaukee, Minneapolis and St. Paul whereas their transportation in this region by trolley would be feasible between Columbus, Indianapolis, Louisville and Toledo.

The proposed games in the west, Mr. Wathen points out, could be played at the close of the season.

NOT ALL MILLIONAIRES.
(From the Boston Transcript.)
It takes a general street car strike to disclose that there are still a few people in New York who do not clean up in automobiles to the extent of at least one automobile.

Know your carman and his source of supply. In these portions there should be no such thing as an automobile.

Mathewson Has Hard Time to Build up Reds
Manager Mathewson is quietly going about the difficult task of building up the Reds, with no flourish of trumpets and no publicity, but in an extremely efficient manner. Matty has always been efficient in everything he has done. For many years he was the greatest pitcher, not because he had tremendous speed or an unrivaled line of curves, but because he used his brains in his work far more freely than the average hurler. He made a deep study of the pitching art and excelled in efficiency because he took his work seriously and determined to secure the best results in his profession.

Matty is efficient in playing golf. Taking up the game rather late in life, he studied it until today he is an excellent performer on the links and one of the longest drivers among the amateurs. It is the same with him in playing checkers, which is his favorite indoor sport, and in which he can

hold his own with the leading players of the country. In driving an automobile Matty gets the most speed out of his car consistent with safety. He is never reckless or heedless, but whatever he does is done to the limit of his ability. He is carrying his life principle into his new work as manager, with results that are sure to show in time. When Matty went to Cincinnati he did not rush into print with a long line of professions and promises as to what he was going to do. As soon as he was notified that he had been chosen manager of the Reds he took the next train for Cincinnati without any delay, reported to President Herrmann and then went to the ball park and assumed his duties. There was no brass band accompaniment to his arrival. He just went to work—that was all.

At no time has Matty claimed anything of a startling nature for himself or his team. He has given out no interviews predicting a lofty finish next season. He prefers to allow his work to speak for itself. While engaged in trying to win every possible game he has been studying his men in a careful and thoughtful manner, and he now has a very good idea of what is needed to bolster the strength of the club. He will put in a lot of time this fall and winter trying to secure men he needs. That he will be successful in his efforts to give Cincinnati a winner seems reasonably certain, because he is a model of efficiency.

DELIVERY SERVICE GROWING.
Washington, Aug. 30.—Free delivery service of postal matter in the United States, established July 1, 1863, under Postmaster General Montgomery Blair of the District of Columbia, has grown from 66 city delivery offices having 685 carriers and costing \$217,003 in 1864 to 1,508 city delivery offices having 32,902 carriers and costing \$42,038,876 in 1915.

Senator Penrose of Pennsylvania gained no popularity by voting against the bill to prevent child labor in mines and factories.
