

BIG LABOR DAY CELEBRATION A GREAT SUCCESS

Splendid Weather Conditions Contributed to the Day's Success.

Sporting Program Followed Addresses of Prominent Men.

Practically every business house in the city was closed yesterday afternoon in observance of the annual Labor day celebration, which occurred at the East Grand Forks park under the auspices of the Grand Forks Trades and Labor assembly.

Mayor C. J. Kelleher of East Grand Forks, scheduled for the address of welcome, was introduced by S. S. McDonald, president of the assembly. He greeted the visitors warmly and made an impressive appeal for co-operation in the interests of the two cities, remarking that the present occasion, in affording opportunity for better acquaintanceship, was a substantial step forward.

Father Klunkhammer's address was a tribute to the dignity of labor, emphasizing the need for harmonious relations between labor and capital so essential to national prosperity. "An honest wage for honest toil," he said, was the beacon light which illumined the path of individual incentive. Religion, too, has its part in making for happiness and contentment in all walks of life.

Dr. C. E. Coles, pastor of the Memorial Presbyterian church, made the concluding remarks. He reviewed the national dependence upon labor, as witnessed in the threatened railroad strike. He deplored the fact that railroad employees had not more time for Sabbath worship, and hoped that the time would soon come when this is possible.

The remainder of the afternoon was taken up in the sport program. Keen competition was manifest in the various events. Handsome prizes, donated by merchants and business houses of Grand Forks and East Grand Forks, were presented to the winners.

A big dance, participated in by a large number, and given under the direct supervision of the Trades and Labor Assembly in the Odd Fellows' hall, concluded the day's program.

COUNCIL TO HOLD MEETING TONIGHT

Regular Monthly Session to Be Held This Evening—Grist of Business Will Be Taken Up.

The regular monthly meeting of the city council will be held this evening in the council chambers at the city hall, when the budget will be taken up and adopted and the final consideration of appropriations for the various city departments will be made. Considerable business will come before the council and it is expected that the session will be unusually long. The budget will be read, bills allowed and a long discussion of the contemplated improvements on the city filtration system will be held. C. H. Koyl, water expert for the Great Northern railway will make a report as to the present condition of the plant and recommend several improvements.

ATTORNEYS BACK FROM CONVENTION

American Bar Holds Annual Meeting at Chicago—Bronson Named Vice President.

H. A. Bronson, local attorney, has returned to this city from Chicago, where he attended the annual meeting of the American Bar association. Mr. Bronson was re-elected vice president of the organization for the state of North Dakota.

Judge Andrew A. Bruce was elected as a member of the executive committee and M. A. Hildreth of Fargo, Judge S. E. Ellsworth of Jamestown and Judge A. M. Christianson of Bismarck were elected as members of the North Dakota council.

The North Dakota representatives at the meeting were Judge Andrew A. Bruce of Bismarck, H. A. Bronson, Grand Forks; Frederick T. Cuthbert, Devils Lake; A. G. Divet, Wahpeton; Judge E. S. Ellsworth, Jamestown; Judge Edward Engerud, Fargo; Judge C. J. Fisk, Bismarck; Martin A. Hildreth, Fargo; Francis J. Murphy, Bismarck; R. A. Nestos, Minot; Fred J. Traynor, Devils Lake, and Dean George F. Wells of Grand Forks.

Voters should go over the list of candidates carefully before going to the polls to vote, and make up their minds as to their choice. Then they can vote quicker, and be more likely to avoid making mistakes.

ACUTE AND CHRONIC RHEUMATISM

The exact cause of rheumatism is unknown, though it is generally believed to be due to an excess of uric acid in the blood. It may be also said with equal truth that no remedy has been found which is a specific in all cases. In fact the literature of medicine shows that there are but few drugs which have not been given a trial. In the hands of one observer we have a remedy that has been used with the utmost satisfaction in a case of rheumatism and is found to be a great disappointment. All physicians however agree that every method of treatment is aided by the administration of some remedy to relieve the pain and quiet the nervous system and Dr. W. B. Schmitz expresses the opinion of thousands of sufferers when he says that anti-rheumatic tablets should be given over and over again for the relief of the pain in all forms of rheumatism. These tablets can be purchased in packages of 10, 25, 50 and 100 tablets. They are also unsurpassed in headache, neuralgia and all pains. Ask for A-K Tablets.

LOCAL PASTOR GIVEN SURPRISE MONDAY

Called to Perform Marriage Ceremony—Finds Reception in Honor of 25 Years' Service Instead.

Rev. H. F. Buegel of the German Lutheran church of Grand Forks and Thompson, was given a surprise by his local congregation and by members of the Red River Valley conference in this city Monday evening. The pastor was given a reception and presented with gifts in honor of 25 years of service in the church. The surprise was planned by the church and the reception was held at the church last evening at 8 o'clock.

Rev. Mr. Buegel was called to Crystal, N. D., to officiate at the dedication of the church there on Sunday. Returning to this city on Monday, he was asked to come to the residence of Rev. H. F. Buegel to perform a marriage ceremony. Arriving there he was told that the couple awaited him at the church, 606 South Third street.

At the church the local congregation and members of the conference awaited him. A program of speeches followed. Rev. G. Munding of Bertha, Minn., a classmate of Mr. Buegel, preached the sermon. Rev. H. B. Thorgrimsen followed with a short speech. Miss Hannah Thoreson of East Grand Forks sang solo.

On behalf of the Red River Valley conference, Mr. Buegel was presented with a gold watch, the presentation speech being given by Rev. H. B. Thorgrimsen. Mr. Buegel also received a check for \$25 in cash. Hermann Bloch of the Thompson congregation spoke on behalf of that church. Following the speeches a social time was enjoyed on the church lawn.

Troubadours Present Musical Program Here

Entertainment Featured by Readings of Miss Catherine Roberts—Dance Follows.

An attractive musical entertainment was staged last evening in the K. C. hall when the Troubadours presented an excellent program of orchestra numbers and readings. Miss Catherine Roberts, reader, gave three numbers, "The Patchwork Quilt," "According to His Lights," and "My Mother's Rosary." Following the entertainment, a dance was held.

HERMANN ALBRECHT SUCCUMBS TO CANCER

Resident on Dakota Avenue Dies After Five Months' Illness of Cancer of the Stomach.

Hermann Albrecht, 1202 Dakota avenue, died Sunday evening at his home in this city following a five months' illness during which he suffered from cancer of the stomach. Deceased came here from Rolla, N. D., last April to spend his last years in retirement after a residence of 24 years in North Dakota. He was 49 years old at the time of his death.

The only survivor is his widow, Mrs. Hermann Albrecht. The funeral will be held from the home at 1:30 o'clock on Wednesday. Services will be held in the German Lutheran church, 606 South Third street, at 2 o'clock. Rev. H. F. Buegel will officiate. Interment will be made in Memorial Park cemetery in this city.

FILTRATION PLANT INSTALLED AT "Y"

Purification System Adopted for Swimming Tank—Expense of Operation to Be Lessened.

With the addition of a filtration plant to the present swimming pool now in use in the local Y. M. C. A., one of the most modern systems of the kind in the world is now being boasted of. The plant has a capacity of 50 gallons a minute and promises to reduce the operating expense of the tank as well as keep the water in a pure condition at all times.

CHICAGO ARCHITECT IMPORTANT WITNESS

Sydney, Australia, Aug. 26. (Correspondence of The Associated Press.)—Walter B. Griffin, the Chicago architect who is director of Construction and Design for the new Australian capital at Canberra, is one of the principal witnesses in the inquiry which the government is making into the charges that the Department of Home Affairs has been guilty of a waste of public funds and ineptitude in the building of the capital.

Mr. O. Archibald, the former Minister for Home Affairs, who instigated the charges directed against King O'Malley, the present minister, and Mr. Griffin, testified that when Mr. Griffin took charge in Canberra, he had claimed sole control of the capital public works and that the American threatened a lawsuit (in 1914) if he was interfered with in what he considered his prerogatives under his contract with the Australian government.

Mr. Archibald testified that he gave the American to understand that the Minister of Home Affairs was "boss," but that the architect would have a "square deal." He denied that he had ever referred to Griffin as "Yankee boulder," but declared he had caused friction by "rubbing departmental officers the wrong way." When Mr. Griffin took the stand he said that he was appointed to carry out his own design for the capital and he felt if the plan were mutilated it would reflect on his reputation.

Mr. Griffin's testimony for a part of my time has been devoted to the constructive effective work contemplated in the agreement and 90 per cent has been frittered away in defensive operations." The only reason he could give why the officers of the department showed hostility toward him was that they believed they were competent themselves to carry out everything connected with the capital.

Mr. Griffin said that since his recent appointment as director of Design and Construction by Mr. O'Malley his rights had been recognized and Mr. O'Malley had issued instructions that no matters at the capital should be initiated without reference to him.

SOLDIERS CONSUME HALF TON OF BREAD

Paris, Sept. 5.—Each soldier in the French army has consumed a half ton of bread since the beginning of the war, according to the Army Bulletin.

It has required seventy-five million yards of string to tie the army. The cost of feeding the men has been figured at forty cents per day. It costs almost as much to clothe them when they are at the front, while those at the capital should be an average cost of eight cents per day.

FINISH BRIDGE OVER MISSOURI

Pontoons are Placed and Stream Can be Crossed at Williston.

Williston, N. D., Sept. 5.—The Missouri river has been bridged at Williston. Thirty-five boats and hundreds of men are engaged in the work. The bridge is a trestle bridge and is being built across the river by the use of pontoons. The work is being done by the Williston Bridge and Dock Company.

OLE VISDAHL IS NOT FOUND

But no Trace is Found of Missing Man.

Aneta, N. D., Sept. 5.—Despite every attempt that has been made to locate him, Ole Visdahl, well known farmer, who disappeared August 13, is still missing. Visdahl, only 25 years of age, was in good health, well financially, and here is the known reason why he should disappear. Rivers and lakes in the vicinity of his home have been dragged without result.

ATTEMPT MADE TO ROB STORE

Minot, N. D., Sept. 5.—A daring attempt to burglarize the Larson & Co. store located on Main street, at 2 o'clock yesterday morning, was frustrated by the timely discovery of the burglar by the police after a number of shots had been fired at the man, who refused to surrender when directed to do so.

FARMERS MOLESTED BY UNKNOWN HANDS

Devils Lake, N. D., Sept. 5.—Farmers around Webster have suffered deprivations done by unknown hands and for which they blame men who were in their employ and whom they knew belonged to the I. W. W.'s. At one place where two men refused to go to work in the morning with the rest of the crew and were therefore discharged, soap was found in the pond where water was secured for the engine. Luckily the man on the water tank discovered it before any water got into the engine boiler, else there would have been a long delay while cleaning was being done. Another farmer after making a discharge found his automobile broken.

TYPHOID FEVER CAUSE OF DEATHS

New England, N. D., Sept. 5.—Edwin S. Skude, eldest son of Mr. and Mrs. S. C. Skude, passed away at the Skude home in New England, after an illness of two weeks with typhoid fever. He is survived by his parents, a brother and two sisters.

PEARL BREKKE DIES AT REYNOLDS HOME

Everyone Should Drink Hot Water in the Morning

Wash away all the stomach, liver, and bowel poisons before breakfast.

To feel your best day in and day out, to feel clean inside, no sour bile to coat your tongue and sicken your breath or dull your head; no constipation, bilious attacks, sick headache, colds, rheumatism, or gassy, acid stomach, you must bathe on the inside like you bathe outside. This is vastly more important, because the skin pores do not absorb impurities into the blood, while the bowel pores do, says a well known physician.

To keep these poisons and toxins well flushed from the stomach, liver, kidneys and bowels, drink before breakfast each day, a glass of hot water with a teaspoonful of limestone phosphate in it. This will cleanse, purify and freshen the entire alimentary tract, before putting more food into the stomach.

Get a quarter pound of limestone phosphate from your pharmacist. It is inexpensive and almost tasteless except a sourish twinge which is not unpleasant. Drink phosphated hot water every morning to rid your system of these vile poisons and toxins; also to prevent their formation.

To feel like young folks feel; like you felt before your blood, nerves and muscles became saturated with accumulation of body poisons, begin this treatment, and, above all, keep it up! As soap and hot water act on the skin, cleansing, sweetening and purifying, so limestone phosphate and hot water, before breakfast, act on the stomach, liver, kidneys and bowels.—Adv.
