

J. NEAL DOW IS WHITE PLAGUE VICTIM IN WEST

Former Prominent Local Young Man Succumbed at Denver Last Eve.

Was Member of Grand Forks Masonic Order—Educated in This City.

Word was received in Grand Forks today of the death of J. Neal Dow, formerly a prominent resident of this city. Mr. Dow succumbed to tuberculosis shortly after 8:30 o'clock last evening. Deceased was educated in the Grand Forks public school, graduating from the local high and later attending the university of North Dakota.

Mr. Dow left Grand Forks for Muncie, Ind., where he managed a hotel for his uncle, John J. Dow. Later he moved to California where he resided for a short time and where he was married. He returned to Grand Forks about seven years ago and became manager of the Hotel Dorothea. After two years in this city, he was forced to move west because of his health, and since that time has made his home at Denver.

His health failed to improve, but up until a few months ago, was telling in the German-American bank of Denver. He was forced to resign his position because of his health.

Deceased was about 47 years of age and is the son of Mr. and Mrs. W. B. Dow, also former prominent residents. Besides his parents he is survived by one sister and his wife, Mrs. Blanche Dow.

The deceased was a member of the local Masonic society and has held many high positions in that order. Friends who knew him in Grand Forks, are forwarding messages of sympathy to the grief-stricken relatives. Neal Dow was one of the most popular young men in Grand Forks when he made his home here, and all who knew him were his sincere friends.

Funeral services will be held tomorrow afternoon at 5 o'clock at Denver, and an announcement made late this afternoon and the body will be shipped to Madison, Ohio, where interment will be made next Sunday.

Tag Day. It is the spirit of doing and giving for a cause so worthy that it needs no defense. The proceeds of Tag Day have always been used to help needy people of our city. The funds have been collected and dispensed by those who donated their time and services because they wanted to be helpful.

This is the true spirit of Tag Day. Let us not forget that we should all share in this work. If everyone does his part it will be easily and well done.

Don't sneak around the corner and dodge the lady with the tags and then tell her you "beat her to it." Such a person lacks the spirit of the day and falls far short of his duty as a citizen. One may give anything he wishes, five cents or five hundred dollars.

It is the duty of everyone to buy a tag and go out of his way, if necessary, to get the lady on the corner. Let us make this the best Tag Day Grand Forks has ever had.

—One who stands on the corner.

JUVENILE BAND MAKES PROGRESS

Professor de la Mora Gave First Instruction Last Night at Y.

Under the direction of Professor Antonio de la Mora, famous army bandman and instructor in charge of the boys' band recently organized, first instruction was given to a group who met at band quarters at the Y. M. C. A. last evening. Excellent progress is reported, the boys already enrolled being enthusiastic over the work.

The present lineup, which will be added to from day to day until the enrollment is complete, is as follows: Hans Thorsgrinsen, Di Piccolo; Irving Wardell, Mack Emerson, B. H. Clinton; Lindsay W. Miller, B. H. Corbet; Howard Hand and Floyd Metcalf, with others to be added to-day, will be present at the next rehearsal which will take place Friday afternoon at 4:30 at the Y. M. C. A.

Those present at yesterday's meeting speak very highly of the plans of the organization, and it is expected that many more of the boys of the city will join within a few days. The band is open to all boys of the city, and those who are promoting the movement join with Professor de la Mora in extending a hearty invitation to all willing to devote hard work to the success of the organization.

Rev. W. H. Elfring at State Conference

Rev. W. H. Elfring, pastor of the Plymouth Congregational church in this city, is attending the annual Congregational state conference which convened yesterday at Hankinson, N. D., and will adjourn tomorrow evening. The conference is a regular annual event.

Mr. Elfring was honored by being chosen to preach the conference sermon before the assemblage tonight.

W. J. BRYAN TO MAKE ADDRESS IN GRAND FORKS

Distinguished Politician and Orator to Arrive in City Tomorrow.

Elaborate Preparations Underway for Entertainment of Party.

William Jennings Bryan, three times candidate for the United States presidency of the Democratic party and one of the most gifted orators supporting President Wilson for reelection, will arrive in Grand Forks tomorrow evening at 7 o'clock and at 8 o'clock will deliver an address at the auditorium on the political issues of the day.

Elaborate preparations are being made by local democrats to receive the distinguished visitor. Among those who have today for points in the western part of the state where they will join the Bryan party are: George Bangs, R. J. Purcell, J. F. O'Connor, M. F. Murphy, Samuel Torrens, B. F. Brockhoff, George B. Duis, Dave Gorman, Fred McLean of Fargo, H. H. Perry of Ellendale, and H. D. Allert of Langdon.

The Bryan special will visit the following North Dakota places tomorrow: Minot, Granville, Towner, Rugby, Leeds, Devils Lake, Lakota, Michigan, Larimore and Grand Forks. Evening address at Grand Forks.

The following democrats have been named as members of the reception committee:

Rustargen, Grand Forks; Gulick Thompson, Thompson; Rev. H. B. Thorngren, J. J. Turner, Sr., Grand Forks; Wm. Treacy, Ardoch; J. B. Treacy, Ardoch; Chas. H. Tolin, Mayville; Ole Torbjornson, Thompson; J. H. Vold, J. Vallely, H. L. Whitfield, Grand Forks; A. Wilson, Bathgate; Val West, Thompson; Dr. W. H. Witherstine, Grand Forks; B. A. Yahna, Fergus.

"TAG!" YOU'RE IT TOMORROW

Fair Pickets at Every Corner From Morning Until Night.

Weather conditions propitious, Grand Forks and in charge of tag day are confident that tomorrow will be the most successful tag day ever occurring in the city of Grand Forks. It is anticipated that should the day prove inclement and otherwise unfavorable, the canvass will continue Friday.

All committees and district representatives have been named and the ladies are ready to take their posts early in the morning. From 8 o'clock until 6 o'clock no one will be immune, but must pay the penalty if not tagged.

The ladies in charge are grateful for the support and encouragement with which tag day has been met by the people of the city. Especially grateful are they to the large number who have affiliated themselves with the movement and will be actively engaged in the work of tagging. A thorough system which will embrace every business block and street in the city has been evolved, and with the splendid co-operation of all a handsome increase in the number of the Associated Charities will result.

BUSINESS MEN HOLD MEETING

Merchants Take Up Discussion of Problems to Be Solved for Sanitation.

Opening the winter series of meetings of the members of the Grand Forks and East Grand Forks Merchants' association gathered at the Columbia hotel at 6:30 p. m. when a dinner was served, followed by a number of discussions and discussions relative to the interests of the businessmen who are striving to bring about better conditions in their general trade.

Attorney S. Johnson of this city was among the speakers and discussed the monthly "pay up week" which has been inaugurated by the Merchants' association to stimulate collections. The system has been endorsed by the business men and is declared to be bringing excellent results. Mr. Johnson discussed every phase of the question and brought out many important suggestions to improve the system.

Dr. Orr Sanders was also one of the principal speakers of the evening and discussed the problem of "approval goods" demanded by many customers and which has been condemned by health authorities throughout the country. Dr. Sanders stated that practically every merchant was asked daily to send goods to homes for approval and after the customer had examined the articles, probably trying them on, they would return them to the store, where they would again be placed on the shelves without being laundered. The unsanitation resulting from the practice of "approval goods" that must be solved, declares the doctor, as many diseases, such as typhoid fever, infantile paralysis and tuberculosis, is spread broadcast by the negligence of these patrons.

The merchants attending the meeting took up a discussion on the remarks made by Dr. Sanders and it was the general opinion that efforts should be made to prevent the sending out of supplies for approval.

Many important discussions on the various phases of the business interest of Grand Forks merchants was taken up, making the session one of great value to the storekeeper who is striving to put before the public a service of variety and quality that will be a credit to his store.

Next month a similar meeting will be held and it is expected that even a larger number of business men will be in attendance than was the case last evening.

SHOOTING AFFAIR IS DECLARED AN ACCIDENT

William Oveson, proprietor of the saloon gallery on Occurs avenue, who was shot yesterday afternoon when a .22 caliber revolver, claimed to have been held in the hands of a stranger, accidentally discharged, is reported to be resting easily today and unless unfavorable developments result, physicians contend that the chances for recovery are fairly good. Mr. Oveson's left leg was left lacerated by the bullet, and fear is entertained that an infection will result.

Police officials have investigated the affair and although they have not located the man who did the shooting, Chief Lowe is of the contention that the affair was an accident. Oveson was in the rear of the building working when the gun was accidentally discharged. He walked to the sidewalk and stepped into a taxi, without resistance and was rushed to the office of a local physician.

CHICAGO MAN ENTHUSIASTIC

Claims That Northwest is Showing Wonderful Period of Development.

George B. Irving of Chicago spent yesterday in Grand Forks, enroute to his home from Montana where he has been looking over his ranch and mining interests. Mr. Irving is heavily interested in the northwest, owning land throughout North Dakota and Montana and being connected with many of the industrial pursuits which have been established in this section of the country.

While in the city, Mr. Irving spent considerable time obtaining information relative to the establishment of the Northern Packing company plant in Grand Forks. When speaking of the proposition, Mr. Irving said:

"The opening of the Grand Forks packing plant is merely another indication of what the people of the northwest are doing to develop their industries and to develop the resources of the country. Everywhere in Montana and in North Dakota and Montana, one will find new industries springing up and new manufacturing plants being constructed. Further west, I became interested in a two million dollar concrete plant which will be opened up soon. In the past, it was necessary to obtain concrete supplies for building from points farther east. The demand is no greater any place in the country than in the northwest where development and building operations are extensive, and as a result it is assured that the plant will prosper."

"I have become deeply interested in the stock raising industry, and I find that much stock is shipped from Montana to packing plants farther west, and I feel certain that from the time the plant is opened, more business will be brought to this city than the facilities of the plant, although they will be large, can accommodate. The plant is something which has long been needed and it marks the first step to bring about the establish-

NEVER LET UP

To some persons success looks like a steep mountain, too hard to climb—to others it appears as a matter of education—to others, as a gamble.

They are all wrong. Success is nothing more than a little thing in a man's mind—the will to succeed. With this, it isn't hard at all. Simply work steadily, save as much as you can with comfort, place it at interest in the First National Bank—and never let up. When your savings have reached a certain amount, opportunity will point the way to greater success.

THE FIRST NATIONAL BANK

GRAND FORKS, N. D.

Northern Packing Company

ONE OF THE FIRST requisites for successful operation of manufacturing plants, is the supply of raw material. The Northern Packing Company will handle Hogs, Cattle and Sheep. Its supply of these animals must be constant at the rate of at least 500 Hogs and 150 Cattle and Sheep per day. These animals are to be had in Grand Forks. Through investigation both in the matter of statistics and by the General Manager of this plant by personal visits to different shipping points, shows that there is an ample supply of raw material.

The records of the Department of Agriculture at Washington, show that there were 642,000 hogs in North Dakota upon January 1st, 1915 (more than eighteen months ago) and that the rate of increase for the year prior to that was over 50 per cent. The Minneapolis, St. Paul and Sault Ste. Marie Railway Immigration Department is authority for the statement that "HOGS IN NORTH DAKOTA HAVE INCREASED 1000 PER CENT IN LESS THAN SIX YEARS." In addition to these hogs (an average of more than 1,000 a day available), a study of railway shipping records show that large numbers of food animals are shipped through North Dakota on their way to market from Montana and points west and these are available for purchase here. Also the Winnipeg market (which is close to us) is in position to furnish large numbers of hogs and cattle, if we need them.

There is an ample supply of raw material for this Plant. The Northern Packing Company will be a business success.

The Commercial Club of Grand Forks

This Club has nothing to sell; its business is to promote the interests of Grand Forks City and County and of North Dakota. It represents all interests alike.
