BROOKLYN MEETING BOSTON TODAY ON THEIR HOME GROUNDS TWO GAMES BEHIND BUT JUST AS FULL OF FIGHT AS WHEN SERIES OPENED

Manager Robinson is Disappointed But Has no Thought of Loss.

Brooklyn, N. Y., Oct. 10.—The two contending baseball teams, the Brooklyn Nationals and Boston Americans, moved from Boston here last night and this afternoon are clashing in the third game of the world's championship series, the home team two games behind. Although playing under this handicap Manager Robinson, displaying the magnificent fighting spirit which his team is now famous for, refuses for a moment to entertain a thought of an ultimate defeat and says that although he is disappointed over losing the first two battles that he has no one to blame. Con-

wable too often to stand up under a series such as they are now playing. **Struggle Continues.**

Boston—As a result of Gainer's hit the Boston team left for Brooklyn last night with two of the necessary four victories to their credit and will renew today at Ebbets' field the struggle for further honors. Almost simultaneously the Brooklyn players departed for their home grounds confident that their fortunes will change once they are back upon familiar fields.

Brooklyn, in the role of vanquished, garnered almost as much praise yesterday and honor as the winners. Their fighting spirit will go down as one of the most remarkable in the annals of the game. In holding the Carrigan clan for fourteen innings before admitting defeat they established a new record for world's series play eclipsing the 3 to 3 thirteen inning tie game played by the Chi-

Carrigan Now Hopes to Make it Four Straight—Admires Dodgers.

So great was the noise that Manager Robinson finally protested to the arbiters against the blare of the bands, on the ground that his players could not hear his coaching instructions. With it all, however, the thousands were exceedingly fair in their applause and every star player of the many made by Brooklyn was accorded the same approval as those reeled off by the smooth Boston machine.

The official attendance figures for the game showed that 41,373 spectators paid admission for a total of

GREAT DAY FOR THE COX STABLE

Mabel Trask Wins Castleton Cup in the Lexington Meeting.

Lexington, Ky., Oct. 10.—Mabel Trask had an easy time winning the Castleton cup for 2:07 trotters, and scoring her seventh victory of the season over St. Frisco at the Kentucky Horse Breeders' association meeting here yesterday. Mabel Trask took the race in straight heats.

St. Frisco with Geers driving divided second and third money with Donna Clark. The fastest time of the race was 2:03 1-4. The card looked like a Walter W. Cox program as he won the first races and one heat of the fourth. He captured the fourth race with Trusada, Oswald Alorton and Winnie Lockhard, each winning a heat. He won the four-year-old champion trotting futurity with Mary Futtee after Alie Watts had taken the first two heats. He then drove Mabel Trask to victory in the Castleton cup race and was up behind Camelia that won the second heat of the unfinished 2:07 pace with Trusada, Oswald Alorton and Winnie Lockhard, each winning a heat, darkness compelled the postponement of the 2:07 pace until today.

Bancroft Back in Superior to Spend the Winter Months

Superior, Oct. 10.—Dave Bancroft, shortstop of the Philadelphia National League club, arrived home yesterday and will spend several months in Superior.

That Brooklyn is anything but a weak team is his statement, it being his opinion that the Dodgers are being taken too lightly.

"That rally Monday in the ninth inning proves my point," he said last night. "A team has to have a lot of fight and nerve to give a finish like that. In Pfeffer and Coombs Brooklyn has two men who can hold up their pitching part. Marquard deserved a little better support and I think it might have been different had he got it."

Bancroft is suffering from an injury to his leg which was sustained in the Philadelphia-Brooklyn series.

"We would like to have won, of course," said Bancroft, "but what is the use of crying over spilled milk. We were glad to see the Robins win at that. We had our turn last year."

FICKERTAILS TO BEGIN WORK FOR MINNESOTA

Will Hold First Practice this Afternoon Since the St. Thomas Game.

High School Preparing to Meet Fargo—Washington Wins Easily.

Coach Andy Gill will call his North Dakota football squad into action this afternoon for the first work since the victory Saturday afternoon over St. Thomas. With two days of rest the men are in fine condition and the coach will send them through three days of hard signal grind with two days of scrimmage.

Practically a whole new set of plays, with the exception of line plunges and end runs, will have to be learned as the Gophers will be prepared to stop anything that was used against the Cadets last Saturday.

Makes an Appeal.
The coach made an appeal to the student body yesterday at the mass meeting held in celebration of the football victory for more men. There are a good many possible candidates for the team who are not in mole-skins and the mentor is trying to stir up a little spirit, exhibited nowhere else on campus except on the football team itself.

It is evident that much time will be spent this week on the line and if it can be bolstered up the varsity will present a strong front against the Gophers on the 14th.

Followers of the high school team are looking forward with much interest to the game here next Saturday between Central and Fargo high. The battle is always one that attracts state-wide attention. There is no way of telling which team is the stronger, but the southerners will line up better next Saturday than they did last as they will have two of their best men back in the game.

Washington won an easy victory over Belmont yesterday afternoon in the battle for grade school supremacy 48 to 0. Next Friday Wilder and Winship will battle.

The Robinson alumni of the university are going to present the athletic association with a big banner to be used on occasions of intercollegiate contests. The presentation will be made on "Home Coming Day," October 22, when South Dakota university meets North Dakota.

There are four members of the Robinson family who have won their letters as varsity athletes. "Bill" Harris and two sisters. The two girls were members of varsity girls' basketball teams in the days when competition with other schools was permitted. "Bill" won his letter in football and Harris, who graduated in 1914, made his letter in three branches of athletics.

WATSON BACK.

San Francisco, Oct. 10.—Red Watson returned from Australia on the steamer Sierra almost a full-fledged welterweight. Red has been away fourteen months and besides taking on a lot of weight, he acquired a genuine peeve against Snowy Baker, the Australian boxing promoter. Red was ruled off for not keeping in condition and for the past six or seven months was not permitted to appear in an Australian ring. Watson declares that Baker has Les Darcy tied down and will not let him visit this country. Charley Simpson, a British featherweight, and his manager, Matt Daly, also arrived on the same steamer.

West Hoping to Get Back Again on the Turf Map

San Francisco, Oct. 10.—With prospects of favorable legislation in several states, the far west is once again getting back on the turf map. Nevada has taken the lead with a state racing commission and the parliamentary form of wagering, and Arizona will branch out this coming season to encourage the industry of horse breeding. It is reported that the game is also due for a revival throughout the northwest.

Many influential men interested in the breeding of horses are behind a movement to get some favorable legislation in California this coming spring. The Golden Gate Thoroughbred Breeders' association, with Chas. W. Clark as president, and James C. Nealon as secretary, will likely take some definite action shortly in leading the way. Both the thoroughbred and standard-bred horsemen are united in their efforts to have the state control the game, for it is the only means to save the sport from extinction.

"Havana," in lower California, is established as a racing center, and James W. Coffroth will make an effort to have it the center of a banner racing circuit in the far west, so that there will be some inducement for men to spend their money in breeding blue-blooded horses.

TROTTERS ONCE MORE IN SOUTH

Atlanta Prepares Unique Track For Grand Circuit.

Atlanta, Ga., Oct. 10.—Grand Circuit races to be run here beginning October 16 will mark the revival of trotting races in the South.

The track which has been constructed for the meeting is said to be a unique. Four projecting arms of a lake have been filled and cut down to complete the mile oval. The constructors have it so arranged that spectators sitting in a natural amphitheatre can see "every hoof every time it hits the ground." About \$50,000 has been spent on the track by the Southeastern Fair association.

Several years ago an artificial lake was left when a waterworks plant was removed from the site at Lakewood. It is around this lake that the race track has been constructed. It was necessary to cut away part of a steep hill at the place selected for the wire. The remainder of the hill sloped at a proper angle to support the concrete grand stand.

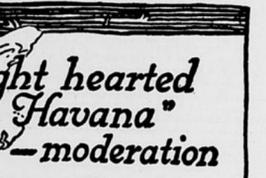

At the first turn an arm of the lake was filled in and just around the first turn it was necessary to take a large slice out of another hill to build the track. Just at the end of the back stretch and leading into the second turn a 40-foot fill almost 100 yards long had to be made.

As the horses flash over this fill they immediately will be given another dirt background as they enter another cut and then they will speed upon another fill in the turn for the home stretch. As they straighten out they will be in a short cut and then they will go over a fill about 75 feet long just before they reach the wire.

All of the hills formerly sloped down to the edge of the lake, consequently the spectators will view most of each heat across water and the back-ground will be water and hills for the entire distance.

The entry list is not yet available but it probably will include Napoleon Direct, "Pop" Geers, of Memphis, is able to drive.

We would like to suggest an amendment to the by-laws of the Society for the Prevention of Cruelty to Animals including the domestic gazook and husbands.

Courier-News Thinks University Has One Chance to Win Game

Fargo, N. D., Oct. 10.—The North Dakota university held true to the form indicated in their game with Fargo college here, and trimmed St. Thomas handsly last Saturday, during the best available line on the "dope," gives them only the barest outside chance for a win over Minnesota Saturday.

The Gophers trampled all over the beefy South Dakota state team from Brookings last week and there is every indication that when North Dakota lines up against the Minnesotans they will meet a team fully up to the best Minnesota standard.

Victory over such an aggregation seems a forlorn hope indeed, but the North Dakotans have the moral benefit of two victories, one over an ancient and formidable rival, and a fighting spirit that is magnificent. They're a mighty good team, one of the best in the northwest as we have already opined, and surely a bit of optimism in their camp, even on the eve of the Minnesota game, is pardonable, to say the least.

RACER DIES.

Green Bay, Wis., Oct. 10.—Going through a fence of an automobile racing course in Sturgeon Bay, racing with four others Sunday, Clarence Lemere, 25 years old, sustained fatal injuries, his death occurring at noon yesterday.
