TRAFFIC RULES TO BE ENFORCED

Signs to be Placed About Streets of City by Chief of Police Lowe.

Signs purchased by the city council to be placed about the streets as a warning to automobile drivers and teamsters, soon will be put in place, according to Chief of Police William Lowe, who has been making the plans for street signalling. The telephone pole signs to be placed in the residential districts will be put up in the future, but "traffic policemen" will not be installed on the business corners until next spring.

The city has been marked out into districts, including quiet zones about the hospitals, where the muffler must be kept closed and the honking of horns will not be permitted. The speed at which machines will be permitted to travel will be regulated by the amount of traffic.

According to Chief Lowe, the traffic rules next spring will be enforced to a greater extent than during the past summer.

Two Teams for Junior High and Two for Upper Classes—Organization for League Under Way.

Four basketball teams have been organized by school athletes, and practice work has started. Two teams represent the junior high and two are made up of higher class men. An indoor court for fall work has been built.

A series of games for the winter months is planned when the organization of a school league, now under way, is completed and arrangements made for contests to decide class championships. The school team will be organized the latter part of November, after the close of the football season.

Although the game will not be counted in the ninth congressional district championship series, it is expected that the East Grand Forks team will make a better showing than hitherto this season when it meets the Larimore aggregation Saturday. It is anticipated that several members disqualified by study complications will be put back in the line.

Informal Nominations Made by Federated Clubs this Morning.

(Herald Special Service.)
Valley City, N. D., Oct. 11.—The session this morning of the Federation of Clubs was devoted almost entirely to the reports of officers and reports from the vice presidents of the eight different districts on what has been accomplished in the way of membership and actual work along the lines of public and home welfare.

These reports ratified President McFarland's statement that the women's clubs are the liveliest wires in public life today.

The distinguished guests of this evening, Mrs. William Jennings Bryan of Lincoln, and Mrs. Thomas Winter of Minneapolis, arrived in Valley City Tuesday and spent the day with the women of the North Dakota federation. They will witness the mass meeting this evening.

The informal nominating ballot for next year's officers was cast at the end of the morning session and placed in the hands of the elections committee. The formal ballot will be taken Thursday noon.

The program this afternoon featured President Frank L. McVey of the state university, who spoke on "The Conservation of Our Resources" and an address by Dr. Lamont of the Dueseth tuberculosis sanitarium. Miss Lilian Topping of the Glencoe Crittenton home in Fargo talked on "Juvenile Court Work in North Dakota" and Mrs. Pearl Blough, for nearly four years police matron in Grand Forks, gave a talk on "The Work of the Police Woman in Our State."

Spanish Steamer Picks up Five Boats From Abandoned Ship.

Newport, Oct. 11.—The finding of five abandoned ship's boats by the Spanish steamer, Antonio Lopez, reported in a radio message relayed to the naval station here today by the Nantucket shoals light ship, considered in naval circles as suggesting a possible trace of the crew of the steamship Kingstonian, reported torpedoed Sunday.

The search for the crew had been abandoned by naval authorities, who doubted whether the submarine's victims included any vessel other than those whose crews have been brought to port.
