

Great Liner With Sails From New York, Daring the U-53

ADRIATIC HAS A PASSENGER LIST OF 250

Will Call at Halifax for 5,000 Canadians For the Army.

U-53 THOUGHT TO BE ON HUNT FOR OIL

Dozen British Ships Will Take a Chance and Dash for England.

New York, Oct. 12.—After being held in port for four days in fear that the German submarine U-53, and possibly others of the undersea raiders were lying in wait for her as a rich prize, the White Star liner Adriatic is to sail today with about 250 passengers and nearly 18,000 tons of cargo, mostly war munitions.

A dozen British ships, including the Adriatic got their clearance papers yesterday but it was said that with the exception of the Adriatic the dates of their departure would depend upon the developments in the efforts which it is taken for granted, the British admiralty is making to rid American waters of the submarine danger.

The continued advice of additional submarine activities along the Atlantic lanes resulted today in a reduction in marine insurance rates from the high mark struck Monday. Rates were quoted at 2 1/2 per cent, a drop of 50 per cent from the general quotation earlier in the week.

Raiders May Need Supplies. There was a strong tendency in naval circles today to believe that the U-53, unless that craft has received fresh fuel supplies from the side of the Atlantic, has hauled off shore and is headed for her base at Helgoland. The belief is founded on the knowledge that the cruising radius of the U-53 class boats does not exceed 1,000 miles or just sufficient to permit making a voyage out from Helgoland via the north of Scotland to Newport and return. It is considered possible, however, that sufficient extra fuel was carried to permit of a couple of days' stay on the operating ground.

By ever increasing commerce destroying work, experts said, the U-53 might be expected to abandon the Nantucket shoals locally after Sunday. Merchant ships, it was pointed out, would give the Nantucket lightship a wide berth as soon as apprised of the presence of a submarine.

On the way to the "Corner." One report which has not been verified, which was to the effect that the U-53 took on board crude oil from the Christian Kuden before sinking "that craft." In the event that the U-53 has not been able to replenish her fuel tanks, the view was expressed that the logical course for her to take would be to follow the line of the gulf stream to the "Corner," as it is known to navigators. The "Corner" is the turning point in the North Atlantic, where the waters of the United Kingdom and the United States either heads up for the English channel or shapes away for various ports on the American seaboard.

From New York to the "Corner" is a distance of about 1,060 miles and from the "Corner" to Helgoland via the north coast of Scotland is a distance of about 2,400 miles. In heading for the "Corner" the U-53 would be reaching along towards her base, and would be in a position, over night's report disclosed, than off Nantucket to strike a blow at munitions ships. It was pointed out.

FINE REPORTS MADE AT M. E. CONFERENCE

Minot and Grand Forks Districts Grow—Dickinson After Convention.

Jamestown, N. D., Oct. 12.—The annual reports of Dr. James I. Asher of the Minot district and George H. Quigley of the Grand Forks district, and individual reports of charges, all of which were encouraging and showed a healthy growth in the progress of Methodists in the state, constituted the main feature of the brief session of the state conference this morning. Dr. Asher's report disclosed that all two charges in his district have received additional members in excess of deaths and removals and that Starkweather is the leading district with a net increase of 66 in membership.

He reported that the First church of Grand Forks had reduced a debt of \$9,190 last year to \$5,190. This was due to the sale of the parsonage. Rev. R. H. Craig of Dickinson is seeking the convention for his city, and according to letters may win. Registration this morning exceeded the 200 mark. Late this afternoon, Mrs. Olson, wife of Rev. E. A. Olson, pastor of the Methodist church of Jamestown, gave a reception to the ministers' wives, about 35 attending. The feature tonight is the lecture by Bishop Cook, Judge J. U. Hennrich of Jamestown, will preside in place of Judge J. A. Coffey.

White Star Liner Adriatic Braves German Sub Dangers.

What the U-53 has already accomplished is nothing in comparison with what was feared had been arranged for a whole fleet of super-submarines which it was rumored would be used on this side of the Atlantic. According to reported plans, this fleet is to make special efforts to "get" the giant liners which are carrying war munitions for the allies from American ports. One of those liners is the Adriatic, largest of munitions carriers, which is about to leave New York with thousands of tons of ammunition, and will stop at Halifax to take aboard 5,000 Canadian soldiers.

NAVAL PATROL PLANS MADE BY UNITED STATES

No Immediate Steps Contemplated—Ready for Future Sub Raids, Though.

SITUATION HAS BRIGHTENED UP

Rear Admiral Gleaves Believes Kingstonian was Not Destroyed.

Washington, Oct. 12.—While no immediate steps are in contemplation for the actual establishment of a naval neutrality patrol along the Atlantic coast as a result of the German submarine raid, the navy department has completed a definite plan to be put into operation if the campaign continues.

The entire destroyer force, active and reserve, assisted by light cruisers, navy tugs, and other auxiliary craft will be employed to protect American territorial waters, and also to prevent the establishment of any secret bases ashore or connected with the German shore radio stations and belligerent craft.

The whole submarine situation, both as to the recent raid on the New England coast, and the broader question of agitation in Germany for a ruthless resumption of the warfare, shows signs in official quarters of having practically cleared up.

Also, Rear Admiral Gleaves, commanding the Atlantic destroyer flotilla, reported today that it is his personal belief that no steamer Kingstonian was sunk by the German submarine. After a long search, the destroyer force found no trace of the ship.

GREAT NORTHERN ROAD SHOWS FINE INCREASE

Annual Report of Company Shows 21 Per Cent Greater Operating Revenue.

St. Paul, Oct. 12.—An increase of approximately 21 per cent on the operating revenue for 1916 over 1915, is shown in the annual report of the Great Northern railroad today. Of this increase, the freight revenue shows the far greater proportion. The total revenue is \$79,822,612, compared with \$65,947,970 in 1915. Operating expenses for the year were \$43,914,076. Deducting the maintenance cost and appropriations, leaves a surplus of \$2,387,927.

Rumania Insincere, Says Austrian Red Book; Assurances of Neutrality Broken; Yields to Entente Demands

Berlin, Oct. 12.—(Via wireless to Sayville.)—The Berliner Zeitung Amsteg publishes extracts from the Austro-Hungarian Red book concerning the relations with Rumania from July 22, 1914, to Aug. 27, 1916.

The "Red book," the newspaper says, "contains many hitherto unknown and most sensational reports of the Austro-Hungarian minister at Bucharest which prove the insincere attitude of the present Rumanian government and show the pathetic situation of the late King Charles. On July 22, 1914, the Austro-Hungarian government instructs its minister at Bucharest to inform the Rumanian government confidentially concerning the coming presentation of a note to Serbia. On July 26 Austria-Hungary declares that it expects Rumania will remain strictly neutral and

CHARLES E. HUGHES TRAIN STOPPED BY BADLY BROKEN RAIL

Louis, Ky., Oct. 12.—A special train, carrying Charles E. Hughes on his western trip, was stopped by a broken rail on a point of the curve around a steep embankment of the Big Sandy River, after leaving Paintsville today. The rail was broken for several inches, the inside flange having been knocked entirely away.

GREEK NAVY TURNED OVER TO THE ALLIES

Forts are Dismantled or Surrendered Under Firm Demand.

London, Oct. 12.—Vice Admiral Dartige Du Fournet, commander of the Anglo-French fleet in the Mediterranean, has presented an ultimatum to Greece, demanding that Greece hand over the entire Greek fleet, except the armored cruiser Averoff and the battleships Lemnos and Kilkis, to the entente allies, according to Reuters' Athens correspondent.

The minister of marine, the correspondent continues, says Vice Admiral Fournet's demands were complied with and that the fleet was handed over before the prescribed time. The demands were made as a precautionary measure to insure the safety of the allies' fleet.

The Greek authorities yielded to the entente demands for turning over virtually the entire Greek navy and dismantling or surrender of forts on the seacoast.

The control by entente of all material for naval operations and of railroads, mail and telegraph services in order to render impossible their use to the detriment of the entente force, is reported included in the demands.

REVOLT PLANS TO OVERTHROW GEN. CARRANZA

Uprising in Several Districts Against the First Chief.

VILLA BANDS MOVING AND MAY STRIKE SOON

Missionary Predicts General Outbreak if the American Troops Linger.

San Antonio, Oct. 12.—That the Legalista forces are planning a united effort to overthrow the Carranza government in the state of Chihuahua within the next few days was indicated by information received here today in military circles.

What part Villa has in the movement is not known. It is believed here there is no danger of an attack on American troops in Mexico. Plans are reported to be for the Legalista to throw their entire strength against the de facto government forces.

Francisco Villa's command is at Hacienda Santa Ana and another at Temosachic, both near Madera, Chihuahua, according to a report received by General Trevino today from Major Morin of the Carranza garrison at Madera.

Many Join Villa Bands. Many men are said to have joined the Villa bands, who, according to Major Morin, are moving on from Santa Ana and Temosachic. Additional government troops are being sent out from here to the Temosachic district.

SOLDIERS ROIT IN CALGARY

Attack Mounted Police Barracks and Nearly Wreck It.

Calgary, Alta., Oct. 12.—A crowd of soldiers made a raid upon the mounted police barracks here last night, with the announced intention of rescuing five men, members of a local battalion, who had been fined for violation of the liquor act, and who, in default of payment, had been locked up.

One soldier, who tried to force his way into the guard room, was shot through the right shoulder by a mounted policeman. He will recover. The mounted policeman, who was believed to have fired the shot, was chased through the streets and was being severely used when an officer rescued him.

There were only a few mounted policemen at the barracks, and a section of the mob smashed the windows in the building, and, climbing inside, threw out a quantity of furniture, clothing and equipment, which was heaped in the street outside and burned.

THOUSANDS OF ARMENIANS ARE TURK VICTIMS

Hecatombs Declared "Darkest Page in Christian History."

OVER 750,000 ARE SACRIFICED

Burning, Plundering and Killing Reported to the Episcopal Convention.

St. Louis, Oct. 12.—Rev. Dr. Alexander Mann of Boston, Mass., was re-elected president of the house of deputies of the Protestant Episcopal general convention here. He was proposed by the Rev. James E. Freeman of Minneapolis, Minn., and the vote was 343 to 103.

Delivering the president's address, Dr. Mann spoke of "the shadow cast upon the church by the war between Christian nations," and pointed out that "nothing we may do or say here can bring peace to those war-torn people of Europe."

Dr. McNaughton, director of Bitanya high school, Constantinople, at a mass meeting described the conditions of Armenian Christians in Turkey comprising "the darkest page in Christian history and said that more than a million native Christians in Asia minor are facing death from starvation and exposure."

Dr. McNaughton made an appeal for the observance of October 21 and 22 as Armenian and Assyrian relief days, pointing out that President Wilson recently issued a proclamation asking the people of the United States to set aside this day.

750,000 Lives Sacrificed. "Before the war there were in Asia Minor about one and three-quarter million Armenians and since that time, according to the most moderate estimates 750,000 have been destroyed through torture and deportation," he said.

They were driven from their homes at points of bayonets to destinations 214 ways that they were not expected to reach them alive. Hundreds died of starvation, exposure and exhaustion on the way. One missionary told me that on a journey of 25 miles following one of the caravan routes he counted the bodies of 500 men, women and children. Of a band of 5,000 driven from the city of Harput, only 214 were living when they reached Aleppo.

Today there are about one million of these Christians alive in Turkey, fully one-half of them destitute. They are scattered over the deserts of Syria and Arabia, unable to do anything to help themselves. Missionaries and other workers realize that the only way to preserve the remnant of this race lies in the raising of enough money to tide them, first through the winter and then until the end of the war. It is planned that 25 miles following one of the caravan routes he counted the bodies of 500 men, women and children. Of a band of 5,000 driven from the city of Harput, only 214 were living when they reached Aleppo.

Women Carried Away. Other details of Turkish atrocities were related by Paul Shimmion, personal representative of the Patriarch Mar Shimron, head of the Assyrian Christians. Mr. Shimmion has been a missionary at Urumia, Persia for 15 years.

At Urumia, when war was declared and the Russians had withdrawn, holy war was declared by the tribesmen and Turks, Kurds and the Persians, a rabble overran the Urumia plain. The Christians, who for ten days there was burning, plundering and

Douglas, Ariz., Oct. 12.—An epidemic resembling malaria is attended by a high mortality rate, is reported here to be prevalent in northeastern Sonora. A very few cases are accompanied by the Mexicans call it "calenturas" (the fevers). In the vicinity of Bocoachi there have been numerous deaths in the last few weeks. Many people have left there. In Fronteras there are now about forty cases in a population of 250 persons and the death rate has averaged from three to five a week. At Cucuchit it is reported five people died Friday and Saturday. There have been several deaths in the vicinity of Esqueda. The disease is said to have reached El Tigre and Nacoma and to be prevalent in Cupmas and Moctezuma.

BOSTON RED SOX AGAIN WORLD'S CHAMPIONS

"ORIGINAL" OF FUNNY CHARACTERS LIES ON DYNAMITE; SETS IT OFF

Chisholm, Minn., Oct. 12.—Because he believed the funny characters in Sunday newspapers were drawn after him, Charles Martin, 25, a minor, committed suicide early today by blowing himself up with a huge charge of dynamite, by lying on a bundle of sticks, and then touching a match to his friends say he had been acting strangely.

FRISCO LINE LOOT AMOUNTS TO \$5,300,000

Kansas Unable to Prevent it and Grants Issue of \$264,000,000.

Topeka, Oct. 12.—The Kansas Public Utilities Commission yesterday granted the application of the St. Louis and San Francisco railroad company for permission to issue \$264,000,000 worth of stock and bonds.

In an opinion handed down by the commission with its decision regarding the reorganization plans the commission charges "looting" of claimants against the railroad companies. The amount of the alleged "fraud" according to the opinion, is over one and one-half million dollars. The opinion then states that the commission could find no legal method to prevent such practices.

The offensive part of the reorganization plan," reads the opinion, "is the method of disposing of the claims which grew out of operation of the road, and the reckless waste of money in payment to stockholders and committee that participated in the reorganization. Every manner of syndicate known to stockbrokers and dealers in high finance seems to have been created."

It is charged by the commission that one syndicate was paid \$1,000,000 presumably for buying securities, and another was paid \$500,000 for lending the purchasing syndicate money with which it bought securities. "Much of this expenditure," says the report, "in the opinion of this commission, was simply loot and never was legitimately or honestly earned."

VILLA RAIDERS ARE INDICTED OF MURDER

Nineteen Held for Complicity in Columbus Affair Must Answer Murder Charges.

Deming, N. M., Oct. 12.—Nineteen Mexicans held in Colonia Duran in connection with the Villa raid in Columbus, N. M., March 9, were indicted by the county grand jury, charged with murder.

Because officers with the punitive expedition cannot absent themselves to attend court, the prisoners will not be tried at this term, but will be held at field headquarters.

Several Mexicans already have been convicted here on similar charges, six being hanged and the sentence of one being commuted by the governor to life imprisonment.

REICHSTAG NOT TO TAKE UP SUBMARINE WARFARE

Budget Committee Unable to Reach Decision, But Votes Not to Consider It Openly.

Berlin, (via London), Oct. 12.—The most notable incident of the opening of the Reichstag yesterday was a speech by Major Basdreman, leader of the national liberals in this report from the budget committee that although it had been unable to reach a decision on the submarine question, it voted 24 to 4 against a discussion of the subject in open session.

REICHSTAG LAST THROUGH YEAR. Amsterdam, Oct. 12.—According to a dispatch from Berlin, the Reichstag passed on third reading the bill prolonging the life of the present legislative body until January 12, 1917.

Thirteenth War Credit Voted By British House of Commons; Total Over Three Billion Pounds

London, Oct. 12.—The house of commons, among the consideration of the serious problems arising out of the war, agreed, practically without discussion, to vote the credit of \$300,000,000 asked for by Premier Asquith. The premier spoke at some length to his motion and gave interesting figures in regard to Britain's expenditures for war purposes. He voiced the opinion that no part of the war expenditure was more important than loans to allies and dominions. Rt. Hon. Lloyd George, minister of war, in replying to the criticisms of a number of members regarding his utterances to the effect that the European war was to be a fight to the finish, and that Great Britain would not tolerate interference in the direc-
