## ANNUAL FAIR IN NOVEMBER

Lake Region Event Will last Three Days and take Place of Mid-winter Fair.

(Herald Special Service.)—The annual Fair and Festival of the Lake Region which is to replace the mid-winter fair will be held in Devils Lake, November 14, 15 and 16. A specialty will be made of stock, including horses, cattle, sheep and hogs. There will also be a department for the women.

Co-incident with the festival Devils Lake will entertain the North Dakota Pure Seed growers at their Fifth annual contest. Officers of this association are George Stewart, president; H. L. Bolley, Fargo, secretary; treasurer, Mrs. Clarke W. Kelley, Devils Lake, D. D. Simons, Fargo; H. T. Monson, Mayville; Joseph Kitchin, Sentinel Butte, and E. M. Grandlund, De Smet, directors. Several branches have been formed at different localities including the Lake Region, Mayville, Walhalla, and Grand Forks. Liberal cash prizes will be offered for grain entered.

Affiliated with the Seed Growers' organization is the North Dakota Potato association and North Dakota Grimm Alfalfa association which will meet here at the same time. The first day of the fair will be devoted to potatoes, the second to alfalfa and the third to live stock. Interesting speakers, specialists in their line have been engaged.

**CHILD'S FACE IS BURNED BY LIME**  
Carpio, N. D., Oct. 17.—While helping mix plaster, the 16-year-old son of John Smiley, living on the reservation near here, was badly burned by lime. The lime splashed into the lad's face and eyes. He was taken to Minot for medical aid and it is now feared that the sight of one eye has been destroyed.

**ARTESIAN FLOW VALUABLE FIND**  
Williston, N. D., Oct. 17.—Confident that flowing wells could be drilled in the western part of the state and made to produce a good flow of water, J. W. Barrett sank one to a depth of 65 feet on the U. L. Burdick farm two miles from this city.

According to good authorities the water is just the right temperature for stock.

## WIFE OF KAISER'S FIFTH SON IS RED CROSS NURSE ON FIRING LINE

Princess Oscar.

While other members of royalty have been content to confine their activities to the alleviation of the sufferings of those war victims who either have not been to the firing line, or have been there and have been incapacitated and returned, Princess Oscar, wife of the fifth son of the Kaiser, has chosen for her endeavors the field that requires the greatest courage and most arduous service—the firing line. As a Red Cross nurse the princess has on more than one occasion been under fire. She is at present in Berlin recuperating after six months of work at the front and it is expected that after a brief rest she will return again to the field.

## BRAINS BEATEN OUT ON TIES

Transient Hangs on Box Car by Foot and His Head Hits Ground.

Minot, N. D., Oct. 17.—Hanging with his head down from the lower step of a boxcar ladder is supposed to have caused the death of a transient who was found in the railroad yards near here with his brains literally beaten out.

When found the man had nothing on his person to indicate who he was or where he was from. He was about 30 years old.

Although it is impossible to ascertain the exact way in which he met death, it is supposed that he was attempting to climb a ladder on an outgoing train when he missed his step, falling with his foot caught in the lower step. The fact that his head was crushed and beaten leads to the supposition that he had been hanging head downward in such a way that his head was banged against the ties. One hand was cut off and it is thought that when attempting to save himself, his arm was caught under a wheel.

There was a small amount of money and a bottle of liquor in his pockets.

The body was taken to an undertaking establishment where it is being held pending investigation.

## BERTHOLD IS RICH IN POTATO YIELD

Schafer, N. D., Oct. 17.—From seven to ten car loads of potatoes have been shipped daily from Berthold during the past week and many more are still on farms to be hauled to the cars. Almost any time in the day a dozen wagon loads of potatoes can be seen in the neighborhood of 300,000 bushels, which, at the present price, will bring about \$225,000.

The movement of potatoes has never before begun so early in the fall. The yield is good, running about 150 bushels per acre. It is estimated that the total crop shipped from Berthold will be in the neighborhood of 300,000 bushels, which, at the present price, will bring about \$225,000.

## DOUBLE TRAGEDY NEAR FLASHER

Farmer Kills Daughter and Self After Trouble with His Wife.

Mandan, Oct. 17.—A terrible tragedy occurred six miles from Flasher when P. B. Wilkinson killed his 9-year-old daughter, Gladys, and himself as the outer with a trouble existing between him and his wife. The two people had quarreled on the way home from Flasher and Wilkinson took his wife to the house, killed her and her baby when they arrived home.

On arriving at the farm house Mrs. Wilkinson escaped with the baby and went to a neighboring farm. Some time later a light was seen in the direction of the Wilkinson farm and on arriving at the place, neighbors found the bodies of the girl and her mother lying in the yard.

It appears that the man had killed his daughter and set fire to the house and then shot his head with a shot gun. Before doing these deeds the man had taken the belongings of his nephew, who had been rooming with the couple, to a plowed field.

Wilkinson had been married before, his former wife died several years ago, leaving the daughter, the man killed. He married again and dislike by the present Mrs. Wilkinson for the daughter is said to have been the cause of many quarrels between the couple.

Had not Mrs. Wilkinson and the baby escaped, it is almost certain that the whole family would have been murdered.

## U. S. AVIATOR DIES IN FRANCE; GIVEN HONORS

Norman Prince, Famous Harvard Graduate, Has Legion of Honor Cross Pinned on Breast.

Paris, Oct. 17.—The Cross of the Legion of Honor was pinned on the breast of Norman Prince, the young American aviator, as he lay on his deathbed in the hospital at Gerardmer, in the Vosges. Prince had taken part in a great aerial raid, which had been followed by a stirring fight in the air between the entente allied aeroplanes and German machines. He suffered injuries to his head which apparently were the direct cause of his death.

Though wounded during the aerial duel, the American pilot kept his gun going, warding off hostile craft, which had ascended to attack the French bombing squadron. He remained long in the air, coolly facing the fire of the German machine guns. Finally in attempting to land, he struck an aerial cable, the mishance, it is thought, being due to the injury that he received in the fight. He was picked up in an unconscious condition and died apparently without suffering.

Comrades of the Franco-Aviation corps, accompanied by several French pilots, arrived at the Gerardmer hospital yesterday afternoon to make arrangements for the funeral. Charles Prince, an aviator, secured a special permit from General Joffre, the French commander-in-chief, to proceed to Gerardmer, but arrived after the aviator had died.

## MILITARY TRAINING WOULD MAKE NEW RACE OF AMERICANS

New York, Oct. 17.—Surgeon General Rupert Blue of the United States public health service, a specially qualified endorsement to universal military training, as beneficial to the public health.

"I believe a system," says Dr. Blue's letter, "under which all the young men of this country could receive military training would be of inestimable value. The outdoor life and physical development which such training guarantees could not fail to improve materially the health and vigor of our entire population, and would virtually produce a new race of Americans."

"Such a system would mean that every child in the mind of every youth in the land cannot be overestimated."

## SEAMEN'S SOCIETY IS BIG HELP TO THOUSANDS

More than 400,000 Sailors From Every Corner of World Are Given Assistance.

New York, Oct. 17.—More than 400,000 sailors from practically every corner of the world have been served by the capacity during the eighty-eighth year of the American Seamen's Friend society, according to its annual report just made public. The largest part of the institution's work was done in the port of New York but affiliated organizations were active in Gloucester, Mass., Norfolk and Newport News, Va., New Orleans, Galveston, Rio de Janeiro and Stockholm, Sweden.

The report of the society reveals that war times have called for a considerable increase in facilities of the society. During the past year gifts, including legacies, amounted to \$82,611 which sum had to be widely divided among the many departments of the work.

During the year 181,000 seamen were registered at the New York headquarters of the society. More than \$25,000 was handled for these men, and 41,536 sailors were lodged at the society's home over night at an average cost of 30 cents. Free beds were provided for about 2,000 men and free meals for more than 1,000.

A novel feature of the society's work is the furnishing of free loan libraries to ships at sea, and during the year 178 new libraries were sent out. This increases the total number of libraries distributed by the society to 27,413 which contain 641,000 volumes and have been accessible to more than half a million sailors.
