

WILSON DID IT!

The Farmer has demanded Economic Justice from the Republican Party for 40 years. He asked for **BREAD**. He received a **STONE**. The **WISDOM** of **WOODROW WILSON** has brought the day of **FINANCIAL FREEDOM** for the **FARMER**.

Republicans Attack The Rural Credit Law---

Read Their Record

This Act passed the Senate May 4, 1916; Yeas 57--Nays 5. 16 Republican Senators voted Yea--5 Nay. Passed the House May 15 by vote of 295 to 10. 108 Republicans and Progressives voted Yea. Who are right---the 124 Republicans and Progressives who voted for it---or the 15 who voted against it, and the Office Seekers who now attack it?

Why Republicans Repudiate Their Vote

Wall Street wants Hughes. Wall Street hates Wilson. Wall Street has no representative with a desk in the Treasury Department **NOW**. Do you want Wall Street---or Wilson.

It Works — And That Hurts

The Democratic Rural Credit Law has already reduced Interest Rates. The Money-Sharks who laughed at you last year are now anxious to loan on your farm at lower rates.

The Republicans Promise the Farmer **NOTHING!**

Read their Platform and see. Compare Republican Silence with Democratic Accomplishment for **YOUR INTEREST**.

Saved Farmers Hundreds of Millions

Republican Attack on Eight-Hour Law Ignores the Farmer as Usual

Face the Facts: The Nation-Wide Railway Strike that impended on September 1, would have ruined the Farmer's Market. His perishable crops would have been a Total Loss. National Panic and a Food Gamblers' Carnival would have ensued. Your Wheat, Corn, Cattle and Hogs would have been sold on a Falling Market manipulated by speculators. **WILSON PREVENTED THE STRIKE AND SAVED THE FARMER HUNDREDS OF MILLIONS.**

THE POOR RAILROADS!!!

The Poverty Plea of the Railroads which have robbed you for years is echoed by Candidate Hughes and his supporters. They tell you that the Farmer will have to pay higher Freight Rates because of the Eight-Hour Day. The Farmer will have to pay if we have **Railroad-Owned Republican Government**—as He has always had to pay under such Government.

But Look at the Facts: The Railroads were never as prosperous as Now and during the past two years. Here is the record as they have filed their sworn statements with the Interstate Commerce Commission, as required by Law:

166 large railroads, having gross earnings of over \$1,000,000 per year each, show in Increase in Net Earnings for the past Twelve Months of \$307,533,097. These Roads earned in net revenues from July 1 to August 31, 1916, \$19,630,601 MORE than for the same two months last year. Under Democratic Government, which has protected and will protect the Producer, the Railroads cannot Rob the farmer under the plea of Poverty.
