NO HELP FOR IT!

Entire stock must be sold out in a short space of time. I have positively decided to sell out everything and quit business. I say it! I mean it! We overbought, trade has been slow, and we have therefore decided to close out. The bargain FLOODGATE will be thrown open and will almost engulf us with buyers. Prices in this sale have been cut lower than ever.

Stop! Think! Consider!

What a proposition of this kind means to you at this time of the year when you need the goods. One Dollar here does the work of two elsewhere; no halfway method about this sale; cold type never before gave a more perfect history of such wanton sacrifice and utter destruction. I am selling out and quitting business.

Plain Facts! Plain Figures!

Every article in this store is tagged with the sale price in plain figures, and these tags are placed alongside the original price to show you the immense saving at your disposal. There's no marking up, then marking down to show larger discounts, but the old untampered price is left for you to see. I do not resort to anything that is not straight and above board, as I value my name more than money. I have always tried to satisfy your wants at the lowest possible price, but now to accomplish my purpose I am giving you unheard of prices and I have cut and slashed goods to the very lowest, so
