

AMERICAN BOAT BOMBARDED BY A SUBMARINE

Was Under Charter of the France and Canada Steamship Co.

P. and O. Liner Sunk Without Warning in the Mediterranean.

London, Nov. 8.—The American-Hawaiian steamship Columbian of 8,579 tons gross, is sending out wireless telegraph calls for help, stating that she is being shelled by a submarine.

New York, Nov. 8.—The American Hawaiian steamship company's vessel Columbian is under American registry and is a freighter carrying no passengers and a crew of about 113 officers and men, according to officers of the company here. She was under charter by France and Canada Steamship company with offices here. She discharged cargo of horses at St. Nazaire, France, and continued on for Genoa laden with iron and steel taken on at night. Being an American vessel she was unarmed, it was stated.

MR. HUGHES SLEPT WELL

Republican Candidate Continued Refusal to Make No Statement Until Result Was Definite.

New York, Nov. 8.—Charles E. Hughes awoke at 8 o'clock this morning, after sleeping nearly seven hours. A minute later he was reading the newspapers and the latest election dispatches from doubtful states. Private telephone wires between the nominee's rooms and the Republican national headquarters were kept busy and on the basis of the incomplete returns tabulations were prepared for his perusal. Chairman Willcox communicated with the nominee and declared the belated reports reassuring. Hughes adhered to his determination of last night to make no comment and to issue no statement until the result was beyond doubt. He breakfasted with Mrs. Hughes and their three daughters.

Mr. Hughes was especially interested in the returns from California, Minnesota, Nebraska and Missouri. Early advices from party leaders were that the two last named states were in doubt with a steady Republican trend.

Coincidentally with his appointment, the tide of battle has changed in favor of the Roumanian army now driving the foe back into the mountains of the frontier.

EIGHT INJURED IN TRAIN WRECK

Soo Train Leaves Track and Plunges into Ditch near Tasker, N. D.

(Herald Special Service.) Tasker, N. D., Nov. 8.—Eight persons were badly injured and others were more or less shaken up when the Soo train, 107, left the rails and plunged into the ditch near here at 3 o'clock this morning. The train was traveling at a rate of 50 miles an hour. An axel on a tourist car broke and the car ran on the ties for almost half a mile when it ran off on a switch track and turned into the ditch, throwing three others with it. One car was turned completely over. The engine and two baggage cars were all that remained on the track. One woman, Mrs. M. Cowan, was

injured on the head and sustained several bad cuts about the body. She was carried to a nearby house in an unconscious state. She will recover unless internal injuries were sustained. The other persons injured received cuts and scratches but none of them are considered serious.

AUSTRALIAN COAL MINERS ARE TIED UP

Sydney, N. S. W., Nov. 8.—Practically every coal mine in Australia is idle, and a long strike seems probable as a result of the dispute between the miners and the operators. The miners demanded a "bank-to-bank" clause. The employers rejected this, but offered a compromise, which was not acceptable to the men. The government has seized all available coal supplies, but already shipping is disorganized and a number of factories have been compelled to close because of the coal shortage.

GRAND TRUNK MEN GIVEN ADVANCE

The award gives the men an increase of 25 cents a day, and foremen 20 cents. About 2,300 employees are affected.

Returns from 26 precincts out of 79 indicate that Polk county went solid for Wilson, East Grand Forks figures showing 234 for Wilson and 134 for Hughes, and available county figures giving Wilson 1,857 and Hughes 833. Indications are that Wilson will continue his lead in the county.

NIGHT SCHOOL BREAKS ALL PAST RECORDS

Creditable Showing Made Indicates Intense Interest in Night Course Started Last Evening.

The winter season night school started last evening at the high school under the direction of Superintendent F. E. Lorton, and the splendid interest in the course of the course of offers was demonstrated when 45 applicants appeared for enrollment. The showing is all the more creditable when it is considered that a high percentage of the students are below the enrollment of the initial session last evening.

An extra instructor has been engaged to assist in the course, reports that inquiries continue unabated, and it is probable that the initial night's enrollment will be greatly increased. The main purpose of the night sessions, which will be held Tuesday, Wednesday and Thursday evenings of each week, continuing until March, is to afford a means of education for people whose duties are such that they are unable to benefit by the day course, from which it is entirely independent. The subjects offered embrace practically every branch necessary in a practical education.

Classroom English will be especially adapted to foreigners who wish to learn to read and write the English language. The school equipment used by the daily classes will be placed at the disposal of the night classes, who are thus accorded every benefit the daily class enjoys.

Talk about player limit, remember the old St. Louis Browns when they were winning championships with such regularity it became tiresome? The club at that time only carried twelve men, and its three pitchers were Fouts, Carruthers and Hudson, the first mentioned two playing right field when not twirling, and Carruthers also led the American Association in hitting at the time. Anderson had only twelve players when he was winning championships with his Chicago White Stockings. This carrying two dozen men is habit, nothing more. Sixteen real ball players are as good as sixty toward the success of the team. Herald Want Ads Bring Results. Dance at Gilby—A grand ball will be given at Gilby this Wednesday evening, November 8.
