The "jag" was picked up early this morning on DeMers avenue, after his Thanksgiving celebration, and taken to a cell in the city jail to "sleep it off."

This morning when arraigned before Judge Rasmussen, he pleaded guilty of imbibing unduly in "Tom and Jerry," and was given 30 days in the county jail.

However, after pleading with the judge for clemency, a promise was exacted from him to keep away from the liquor for a full year, beginning this morning.

## YOUNG STAR OFFERS A FINE XMAS PRESENT TO MOST DESERVING GIRL

A search is to be made for the most deserving girl in New York. She must prove that she has talent for the stage, for music or for art, and that she is too poor to provide herself with the start in life that might make her famous. These conditions satisfied, Fay Bainter will make her a present on Christmas morning of "a year in New York."

Miss Bainter made this announcement a few days ago. She is a young stock company actress from Los Angeles, who has won a personal triumph in her first New York season as the heroine in "Arms and the Girl."

Coming to New York four years ago and again two years later with a long stock company experience, an ambition to star on Broadway and little money, she had to stifle the ambition and go back to "stock" both times. She went to every manager's office and they all rejected her.

Having made good at last, Miss Bainter said today her ambition is to give other girls a chance to make good without the trials she underwent.

"A year in New York" means that she offers to pay a year's rental for a comfortable room at the "Three Arts Club," set aside money enough for good meals for a year and provide a neat and adequate wardrobe.

The girl who wins this prize must have talent and must be poor. Miss Bainter suggests that committees from organizations like the Drama League, the Music League of America and the Art Students' League should be appointed to select the lucky girl. They should determine, says Miss Bainter, what girl in New York possesses the most talent and gives most promise of ultimately achieving success.

"These are the only conditions," she said. "No strings are attached to the offer."

The best way to bring others to our ideals is to get there ourselves.

Fay Bainter.
