

OF INTEREST TO WOMEN

Club Women to Meet at Dacotah

Mrs. W. C. H. Keough of Chicago arrived in the city Thursday night and has called a meeting of all business, professional and club women of the city, to be held at the Dacotah hotel at 7:30 o'clock this evening. Mrs. Keough's plan is to organize a state federation of professional and business women and she comes here from Sioux Falls, S. D., where on Tuesday she succeeded in organizing an association.

If established here, the association in North Dakota will become affiliated with the national federation to be organized at the St. Louis meeting on the 14 to 17. A delegate is to be sent from the local club.

Mrs. Keough is at the present time devoting her time to organizing and preparing the business and professional women for the big meeting at St. Louis. She is particularly anxious that the club women of the city attend the meeting at the Dacotah hotel tonight.

A very gay time has been planned for the boys of the Young People's society of the Baptist church at a party to be given this evening in the church parlors. The girls of the society will be in charge of the party, and although they have not made public their entertainment for the evening, there are rumors of a comedy skit and a program of surprises.

Hours will run from 7 to 11 o'clock and every boy in the society is invited.

Two weeks ago the girls were honored guests at a party given by the boys and tonight's event is a reciprocation for the good time given them.

Mrs. Leonard McMahon of McCann, Mrs. Charles Murphy and Mrs. Miller Knigh of Orr, N. D., have returned to their homes after spending several days in the city. They came to attend the Galli-Curci concert Wednesday night.

The regular meeting of the Woman's Relief Corps will be held this afternoon at the Odd Fellows hall at 3 o'clock Saturday afternoon. All members of the corps are urged to attend the meeting and assist with the sewing.

DOESN'T FEEL LIKE THE SAME MAN, HE STATES

C. B. Seymour Overcomes His Trouble By Taking Tanlac.

"Before I had been taking Tanlac a week I commenced to straighten right up and three bottles have certainly made a wonderful change in my condition," said Charles B. Seymour of 117 Park avenue, Duluth, while discussing the medicine, recently.

Mr. Seymour, who has been employed by the Superior Ship Building Company for the past twelve months, was formerly and for many years a carpenter for the Northern Pacific railroad. He has lived in Duluth for a number of years and has the confidence and respect of all who know him.

"I can trace the beginning of my troubles back seven years," he continued, "to a time when I was struck with an awful choking sensation and pains about my heart following a hearty meal. Well, from then on my stomach was so out of order that I could hardly eat anything but what would ferment causing gas, shortness of breath and intense pains. I couldn't eat meats and vegetables and I drank coffee without swelling up until I would just have to unbutton my clothes. Even toast, in the evenings, would start trouble and I got so that I was almost afraid to eat anything. I was troubled so some nights with the gas pressing on my heart that I couldn't lay on my left side and, what an awful taste it did have in my mouth in the mornings. I was so run-down that I would just come dragging in home from my work in the evenings and hardly had energy and strength to get to bed.

"Some of the statements I read about Tanlac just described my case exactly, so I told my wife that was the medicine for me. Well, it certainly was, for now I am feeling just like a brand new man. I could tell a marked difference in three days time and now I can eat just anything I want. Why, a few evenings ago I ate a big plate of baked beans, went to bed and slept like a log the whole night through, and Monday night I ate some cabbage and vinegar without one bit of trouble afterwards. In fact, my stomach never troubles me any more, no matter what I eat, and really, I don't feel like the same man. I used to have to stop and get my breath while climbing the steps up the avenue on my way home, but now I believe I could run up them. My back, between my shoulders, used to pain me so that I would have to get my wife to rub me with liniment, and I would often get so dizzy that I would have to stop and stand still for a few minutes, but these, like the rest of my troubles, have disappeared since I began on Tanlac. I had dropped down considerable in weight, but I have already gained several pounds and at the rate I am picking up now I will soon tip the scales at my old weight. There's nothing too good for me to say for Tanlac."

Tanlac is sold in Grand Forks by Vold's Drug Store and the leading druggist in every town.—Adv.

Nurse the Skin Back to Health and Beauty
A Beauty Aid for every need is provided in **MARINELLO CREAMS**

Special Creams—Santaline, Rose, Orange, Vanilla, etc.—for every skin condition. They are gentle, soothing, and effective. They remove blemishes, close pores, and give the skin a soft, healthy glow.

Apply to the face and neck after the bath. Use a soft brush or your fingers. Wash off with warm water.

MRS. JANEY MURRAY
117 Park Avenue, Duluth, Minn.

Woman's League Elects Officers

At a meeting of the Woman's league held in the league rooms at the state university, Miss Enid Young of Surrey, N. D., was elected president of the league board which acts as an assistant counsel to Miss Ella Fulton, dean of women on the campus. Other officers named for the coming year were: Vice president, Miss Ruth Dow; secretary, Miss Ruth Argall; and treasurer, Miss Fanny Almitie.

Last Baby Conferences In South End Saturday

The last Baby conference for the South end of the series which have been held in the city during several weeks past, will take place Saturday morning at the Roosevelt school. As this is the last conference to be held in the south end of the city, it is hoped that mothers will make the most of the opportunity offered them to have their children examined and prescribed for.

At the last examination held in the Belmont a startling revelation of malnutrition and defective cases came to light. A surprising number of children were found with weak eyes, defective teeth and many were under weight. These children are at the present time receiving treatment and their defects, while not serious and now easily remedied, might, if they were neglected, cause considerable embarrassment as the children grow older.

Mothers may bring their children to the Roosevelt school as early as 9 o'clock Saturday morning. Examinations will be continued until all registrations have been cared for and registrations may also be made during the morning.

The physicians in charge of the clinic Saturday will be Dr. J. E. Engstad, Dr. J. Grassick and Dr. H. G. Woutat. The regular nurses' committee will assist with the examining, weighing and dressing the children. The next baby clinic will be held at the parochial school on Saturday, June 14.

The Friendship club of the Y. W. C. A. made a trip to the state university Thursday and through the courtesy of Miss Margaret K. Cable, instructor in ceramics, were shown through the ceramics department. Miss Cable gave an interesting talk to the club on the method of obtaining the clay used for the pottery devised in the department, and gave a crude demonstration of the various steps taken in moulding pottery. The girls were shown an interesting display of work completed during the last term.

The members of the Business Women's club will meet this evening at the Y. W. C. A. at 6 o'clock. Supper will be served and Miss Ann Kaufman will give a brief account of the recent meeting at Minneapolis, which she attended as a delegate from the local Business Women's club. The girls will then go to the Hotel Dacotah, where they will hear Mrs. W. C. H. Keough of Chicago, who is to speak on the federation of business and professional women's clubs.

Mr. and Mrs. W. E. Fuller, 508 Belmont avenue, are looking forward to a visit from Mr. Fuller's nephew, Lieut. Ernest Wright, who has recently returned to this country after eleven months' service overseas. At the present time Lieut. Wright is visiting his grandfather, Mr. N. Fuller at River Falls, Wis., and after a visit in this city he expects to return to his home in Crookston.

Mrs. A. M. Lommen, chairman of the local knitting committee of the Red Cross, has announced that all knitted articles must be at headquarters at the close of this week in order that the Grand Forks work may be sent out with the June allotment. Mrs. Lommen will be at Red Cross headquarters to care for the work as it is brought in.

Miss Violet Fitzgerald left this morning for Maple Lake where she will be a guest at a house party for the coming week. Miss Josephine Fossie and Miss Marie Comensrud of Crookston will have been house guests of Miss Fitzgerald at her home, 1224 University avenue, accompanied her and will also be guests at the party.

Miss Harriet McConville, reader, left this noon for Beltrami, Minn., where this evening she expects to give "Pollyanna" at a meeting of the Boys' Social club, which is being held there tonight.

Mr. and Mrs. F. L. Griffin, Dinnie apartments, are entertaining as their guests for several days, Mrs. C. C. Allan and daughter, Florence, of Ada, Minn.

The Adventures of Jimmy Coon

Little William had gone away from the Jones' farm to visit his Cousin Fred. He had gone for a three weeks' visit. The cherry tree was ripe. How would the cherries get picked and what would they all do without cherry pie as the hired men had no time to pick cherries.

Mother Jones was in despair. She couldn't think of a single person to pick the cherries. She talked about it all the time. One morning she woke up and half of the cherries were picked. She woke up the next morning, and not a single one was left on the tree.

Now who do you suppose could have been the berry picker? You will never guess. It was Cousin Bruin and Jimmy Coon.

Cousin Bruin loves cherries, and one dark night, he and Jimmy came softly up to the cherry tree. They looked into the barn. They saw that Ranger was not there. Then they took a peek into the hen house. Some of those old hens grew quite restless, but they didn't touch a single chicken, for they knew if they did, there would be a squawking, that they wouldn't have a chance to pick a cherry. Farmer Jones was always on the look-out for Mr. Red Fox, and he had his gun handy, and if there was a noise from the hen-house, he was ready to shoot on the instant.

Cousin Bruin didn't know this but Jimmy Coon always hung around the Jones' Farm, and what he didn't know, Chatterbox the Red Squirrel knew.

But Cousin Bruin thought it was a good thing to have a peek at those chickens to make sure that they were all safe and sound when the cherries gave out.

So they drew near the house.

16th District Behind in Drive

According to a report from Mrs. Elizabeth Preston Anderson, president of the North Dakota W. C. T. U., the sixteenth district will have to show more interest unless it wishes to be outplayed by the surrounding districts in the state in the W. C. T. U. Jubilee drive.

Composed of Nelson and Grand Forks counties with no W. C. T. U. organizations in Nelson county, the towns of Grand Forks, Niagara, Inkster, Gilby, Thompson and Larimore have been shouldering the burden of the allotment for this district. However, the required sum has not been obtained and the drive will be continued in Grand Forks, according to Chairman Frances Wager, until the \$500 which was allotted the city of Grand Forks will have been raised.

Miss Genevieve O'Keefe, daughter of Dr. and Mrs. Henry O'Keefe, 504 International avenue, arrived home last evening from Washington, D. C., where for the past fourteen months she has been engaged in government work in connection with the bureau of standards. Miss Murial O'Keefe, who is in Washington at the present time will not return to Grand Forks until July 1.

Misses Cecile and Julia McHugh of Lidgerwood are spending several days in the city as the guests of friends. Miss Cecile McHugh was an instructor in the Carrington city schools and Miss Julia McHugh recently completed a term in the Lakota schools. They were in Lidgerwood on their home in Lidgerwood shortly.

A regular meeting of the Wayanna Campfire girls was held this afternoon at the Y. W. C. A. under the leadership of Miss Helen Larken, camp leader. An important business meeting was held and plans were made for the annual summer camp.

Wesley conservatory will present Miss Saide Fisher in a pianoforte recital this evening at 8:15 o'clock at the Corn Hall. Miss Fisher will be assisted by Miss Dorothy Wright, soprano.

A vaudeville show will be given this evening at 8:15 o'clock at the Y. W. C. A. by members of the association. Included in the bill are some very good acts. A number of tickets, written by a local woman, will conclude the evening's program. A small admission fee will be charged and everyone is welcome.

An indoor picnic supper will be served in the Guild hall this evening at 6 o'clock by the women of the St. Paul's Guild. Mr. and Mrs. W. C. H. Woolsey and family who leave the city soon will be the honor guests. All members of the guild and their families are invited.

Miss Hanna Scott, who has just completed a term of school at Erskine, expects to be in the city this evening for Havre, Mont., where she has accepted a position for the coming year. Miss Scott was formerly a University of North Dakota student.

Miss Valborg Jorgensen of Pilot is spending several days in the city as a guest of her sisters, Miss Marie and Miss Nora Jorgensen.

Miss Violet Pifer of Larimore was in the city Thursday visiting friends.

VEAL OUTLETS.
One and one-half pounds veal cutlets, one cup bread crumbs, one medium-sized onion, one medium-sized carrot, one clove, salt, pepper, juice of one-half orange, four tablespoons olive oil, two tablespoons butter, four tablespoons flour, seven tablespoons any kind of wine, two cups milk, one teaspoon lemon juice.

Trim cutlets, dip in beaten egg, then in bread crumbs. Have four tablespoons of olive oil in iron skillet piping hot, fry brown on both sides. For sauce: Peel and slice one onion, one clove, salt, pepper, two tablespoons butter, four of flour and make paste, then add two cups of milk, bring to boil and strain, add wine, orange and lemon juice, let simmer 20 minutes to blend flavor. Put cutlets on meat platter, pour sauce over them and serve.

Getting it Straight.
"Does Cholly live on the avenue?"
"No Cholly lives on his father, who lives on the avenue."

He found a plate of Ranger's.

Cousin Bruin climbed tree in a minute, and did enjoy himself. Jimmy was a rap about, chattering away to say he had some scraps of food, but he would have turned on his side, only he found a plate of Ranger's food, and a glass left for Ranger, which Jimmy Coon was very particular about.

Jimmy Coon was very particular about his drinks. He washed every glass he ate, and then he drank the milk, and drank all the milk in the dish where he had washed his food.

An awful thing happened to Jimmy had never before. This was his habit and he never hurt his health a single time.

Tomorrow he Picked.

Last "U" Formal Saturday Night

Marking the close of the year's social calendar at the University of North Dakota, the Delta Gamma sorority formal party will be held Saturday evening, June 5, in the Guild hall. In order that the season may be fittingly concluded this sorority is making preparations for an unusually splendid party. The affair will be in the nature of a dinner-dance. Hours will be from 6:30 to 11:30 o'clock and a 6-piece orchestra will play the dance program, which is to include several attractive favor numbers.

Guests will include the active and pledged members of the sorority and a large number of alumnae members. Those who have already arrived for the party are Miss Myrtle Ellenson of Sisseton, N. D., Miss Dona McBride of Cavalier, Miss Isabelle Lackey of St. Paul and Miss Elsie Mills of Mayville. Patrons and hostesses will be President Thomas F. Kane and Mrs. Kane, Prof. and Mrs. G. A. Abbott, Prof. and Mrs. Howard E. Simpson, Dean and Mrs. Vernon E. Squires, Dr. and Mrs. G. M. Williamson, Mrs. C. in Greenleaf, William Greenleaf, Dean Ella Fulton and Prof. Harry C. Trimble.

This party closes an unusually successful social year at the state university, each year and sorority on the campus having given very good parties. Prof. Raymond Hitchcock, chairman of the committee in charge of the "U" calendar, has announced the past year to have been a decidedly successful one and also states that in many respects this year's social event far surpassed the lavish and costly affairs which were given prior to the war time conservation period.

Mrs. C. Condit, 6 1/2 Palmer block, left this morning en route for New York where on June 12 she will sail for Norway and will be accompanied by Mrs. C. Condit will be joined by Mrs. O. W. W. who expects to make the trip with her. They expect to visit places of interest in France and Belgium before returning to this country and plan on being in Europe about one year.

John Orr of Minneapolis returned to the city Thursday morning to enjoy a short visit. He expects to return to Minneapolis Sunday and will be accompanied by his mother, Mrs. M. F. Orr and his sister, Mrs. H. J. Johnson of Minneapolis who has been the guest of her mother. Mrs. Orr expects to make their home in Minneapolis.

Mrs. G. S. Strandvold, 405 South Fourth street, entertained a group of friends last night, the occasion being Mr. Strandvold's birthday. As June 5 is also the anniversary of the constitution of Denmark, flowers and other decorations at the table were in the Danish colors. Covers were laid for fourteen.

The Woman's Glee club, the Men's Glee club and the university band will picnic in Lincoln park this evening if weather conditions are favorable. Members of the university faculty and E. H. Wilcox will chaperone the party.
