## PACKARD SAYS HE WOULD NOT BE CANDIDATE

### Could Not Take Attorney General Job "Under Any Conditions."

Fargo, N. D., Jan. 6.—Frank E. Packard, assistant attorney general of North Dakota, who is in St. Paul today in connection with hearings in the North Dakota tax case, declared that he is not a candidate for attorney general of North Dakota as was suggested in some quarters.

"This is no time to discuss candidacy for office," said Mr. Packard today. "We are engaged in a grim struggle for a rule of law in this state and the banishment from its borders of probably the most conscienceless band of political cut-throats that ever disgraced the state. To inject personal ambition into the situation would be unpardonable. No man should seek office in the present crisis, nor should any clerk of men attempt to dictate who should become candidates. The candidates should be selected by the entire portion of the citizenship of the state opposed to Townley."

"I am not now a candidate for attorney general, and nothing could induce me to become a candidate, and I would not accept the position if it were offered to me on a silver platter."

## 470 New Corporations Formed During Year

Bismarck, N. D., Jan. 6.—More than 470 firms and associations filed articles of incorporation in North Dakota during 1919, according to records at the offices of the secretary of state. ## STATE HISTORY IS DEDICATED TO ROOSEVELT

### Dickinson Librarian Publishes Book Entitled, "N. D. of Today."

Bismarck, N. D., Jan. 6.—Dedicated to Theodore Roosevelt, "a North Dakota man of the old days whose memory shall ever live in the hearts of the people of North Dakota," "North Dakota of Today," a modern history of the Plattevalley state, written by Zena Irma Trinka, head of the Dickinson public library, will in its appearance this latter part of this week. The volume consists of 270 pages of interesting historical, descriptive and statistical matter, illustrated with 124 half-tone cuts, and written and printed in an attractive style.

The preface is dedicated to Colonel Theodore Roosevelt, "North Dakota people never will forget," says Miss Trinka in her introduction, "the great man who lived in their midst during the early and romantic period of the state's history—when the prairies resounded upon thousands of herds of bison, and the plains re-echoed with the merry pranks of the cowboys—he is too deeply enshrined in their hearts for that. Colonel Roosevelt paid North Dakota the greatest compliment when he said that 'if it had not been for his experience in North Dakota, he never would have become president of the United States.'"

## Supreme Court Sustains Provisions of Divorce

Fargo, N. D., Jan. 6.—Oscar Grey had to go to the supreme court of North Dakota to force his divorced wife to comply with the provisions of a previous district court order by which she was required to sign quitclaim deeds to property in his favor. Grey succeeded, by a decision of the supreme court just announced, in obtaining an order from that tribunal requiring his divorced wife to sign the deeds after he had fulfilled his share of the obligations, such as the payment of alimony.

## North Dakota Man Heads New Company Manufacturing Fan

Minneapolis, Minn., Jan. 6.—Albert Holland, of Fargo, well known inventor, is president; Harry Happer of Chicago, vice president; Walter Ohme, of St. Paul, general manager; and Superintendent of The Ther-Mo-Fan Co., St. Paul, a \$100,000 company organized to manufacture an automobile fan, tractor automatic cooling fan, and invented and patented by Mr. Holland.

The fan, according to Mr. Holland, is designed to keep the engine at an even temperature, being automatically controlled by the temperature of the water. When the water is below 170 degrees, the blades are lifted to draw the cold air from the engine. At 170 degrees, the blades are lowered, and when the water is above 170 degrees, the blades are inverted to draw cold air to the engine.

Mr. Holland has invented and patented a number of automobile accessories, among them the shutters used on the radiators of Hudson automobiles.

## Supreme Court Decisions

From Ward County.

Art Harselman, plaintiff and respondent vs. Thomas Smith, defendant and appellant. Syllabus: In this case defendant appeals from a judgment for \$700, and interest. For a chattel mortgage he paid \$1,400 and turned over to plaintiff a Hudson auto valued at \$700. The Hudson car was in possession of the defendant and required repairs. Both parties went together and notified the company of the trade and plaintiff took and carried away the tools of the Hudson car.

Held, the plaintiff at once became the owner of the Hudson car and the auto company became his bailee, regardless of the fact that defendant had agreed to pay for the repairs. Reversed and dismissed. Opinion of the court by Robinson.

Christianson, Ch. J. concurs specially. Brownson and Grace, J. concur in the result.

B. A. Dickinson, Ryder, and Greenlee, in dissent. Minot, attorneys for appellant.

## WANT BETTER LAWS

Golden, B. C., Jan. 6.—The latest hunting tragedy in British Columbia has resulted in the province to urge the legislature to pass more stringent laws to inflict a penalty upon sportsmen responsible for the death or injury of fellow hunters.

Frank Gilbert, Herbert A. Blakeley and Peter Legace composed a party seeking deer which went into the woods along the Columbia river a short distance from Hazelton. After having killed one deer, they separated. Legace fired at a form which he thought was another buck and shot Blakeley through the head. Death was almost instantaneous.

Legace started for a ranch to obtain assistance but lost his way in a snow storm. Gilbert remained with his patients a night and then when Legace did not return, he started for the ranch. Gilbert reached the ranch after having been without food or water for 24 hours. Legace got to the ranch two hours after Gilbert arrived. A searching party later recovered the body.

The coroner's jury held that Legace "had not used sufficient precaution to ascertain the nature of the object at which he shot."

## FROZEN SOLD

Yankton, S. D., Jan. 6.—A pet turtle, owned by a local family, escaped early in the winter. Several days later it was found frozen in a pond.

The turtle, encased in four inches of ice and seemingly dead, was brought into the house and dropped into a pail of warm water. It sank but in 90 seconds and the ice had melted, the snapper "came to life" and swam about the jail, seemingly none the worse for its experience.

### The Quick Way to Stop a Cough

This home-made syrup does the work in a hurry. Easily prepared, and never fails.

You might be surprised to know that the best thing you can use for a severe cough, is a remedy which is easily prepared at home in five minutes. It's cheap, but for prompt results it beats anything else you ever tried. Usually stops the ordinary cough or chest cold in 24 hours. Tastes pleasant, keeps children like it—and it is pure and good.

Pour 2 1/2 ounces of Pinex in a pint bottle; then fill it up with plain granulated sugar syrup. Or use clarified molasses, honey, or corn syrup, instead of sugar syrup, if desired. Thus you get a full pint—a family supply—but costing no more than a small bottle of ready-made cough syrup.

And as a cough medicine, there is really nothing better to be had at any price. It goes right to the spot and gives quick, lasting relief. It promptly heals the inflamed membranes that line the throat and air passages, stops the annoying throat tickle, loosens the phlegm, and soon your cough stops entirely. Splendid for bronchitis, croup, hoarseness and bronchial asthma.

Pinex is a highly concentrated compound of Norway pine extract, famous for its healing effect on the membranes. To avoid disappointment, keep your drug store supplied with Pinex, with directions and don't accept anything else. Guaranteed to give absolute satisfaction or money refunded. The Pinex Co., Ft. Wayne, Ind.

### A CLEAR COMPLEXION

Ruddy Cheeks—Sparkling Eyes—Most Women Can Have

Says Dr. Edwards, a Well-Known Ohio Physician

Dr. F. M. Edwards for 17 years treated scores of women for liver and bowel ailments. During these years he gave to a great many of them a prescription made of a few well-known vegetable ingredients mixed with olive oil, naming them Dr. Edwards' Olive Tablets. You will know them by their olive color.

These tablets are wonder-workers on the liver and bowels, which cause a neural action, carrying off the waste and poisonous matter in one's system.

If you have a pale face, sallow look, dull eyes, pimples, coated tongue, headache, a listless, no-good feeling, all out of sorts, inactive bowels, you take one of Dr. Edwards' Olive Tablets nightly for a time and you will see the results. Thousands of women and men take Dr. Edwards' Olive Tablets—the successful substitute for calomel—now and then just to keep them fit. 10c and 25c.

Good health is your heritage. So don't let an acid-stomach deprive you of your health. Don't let it hold you back.

Some people think an acid-stomach merely causes indigestion, dyspepsia, bloating, heartburn, etc. That is a grave mistake. You simply have no idea of the long train of physical ills and awful human suffering that are directly traceable to acid-stomach. Rheumatism, Gout, Sciatica, Cirrhosis of the Liver, Biliousness, Anemia, Auto-intoxication, Intestinal Congestion, Severe Headache, Insomnia, Nervousness, Mental Depression, Melancholia, Dizziness, Heart Trouble—yes, even Oesophagitis and Cancer of the Stomach—all of these disorders can and their original source in this one condition—acid-stomach.

Most people do not realize this. Yet it is not at all surprising. Any number of people have acid-stomach without knowing it, because the acid is absolutely tasteless, yet powerful enough to eat through the hardest-than-home enamel of the teeth, causing them to decay. Therefore, you can easily imagine that acid-stomach is far reaching in its effects, causing the above named ailments.

Get rid of acid-stomach by simply using

## COX PLANS VIGOROUS CAMPAIGN TO STOP FIRES IN WOODS

St. Paul, Minn., Jan. 6.—A fire hazard cleanup in villages in wooded sections of northern Minnesota will be launched immediately, State Forester W. T. Cox said today. State foresters and patrolmen will be authorized to push the work as authorized by law, the forester said. A systematic check will be maintained for the first time this year to insure a cleanup in and around every village to minimize forest fire dangers.

Mr. Cox predicted that the work will be well advanced before the snow disappears.

## MANY MILES OF ROAD BUILT

Marquette, Mich., Jan. 6.—Official statistics from the state highway department at Lansing show that more than 737 miles of improved state reward roads were built since July 1, as a unit of Michigan's broad road building program which will involve the expenditure of \$50,000,000 provided for by constitutional amendment adopted last spring.

The 1919 program cost \$10,850,000 and the total mileage includes more than 350 miles of state reward highways. Much road building in the Upper Peninsula is planned for this year which will greatly improve touring facilities.

Upper Peninsula roads will enable motorists from lower Michigan to travel across the northern country into Minnesota and thence to reach transcontinental trails, in addition to the Jefferson highway from Winnipeg to New Orleans.

### A Sure Way To End Dandruff

There is one sure way that has never failed to remove dandruff at once, and that is to dissolve it, then you destroy it entirely. To do this, just get about four ounces of plain, common liquid arvon from any drug store (this is all you will need), apply it at night when retiring, use enough to moisten the scalp and rub it in gently with the finger tips.

By morning, most if not all of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.

You will find all itching and digging of the scalp will stop instantly, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better.

## "ALL MY TROUBLES ARE OVER," SAYS MANUFACTURER

Milwaukee Man Says Nothing He Ate Agreed With Him—Tanlac Proves Merit

"Well, it hasn't been long since I told you what Tanlac did for my wife, now I want to tell you of the good it has done me," said Emil L. Saure, cigar manufacturer, 850 Teutonia avenue, Milwaukee, Wis., recently to Tanlac representative, Continuing, he said:

"For fully a year before I began taking Tanlac my stomach had been in a terrible bad condition. Nothing I ate agreed with me and I had indigestion something awful. I became so badly nauseated I was able to retain a thing I ate. I also suffered with rheumatism in my legs, arms, and shoulder blades, which pained me so at times I could hardly stand it, and at one time had to lay off from work for three weeks because the stomach trouble along with the rheumatism just unable to do a thing. My nerves became so badly shattered I was almost impossible for me to get a good night's sleep, and I would become so restless I would not be able to rest at a time after going to bed without ever closing my eyes. There was a pressure in the top of my head all the time, and I was bothered a great deal with dizzy spells, and sharp, shooting pains in the region of my heart. I was badly run down and felt tired and sluggish all the time.

"I was in this condition when I bought Tanlac for my wife and declared I would try it also, and I am glad to say that it has completely overcome all my troubles. I can eat anything I desire without the slightest sign of nausea, and enjoy every meal. The rheumatism had left me entirely and also the pressure in the top of my head has stopped, and I can sleep all night long without waking up. In fact, I could not ask for better health than I am enjoying now. I hope that what I say of Tanlac will be of benefit to some one who may be suffering as I was, for I am certain it will do them as much good as it has done me."

Tanlac is sold in Grand Forks by Vogt's Drug Store and the leading druggist in every town.—Adv.

### FEW FOLKS HAVE GRAY HAIR NOW

Druggist Says Ladies are Using Recipe of Sage Tea and Sulphur

Hair that loses its color and luster, or when it fades, turns gray, dull and lifeless, is caused by a lack of sulphur in the hair. Our grandmothers made up a mixture of Sage Tea and Sulphur to keep her locks dark and beautiful, and thousands of women and men who value that even color, that beautiful dark shade of hair which is so attractive, use only this old-time recipe.

Nowadays we get this famous mixture improved by the addition of other ingredients by asking for "Wet's Sage and Sulphur Compound," which darkens the hair so naturally, so evenly, that nobody can possibly tell it has been used. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning the gray hair disappears; but what delights the ladies with Wet's Sage and Sulphur Compound, is that, besides beautifully darkening the hair after a few applications, it also brings back the gloss and lustre and gives it an appearance of abundance.
