

M'ADOO AND COX IN CLOSE RACE FOR NOMINATION

FRAZIER WINS NOMINATION OVER LANGER

Governor Will Be Opposed In General Election by J. F. T. O'Connor.

BURTNES BEATS JOHN M. BAER

Local Man Has Substantial Lead For Congressional Nomination.

Lynn J. Frazier has been given the Republican gubernatorial nomination, and in the general election in November will be pitted against J. F. T. O'Connor of this city, the Democratic nominee.

Governor Frazier has defeated William Langer, choice of the Independent Republicans by a very small margin in the race of returns received yesterday and last night, his majority will not be much over 5,000, if it reaches that figure.

Two years ago, he defeated John Steen of Rugby by 1,700 votes. O. B. Burtness of Grand Forks has been given the Republican nomination for congressman in the First district, defeating John M. Baer, who reported 588 precincts in the district reporting last night, Burtness had a lead of 2,896.

The vote was: Burtness, 18,155; Baer, 15,259. Last night's tabulation gave Frazier a lead of 398 over Langer. The vote was: Frazier, 50,183; Langer, 49,785.

Frazier's lead will be steadily increased, for the greater part of the missing precincts are not believed, however, that his margin will be over 5,000.

Dr. E. F. Ladd of Fargo, Tonwey's choice for senator, is leading A. J. Gronna, incumbent. With very incomplete returns in, Ladd last night had a lead of 223. It is expected, however, that this will be increased, but he seems to have had a vote about the same as Frazier's.

It is impossible to give any estimate as to the other officers. Secretary of State Hall and State Treasurer Kestly have polled votes slightly in excess of Langer's, but it is impossible to make any estimate of the result. If Frazier's lead is 5,000 or more, it is likely that the leading candidates for secretary of state and auditor have been nominated. If it is a small majority, Hall and Kestly may be able to pull through. Jerry Grant, 22-43, leading candidate for the race for superintendent of public instruction, but Miss Minnie J. Nielson, the incumbent, and Miss Ruth Johnson, the leading candidate, are running a very close race.

Following is the vote on governor: Langer Frazier Adams, 28-29 407 628 Barnes, 54-55 1,797 1,516 Benson, 41-45 1,302 1,238 Billings, 17 208 811 Emmons, 31-32 809 704 Foster, comp. 575 564 Golden Valley, 8-20 408 352 Grand Forks, 61 2,406 1,821 Grant, 22-43 830 821 Griggs, comp. 433 862 Hettinger, 31-32 511 762 Kidder, 24-31 474 766 LaMoure, 29-36 485 710 Logan, comp. 429 824 Mercer, 23-28 307 577 Morton, comp. 1,543 1,771 Mountrall, 43-61 693 1,149 Nelson, 30-34 189 571 Oliver, comp. 1,250 821 Pembina, 33-34 1,250 821 Pierce, 25-34 659 534 Ramsey, comp. 1,612 1,073 Ransom, 31 1,014 1,245 Renville, 17-29 241 599 Richard, 44-49 1,892 1,050 Rolette, 22-31 498 564 Sargent, comp. 1,120 884 Shaw, 2-12 134 150 Slope, 14-32 136 140 Stark, 28-36 1,110 821 Sheridan, 27-29 214 749 Steele, 21-24 2,326 1,841 Stutsman, 49-71 2,327 1,698 Trill, comp. 1,890 1,239 Towner, 28-35 542 571 Walsh, 47-56 1,178 1,152 Ward, 47-56 1,221 1,384 Williams, 58-67 1,099 1,896 Totals 49,785 50,183

Democratic Convention In Detail

Auditorium, San Francisco, July 3. At 9:45 o'clock this morning the Democratic national convention was called to order again and Chairman Robinson presided over the session.

There was a conference after conference of the party leaders and delegates came in but they apparently were fruitless and to all outward evidence the convention stood exactly where it did at the close of the second ballot last night, there was not a man on the floor who could vote in independence to support his prediction of what was going to happen today.

At nine forty five o'clock Chairman Robinson called the roll and the names of the delegates were called. The roll was taken by the chairman and the names of the delegates were called.

Before the roll of the states was resumed Chairman Cummings read to the convention a telegram from President Wilson.

The message, which was in reply to one of appreciation and greeting from the convention follows: Hon. J. White, Ex-officio, Chairman, Democratic National Committee, San Francisco.

It was with the most grateful appreciation that I received the message from the convention so kindly transmitted by you. It is a source of profound pride with me to receive such an evidence of the confidence of the great party which derives its principles direct and untainted from the founders of our government and the authors of our liberty.

While our opponents are endeavoring to isolate me among the nations of the world, we are following the vision of the founders of the republic, who promise the world the counsel and leadership of the free people of the United States at all matters that affect humanity, liberty and the justice of law. That promise we deliberately renewed when we entered the great war for human freedom and we now keep faith with those who died in Flanders field to redeem it. That I should have been accorded leadership in such great matters fills my heart with gratitude and pride and the course the party has taken fills me with a perfect confidence that it will go from victory to victory until the true traditions of the republic are vindicated and the world convinced not only of our strength and prowess but of our integrity and our devotion to the highest ideals. This is a conquering purpose and nothing can defeat it.

BLANKET STICKER USED BY LEAGUE

Were Passed Out to Voters In Sheridan County By League Workers.

Reported That They Were Given Out in One Polling Place on Election Day.

Fargo, N. D., July 3.—Blanket stickers—that is, stickers containing the entire list of candidates for state office for congressional nomination, and for legislative nominations were employed by the League managers in Sheridan county.

The blanket stickers each of them contained in a single envelope, were passed out to the voters by league emissaries and in Goodrich it has been established that they were passed out in at least one polling place on election day.

The voter who used such blanket stickers had only to paste the entire sticker on the official ballot, covering the names on the regular ballot.

It is presumed that this practice was employed by the league managers in numerous other western counties which have returned the heaviest majorities for the league ticket.

ROLLA MEN ARE HURT IN ACCIDENT

Chicago, July 3.—More than 1,000 officials of the sixteen railroad brotherhoods will meet in Chicago July 19 to pass on the wage award of the United States railroad labor board.

It was also said that a pronouncement to the men will be made by the conference after the award has been scrutinized.

Planned by United States Shipping Board in American Ports.

Washington, July 3.—The shipping board is not considering "closed shop" arrangements in American ports, Chairman Benson announced today in answer to a number of protests against a reported effort of the board to obtain exclusive control of longshoremen work on its vessels.

"As is proper in the public service, we will insist on the maintenance of equality of opportunity for employment on its vessels for all properly qualified men, regardless of affiliation with any particular organization," the chairman stated.

"No change is contemplated in the present arrangements for longshore work on shipping board vessels which continue to exist under agreements until October 1 of the current year."

Why Not Make An Independence Day Possible For The Other Fellow?

San Francisco, July 3.—The ground cleared of preliminary ballots, and a rolling administration victory in the platform fight, the Democratic national convention re-assembled this morning at 9:30 o'clock, to conclude the work of selecting a presidential nominee.

Predictions of a McAdoo victory on an early bid to elect the air and they were accompanied by a desperate stiffening of resistance against his nomination.

McAdoo or Cox and McAdoo and Cox were the leading predictions, coupled with talk of McAdoo and Meredith. On the other hand, the forces pitted against McAdoo pointed out the answer to the claim of a "glacial movement" toward President Wilson's son-in-law that he had failed in the two ballots already taken to make the gains that were claimed for him; that Cox in fact made greater gains in the one day's balloting than did McAdoo, and that so far as the battle for the nomination was concerned the McAdoo landslide his supporters have been predicting.

The Palmer people made no particular claims but although in the one day's balloting they gained ten votes they lost more than that from their original delegates and replenished the loss from their reserve.
