Program Committee Plans For Meeting

The program committee of the North Dakota Federation of Women's clubs and the city of Bismarck are making great plans for the state convention to be held in that city on October 5, 6, 7 and 8. According to Mrs. F. R. Smyth, chairman of the program committee, the program has been completed and there will be a number of splendid features introduced.

One of the main features will be the stress laid upon visual education which include the use of motion pictures in the school room as an aid to class work. This will undoubtedly be the next big step in the development of the modern school system.

Dr. Charles W. Elliott, of Harvard university, points out, "We have been accustomed to depend upon the ear, a very inferior method compared with education through the eye. Mrs. Guy Blanchard of Chicago, an authority of national reputation on motion pictures in teaching, has been secured to address the meetings.

Tests conducted in the Detroit public schools during the year, show that

where pictures are shown 30 minutes before and after a recitation the pupils are able to learn more in 90 minutes than they learn in 360 minutes of oral recitation.

Among other features are the musical program which includes an Entertainment Fund concert and entertainments by Miss Dorothy Sucky, a reader of recognized ability, who has given programs before the American Legion throughout the state.

In compliment to Miss Lillian Bendke, elected Mrs. Percy H. Dyke (Mrs. Engstad) of Huron, S. D. entertained at an attractively appointed dinner in the home of her parents, Dr. and Mrs. J. E. Engstad, 703 South Fifth street, on Sunday evening. There were ten guests, among them Misses Elsa and Marion Bendke, sisters of the honor guest. Pink roses made an effective centerpiece for the table, and an enjoyable hour followed the dinner. This evening Miss Vera Stinson has invited a group of women to dinner in her home in Riverside Park in Miss Bendke's honor. Miss Stinson will use flowers of the season in the rooms and she will be assisted by her mother, Mrs. Leslie Stinson.

Mrs. F. E. Dickinson, 104 Vernon avenue, returned Sunday evening from Lake Bemidji, where she has visited for several days as the guest of Mrs. Finley Cameron, Dr. H. G. Woutat and Ranson Barnes, who visited over the week end with their families, also returned Sunday evening.

Mr. and Mrs. Sheridan Olmstead of Philadelphia, who were expected to arrive in Grand Forks this morning, will not come to the city until Wednesday, according to word received from them this morning. Mr. and Mrs. Olmstead are en route to their home in Philadelphia from an extended trip through the west.

Mrs. L. P. Murphy and two little children, Clara and Lucia, 511 South Fifth street, are expected to return home from Bemidji, Minn., Tuesday morning after a ten-day visit with the former's parents, Mr. and Mrs. F. M. DeCaire.

WOMAN'S FORGOT RANGER

Miss Helen Dows of Denver holds the distinction of being the first woman appointed as fire-lookout in the Pike National Forest in Colorado.

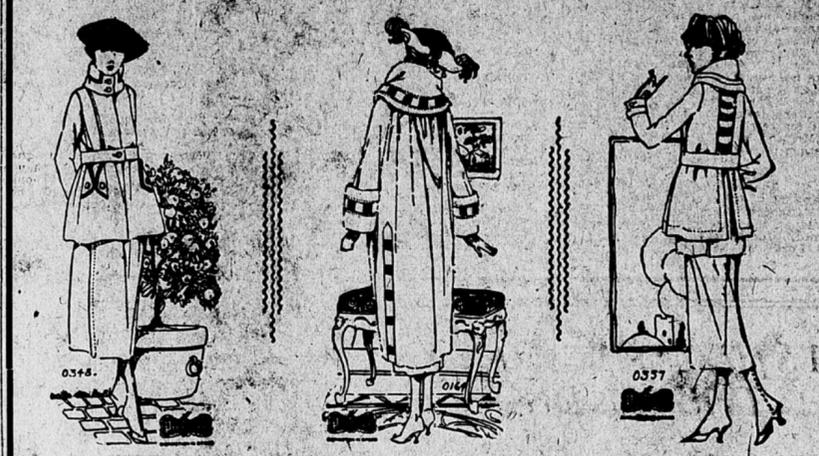

Miss Dows, who moved to Denver several years ago in the hope that the climate would prove beneficial to her health, is a newspaper artist by profession, and it was when she overheard her managing editor explaining the work of the foresters that she first became imbued with a desire to enter the service. Her ambition and efforts were constantly directed to that end until she received her appointment as fire-lookout in the Pike National Forest in Colorado. It was merely an experiment on the part of the forest service officials, and the close of the summer season was to terminate the arrangement.

As is often the case, however, when "a woman is on the job," Miss Dows sprang a few surprises. She caused this decision to be reversed. Her artistic education became an asset in this new position, for she found ways of improving the forest service maps in such a way that the department was greatly impressed. Her keen record and intelligent management of the post, convinced the officials in Denver that the service was kept on the payroll.

The fact that not a single fire of consequence occurred in her territory during the season of 1919, and that forest fires were numerous shows how well a girl can do a man's work when she starts out to do it. She received the highest commendation from the forest service during the season. Miss Dows is Chapman in Leslie's.

The law of supply and demand has so been revealed, the price of presidential candidate ought to be lower than before the war. We have enough to last us a hundred years.

CHOICE RECIPES

Iced Chocolate.
In preparing cold chocolate, a chocolate syrup is recommended. To make the syrup, mix a scant half-cupful of powdered cocoa with two cupfuls of sugar; then add gradually one cupful of boiling water and cook in the upper part of the double boiler for eight minutes. Store in a small glass jar and keep in a cold place. To make iced chocolate, a "shaker" will be required. It is not expensive, and can be used for mixing beverages.

Place one-quarter of a cupful

cracked ice in a high glass and two tablespoonfuls of the chocolate syrup; half a cupful of chilled milk, one tablespoonful of cream and one-quarter of a cupful of Appleton's Brandy. Place the shaker over the top of the glass and shake rapidly until thoroughly mixed. Serve as it effervesces.

Fruit Salad.
Make two cups of lemon jello and while cooling cut celery, apples, cabbage and nuts in small pieces; add to jello and when jellied serve with whipped cream or salad dressing.
