"BACH" EXPECTS BIG ATTENDANCE

President of Fair Association Looks For Large Crowds at Exposition.

A record attendance, establishing a mark which it will be difficult to break for years to come, is predicted for the Grand Forks fair, which opens at Grand Forks Monday, July 24.

"There are many reasons why we look for big crowds on each day of the fair," Mr. C. Bacheller, president of the Grand Forks fair association states.

"The principal reason is the big interest in the fair by exhibitors and persons looking for concessions of all kinds. Whenever interest in these things is large good crowds can always be expected. If the weather does not interfere we will hang up an attendance mark it will be hard to break."

"Inquiries about the fair program have been received in number from persons living long distances from the fair, who are planning on coming by automobile. Twenty years ago, when horses had to be used if the trip to the fair was not taken on a railroad, parties by wagon or buggy rarely traveled more than twenty to thirty miles. It is possible to make

such a trip to the coming fair in an hour's time. The automobile is revolutionizing fair attendance all over the country.

"The increased attendance which good roads and automobiles have made possible has had a big effect on our planning of the fair program. Knowing that we can count on attracting people to the fair from unusually long distances, making bigger crowds possible, we have not hesitated in contracting for a much better entertainment program than was possible for most fairs to engage twenty years ago.

"Every superintendent has worked hard to make his or her department a success. The amusement features are under contract to give the crowds the best in them. Exhibitors of stock, women's work, farm products, and boys and girls' work will put up a big battle for the premiums offered by the fair. Visitors will find every detail for their entertainment worked out. The stage is all set for a record-breaking fair."

Workmen are putting the fair grounds in splendid shape for the coming fair, and shipments of exhibits are arriving at the secretary's office.
