TO-DAY'S DISPATCHES.

News from All Parts of the World.

SPECIAL TO THE CHRONICLE.

FREE COINAGE.

A Conspiracy to Flood the Country With Counterfeit Money.

PITTSBURG, Dec. 26.—A conspiracy to flood the United States with counterfeit silver dollars has been unearthed. Nineteen Italians are already under arrest and \$1,100 in spurious coin secured. The money was brought from the Central depot in New York to Pittsburg by a gang of Italians employed to pass it. According to information given by the prisoners, similar gangs have been sent from New York to other cities, but the arrested men could not tell what particular cities are being operated.

SNOW IN KANSAS.

Welcomed by the Farmers and Will Protect the Winter Wheat.

KANSAS CITY, Dec. 24.—The first snow of the season fell to-day in Northwest Missouri and Northern Kansas. Some of the incoming trains on the western roads were delayed two or three hours. A dispatch from Wichita, Kansas, says a soaking rain fell in the southern part of Kansas to-day. It was just what the country needed and will extinguish the threatened invasion of the hessian fly.

A special from Topeka says the state board of agriculture received telegraphic advices from the northern half of the state to the effect the snow storm to-day had covered the winter wheat. The snow was badly needed.

POOR NEW YORK.

The Predicted Snow Storm Arrives—Intense Cold.

NEW YORK, Dec. 26.—The predicted snow storm arrived this morning. Pedestrians few and far between. The surface cars are making poor progress in spite of the fact that four horses are trying to do the usual work of two. Navigation on the rivers and bay is seriously interfered with. So far no accidents are reported.

The Indians Still on Deck.

BATTLE CREEK, S. D., Dec. 26.—The weather is cold and the rivers are frozen solid. A company of Cheyenne scouts are encamped at the mouth of Battle Creek. Two attempts have been made by the hostiles, who number about eighty, to break into their camp. The first attack was made by only a few of the Indians who were quickly repulsed with a loss of two killed and several wounded, and it is thought one fatally hurt. The second attack was made after dark by the whole band led by Kicking Bear. Volley after volley was fired on both sides and a destroying fire was kept up for an hour or more. It is not known how many hostiles were killed but judging from reports of scouts there must have been several killed. Troops sent to the scene report everything quiet and no hostiles in sight.

Indians Reported Coming In.

WASHINGTON, D. C., Dec. 26.—General Schofield this morning received the following telegram from Gen. Miles dated Rapid City, S. D., Dec. 25th: "Have not heard from Col. Carr for thirty-six hours. He started to intercept Big Foot." Gen. Brook reports a messenger from Little Wound, Big Road and Past Thunder, who went to the bad lands, who says about half the Indians there are coming in and he thinks the rest will follow.

A Pendleton Christmas Shooting.

PENDLETON, Or., Dec. 26.—Scolly Marchbank was shot here yesterday by a man known as "Hobo." The shooting was caused by a quarrel over a small amount due "Hobo" from Marchbank. Marchbanks condition is serious. "Hobo" is now in jail.

Four Persons Burned to Death.

ROCHESTER, N. Y., Dec. 26.—A family by the name of Dietrich living in the out skirts of the city were burned out early this morning, and four persons perished in the flames.

O! The Snow, the Beautiful Snow!

PITTSBURG, Dec. 26.—Another big snow storm is raging here. It has been snowing steadily eighteen hours, with no indication of ceasing.

The Railroad Strike.

CHICAGO, Ill., Dec. 26.—The railroad strike continues on and business is at a standstill.

Chicago Wheat Market.

CHICAGO, Ill., Dec. 26.—Wheat steady. Cash 89, Jan. 89½, May 97¼@93½.

SAN FRANCISCO ALARMED.

Fears that her Commercial Supremacy May be Disturbed.

SAN FRANCISCO, Dec. 24.—"When the Empress of India, Empress of Japan and Empress of China begin running on the Canadian Pacific route from Victoria to Yokohama and Hong Kong, and that time is less than three months distant," says the Examiner this morning, "San Francisco will be facing a situation in which the commercial supremacy of the Pacific coast will have to be fought for or abandoned. New ships of 5400 tons burden and nineteen knots speed, fitted with all modern improvements and making the trip from Hong Kong to Vancouver in twelve days, are not to be over-matched in the race for public favor by antiquities like the City of Peking and the Oceanic. When such vessels are fitted out as cruisers with equipment of rapid firing guns ready to be mounted at a day's notice, they become political as well as a commercial menace. We have heard from time to time of new ships ordered by the Pacific Mail Company. They cannot be built and put into service any too soon. Meanwhile the people of California should wake up. We cannot do as much as the national government has, but we can do something. We should adopt every possible means of making this port attractive to shipping. We should so amend the constitution as to exempt American vessels in foreign trade from all state and local taxation. The trifling of revenue we draw from that source is not worth considering in comparison with the discouraging effect of such taxes on trade. We should abolish all unnecessary port charges and reduce the necessary ones to the lowest possible figure. San Francisco should be made the cheapest port in the world, instead of the dearest, as it is said to be at present. All this we can do ourselves, without waiting for the national government to act. If we are interested in maintaining San Francisco against her vigorous young rivals we must do it at once."

BEST STEEL KNOWN.

A One-Inch Bar Stands a Strain of Over 120 Tons.

READING, Pa., Dec. 24.—At a test of steel manufactured at the Carpenter steel works in this city, a one-inch bar broke at a strain of 243,844 pounds, being 20,000 pounds in excess of the highest record authoritatively known. The test was made under the supervision of government officers.

PLAYING WITH FIRE.

The German Emperor Will Test the Temper of the Paris Populace.

PARIS, Dec. 24.—Regarding Emperor William's proposed visit to this city *La Liberte*, although sure a majority of the people will abstain from offensive demonstration, thinks the German emperor coming to Paris, will be playing with fire.

It Was a Slap at Blaine.

WASHINGTON, Dec. 25.—The veto of the bill for a public building at Bar Harbor, Me., is regarded by some of Mr. Blaine's warmest friends as a slap in the face by the president. Bar Harbor is the summer home of the secretary of state and he has been greatly interested in building up that little town, and is supposed to be behind the movement for a public building which passed the house some time ago. A similar bill was vetoed by Cleveland and as a matter of fact while so many cities of so much more merit are greatly in need of public buildings it was the proper thing to do. Of course, considerable political significance is attached to the case on account of Secretary Blaine's interest in Bar Harbor. One of Mr. Blaine's warmest friends in the senate said to-day sarcastically: "That was a fine Christmas present Ben Harrison gave Jim Blaine, that Bar Harbor veto."

Not the Last of It Yet.

NEW YORK, Dec. 22.—A cable from London says the Parnell agony is by no means over. The queen's proctor has had all the evidence and documents connected with the divorce placed before him and he is engaged in instituting inquiries with the view of intervening before the decree nisi is made absolute. This action has been taken in consequence of Parnell's speech at Dublin. There is good reason to think that Parnell made a statement leading to a belief that there was another side to the case, with a view of forcing the proctor to intervene. If the proctor does not take this course, it will undoubtedly produce a great sensation, as it is a well-known fact that a great deal of evidence was suppressed at the trial.

The Forfeiture Act.

WASHINGTON, Dec. 25.—In response to a message sent by Senator Dolph to Secretary Noble yesterday, that official replied that the business in reference to the forfeiture act had been attended to and that instructions will be printed

and sent to the commissioners without delay. It will only take a few weeks for these instructions to reach the land offices in Oregon, and the forfeited lands may then be taken up under the laws.

IT WILL BE SENSATIONAL.

Portland's Mayor Sued by Mrs. Collier for \$10,400.

PORTLAND, Dec. 26.—Mrs. M. Collier today began suit in the Circuit court against Van B. DeLashmitt mayor of this city to recover the sum of \$10,400. The complaint is of a sensational nature and is characterized by the defendant as an attempt to extort money.

Foreign Representation.

The department of state has been informed by the United States minister at Bogota that Senator Don Climaco Calderon and Senor Don Julio Rangifo will represent the republic of Columbia at the International American Monetary Conference to be held in Washington on Jan. 5. The department is also advised that a delegate from Venezuela is in New York, but his name is not given.

Value Cannot Yet Be Fixed.

LONDON, Dec. 24.—Professor Stuart, of Sydney University, sent to Berlin to study the Koch treatment, reports, after studying hundreds of cases, that he arrived at the conclusion that the precise value of the Koch remedy cannot yet be fixed. In advanced cases it proved positively injurious, but in early stages of the disease was apparently beneficial.

Boomers Watching the Cherokee Strip.

ARKANSAS CITY, Ks., Dec. 24.—Boomers in this city are excited over a report that the commission and the Cherokees had closed negotiations for the strip and that President Harrison will open the lot for settlement by proclamation. The fact that the soldiers have been removed south of the city lends color to the report. Boomers everywhere are getting ready to move, only waiting for a confirmation of the report.

A Railroad Wreck.

CHICAGO, Ill., Dec. 26.—A special from Caldwell, Ohio, says: News has just been received there of a wreck on Duck Creek Railway several miles from that city. Fifteen persons are reported killed and a large number injured. No estimate can be made of the number.

Director Appointed.

WASHINGTON, Dec. 26.—The President to-day appointed Joseph W. Haddock, of Nebraska, government director of the Union Pacific Railroad Co., vice James W. Savage, deceased.

General Taylor Suicides.

MOUNT HOLLY, Dec. 26.—General Charles Taylor committed suicide by drowning in the creek here at the identical point where his brother drowned himself a few years ago.

The Storm in the East.

ASBURGH PARK, N. J., Dec. 26.—A heavy snow storm is raging here and a large three masted schooner is stranded off the beach. She will probably be a total wreck.

Slightly Cold in Vermont.

LYNDONVILLE, Vt., Dec. 26.—The thermometer is 30 deg. below zero this morning.

M. E. Church Christmas Tree.

The Christmas services at the Methodist church Wednesday evening were largely attended and a most enjoyable time experienced by those present. The services consisted of singing by the choir and prayer by Rev. H. Brown, followed by an interesting and entertaining programme of singing and recitations by the little folks, after which came the distribution of the presents, which loaded a large and handsomely decorated tree. The distribution of presents was attended to amid many exclamations of delight and surprise from the younger portion of the audience. Nearly every one present receiving some token of friendship, or kindly remembrance, which will mark the evening for some time to come, as a bright spot in the past and one that will be remembered.

For the New City on the Columbia River.

It is now a moral certainty that very soon North Dalles is to receive another enterprise of greater importance to it than the one already started and our people must not be surprised if, at least, two manufacturing plants are soon put underway. Mr. O. D. Taylor accompanied by a gentleman from Portland leave for the east on an extended trip, in a few days and on their return we shall expect to see lively times at North Dalles. Back of the proposition at North Dalles are men who are quietly working out the rapid development of the north side of the river. They are financially strong and able to put into practical operation improvements of very large magnitude. The next ninety days will change the appearance at North Dalles and our people will then know what we meant when we advised them to purchase something in this young city.
