Last Sunday night the to-be happy couple were present at a ball at Turn Verein Hall, and the gay young Lothario was introduced very extensively by the father-in-law in futuro as his intended son-inlaw. His pride in the young man was quite excusable. There was a mortgage of a thousand dellars on pater familias's homestead. The Stepping Stone to Health.

The acquisition of vital energy is the stepping stone to health. When the system lacks vitality, the various organs and in their duty, become chronically irregular, and disease is eventually instituted. To prevent this unhappy state of things, the debilitated system should be built up by the use of that inimitable tonic, Hostetter's Stomach Bitters, which invigorates the digestive organs and insures the thorough conversion of food into blood of a nourishing quality, from whence every muscle, nerve and fibre acquire unwonted supplies of vigor, and the whole system experiences the beneficial effect. Appetite returns, the system is refreshed by healthful slumber, the nerves grow strong and calm, the despondency begotten of chronic indigestion and an un-ertain state of health disappears, and that sallow appearance of the skin peculiar to habitual invalids and persons deficient in vital energy, is replace d by a more becoming tinge. flag in their duty, become chronically
