A tourist writes us rapturously of the picturesque aspects of Los Angeles county. He says our section, with its wild flowers, mountain background and general verdant aspect, lays over anything he ever saw. Right, Mr. Tourist! All the rest of creation has to "stand and pass the buck" to Los Angeles county in the spring time of the year in a good season.

No man discusses the Russo-Turkish situation with the fullness of information which characterizes our friend Col. J. J. Warner.

When the Turk dispossessed John Paleologus, the last of the Byzantine emperors, of the city of Constantinople—somehow about the time Columbus discovered America—Col. Warner was a young man thoroughly interested in all the events transpiring on this mundane sphere. He has watched the course of events since with an interest which has attained its climax, now that the Russians are about to dispossess the Turk of Constantinople.

Uncle "Billy" Rubottom advertises his splendid ranch, consisting of eighty six acres, at Spadra, in the beautiful San José valley, for sale. We know of no more thorough bargain in this lower country. A good hotel, with furniture, fixtures, etc., is located on the premises. This is a capital opportunity for some sagacious soul. A desire to give his wife a change of scene impels Mr. Rubottom to sell.

The following persons have been chosen to conduct the Jubilee Concert for the benefit of the building fund for the new hall of the Good Templars: Mr. J. Strelitz, President of the Association, J. H. Those of our readers who are interested in farming operations will take notice that the Champion Mower and all extra parts for it are to be found at the Grango Store.

Considering the abundance of wild sage and other honey producers, it is safe to assume that "the little busy bee" will improve his style and his song in Southern California this year.

Forepaugh is also foreshadowed, judging by the gorgeous caravansaries which traverse the country with their style and splendor thereon. It costs money to do these things.

Now that the act validating the improvement bonds for the opening of Negro Alley has passed the Legislature, when will Chinatown begin to disappear?

Mr. L. Harris, of the Quincy Hall clothing store, leaves for San Francisco to-day, to lay in his Spring stock of gentlemen's clothing and furnishing goods.

The Stinging Sensation

In the gutlet called "heartburn," (why it is impossible to conceive, since the heart has nothing to do with it) is caused by the acetous fermentation in the stomach of the food contained in it; by an overplus of the gastric juice, which is itself a powerful acid, or by the unwholesome acid quality of that secretion. The ordinary way of treating this symptom, for it is nothing else, is to administer bicarbonate of soda, an alkali, to neutralize the acid. But our cure is the stomachic Hostetter's Stomach Bitters, which strengthens the cellular membrane, the seat of the difficulty, regulates the flow of the gastric secretion, improves the quality of the gastric juice, and thus secures a good working order. Perfect digestion follows as a natural sequence, and there is no more trouble than to "stand and pass the buck" to Los Angeles county in the spring time of the year in a good season.

Gorgeous Advertising Car.

Yesterday afternoon the advertising car of Adam Forepaugh's circus pulled up at the old Commercial street depot of the Southern Pacific Railway. It is a superb affair. It is a palace car, perfect in all its appointments, and was built at Dayton, Ohio. It is the avant courier of the thirty-four cars, of extra length, which contain Adam Forepaugh's world-renowned circus, which will exhibit in Los Angeles on the 31 and 4th of April.

This Palace advertising car is a credit to the enterprise of the Forepaugh combination. It is a very embodiment of *multum in parvo*, and has an apartment for everything of any conceivable use in the show business. Amongst other things this car contains is a miniature printing office. Bills, posters, placards, doggers and swipes, by the million, are enclosed in capacious cases, which are hermetically sealed up. In addition, there are sleeping accommodations for the employees. Comfort, convenience and elegance are the features of this traveling office, and the pictorial art has been called into play to embellish its mission on its exterior. In every detail incident to their business, Forepaugh's lieutenants and couriers hang their banners on the outward walls. When the special train which contains their general advertising agent stops at this car, gorgeously embellished billboards, scattered all broadcast, to do their good work of informing the rustic crowd that the champion circus is en route to Southern California.

We found in this car Col. T. R. Toole and his accomplished wife. Col. Toole has been in the show business for years. He is a competent, urbane and quite distinguished looking gentleman, and understands the art of General Advertising to a circus, to a dot. As we have said, Forepaugh's circus is so large that it required thirty four extra sized cars to transport it to the East. All those cars, like this Palace advertising car, were made at Dayton, Ohio, to Mr. Forepaugh's special order, and the extent and variety of the circus may be inferred from this fact.

This superb train will arrive in Los Angeles on the 31st of March; and, of itself, it is a spectacle well worth seeing. The contents of the several cars are painted in thorough style on their outside, and they, of themselves, form a show of no mean pretensions.

Col. Toole informed us that the Southern Pacific Railway charge Mr. Forepaugh \$550 a day for mere passage over their tracks, and the Circus King himself providing every detail of the running gear.

Los Angeles Legislation.

The following action was had on Los Angeles matters in the Legislature on Monday:

Mr. Smith, from the Los Angeles delegation, reported Assembly Bill No. 65, and asked that it be printed out of order and re-referred to the delegation. Order made as requested.

Senate Bill No. 399—An act to appropriate money to assist in the purchase of land and the construction of buildings thereon, in the county of Los Angeles, to be used as a County Hospital and farm. Indefinitely postponed.

By Mr. Smith—An act to regulate the highways in Los Angeles county. Passed under suspension of the rules and ordered transmitted forthwith to the Assembly.

Mr. Smith, from the Los Angeles delegation, reported and recommended the passage as amended of Assembly Bill No. 373. Rules suspended, bill amended and passed.

Mr. Ellis, from the Los Angeles delegation, reported back favorably Senate Bill No. 361.

Mr. Ellis introduced an act to provide for the extermination of squirrels in the county of Los Angeles. Referred to the delegation.

One Who Wants to Go.

EDITOR HERALD: From notices in the San Francisco papers I should judge that the monster Musical Festival to be held in that city will be a magnificent affair.

There are doubtless hundreds in this city and vicinity who would gladly attend were the trip not so very expensive; and if half fare first class tickets on railroad and by steamer were offered, it is probable that it would induce a great many to make the excursion to their pleasure and to the profit of both the railroad and steamship companies. By publishing this brief notice you will much oblige.

The entertainment for the children at Turn Verein Hall last night was a most enjoyable one.

Nearly all the juveniles in town were present and fun and frolic reigned supreme. After a very successful and interesting exhibition of the wonders of the Oxy-Hydrogen Stereoscopic, by Messrs. Marxsen & Schroeder, the floor was cleared for dancing, in which the young folks displayed as much grace and spirit as their elders on the previous evening. At half past eleven o'clock the party broke up and the children reluctantly returned to their homes.
