HORTICULTURAL PAVILION, Now being erected by the SOUTHERN CALIFORNIA HORTICULTURAL SOCIETY, on Temple street, Los Angeles City, 1400 feet from the junction of Spring and Main streets, which is considered the center of business.

The Pavilion lot has a frontage of 200 feet on Temple street and extends back to Sand street, a depth of 100 feet. The above lot represents the Temple street front. The Sand street front is reached by easy grade, with no stairs. The Pavilion consists of a main hall, two stories high, with a frontage of 75 feet, by a depth of 135 feet, with an annex 30x20 feet in the rear, to be devoted to the purposes of a stage, and annexes on each side 30x20 feet, two stories in height, one to be devoted to the purpose of a Machinery Hall and the other to an Art Gallery. In the angles, in front of these annexes, one-story annexes will be constructed 40x25 feet each, which will be 112 1/2 feet wide, and with the extensive galleries, will have a seating capacity of 4000. The Pavilion complete presents a frontage of 175 feet by a depth of 100 feet. The main central hall is now being built, and the wings will be added as soon as the finances of the Society will permit. The Directors intend to build only so far as they can pay, and are firmly resolved to incur no indebtedness.

FIRST ANNUAL EXHIBITION OF THE SOUTHERN CALIFORNIA HORTICULTURAL SOCIETY WILL BE HELD AT THE NEW PAVILION, DURING THE WEEK COMMENCING MONDAY, OCTOBER 14th, 1878.

All Premiums will be paid in coin except when otherwise specified. Liberal Premiums are being offered in the following departments: First—Agricultural Implements, Vehicles, etc. Second—Textile Fabrics and materials from which they are made. Third—Mechanical, Electrical, Musical Instruments, etc. Fourth—Agricultural Products, Flowers, etc. Fifth—Fruit and Trees, Raisins, Wines and Brandies, Sixth—Fine Arts. LOCAL DEPARTMENTS.—In order to give each locality exhibiting products at the Fair ample credit for their production, each town, neighborhood or school district applying for space will be allowed a department of its own, which will be properly designated, and will be as large as is consistent with the capacity of the Hall and the applications for space. This is the largest Hall south of San Francisco in this State, and the prospects are good that the approaching Fair will be the largest ever held in Southern California. The Central Pacific Railroad Company will transport all articles exhibited at the Fair over their respective ROUTES OF CHARGE. Freight being paid on them to the Fair will be returned upon receipt of the same by the same owner and exhibition of certificate of Secretary that the same have been exhibited. Wells, Fargo & Co.'s Express Co. will carry free of charge all articles sent to the Fair for exhibition not exceeding ten pounds in weight. Arrangements are being made with the Steamship Company to carry freight and passengers at the usual regulations, particularly from Los Angeles at less than the regular rates, and ample lines will be given excursionists to visit the Fair, and to amuse the city and county. The excursion train from the north will start from San Francisco. Particulars in regard to the running of these trains will be made public at an early day. The Society will have in its Pavilion this year more space than any Fair ever before held in Southern California, and yet the applications for space are so much greater than ever before that those desiring to exhibit should hold no time in making application to the Superintendent. Towns and neighborhoods should take steps at once to secure a creditable representation of their respective localities. No charge is made for spaces or entries. Each exhibitor must hold, however, a Season Ticket, which will cost three dollars. Premium List and Rules and Regulations sent free on application to the Secretary. The Pavilion will be completed in time for holding of Fair at the date advertised. J. DEBARTH SHORB, President. M. H. HOLT, Secretary. M. H. KIMBALL, Superintendent.
