In calling the attention of our readers to the classic programme of the Knell concert, to be given at Turner Hall on Thursday next, we desire to call special attention to the announcement that Miss Neely Stevens has kindly consented to assist. Miss Stevens is a graduate of Vassar College, and having had unusual facilities for study, combined with extraordinary talent, we are assured by those who have heard her play, that she is an unusually fine performer and will afford a rare treat to all lovers of piano music of the classic school.

Last evening, while Edward Schultz was taking a drink in a saloon, a man named Gaines made some insulting remark because he was not invited to join. Schultz resented the insult, when the two clashed. James D. Hill, a friend of Gaines's, who was standing near, passed an open pocket knife to Gaines with which the latter struck Schultz just above the ear, inflicting a very ugly gash. Fortunately the knife blade broke, or it would have penetrated to the brain. Gaines at once fled, but was arrested by Officer Smith a couple of hours afterwards. Hill was taken into custody, and will be examined before Judge Peet tomorrow. Dr. Worthington was summoned and sewed up Schultz's wound.

Philadelphia Brewery. Beer has a Falstaffian effect, as Henry Weil, the brewer of the Philadelphia Brewery, will testify. Good beer makes muscle and fat, and the regular patrons of the Philadelphia Brewery are strong and healthy. It makes the sick well and the healthy stronger; physic is unnecessary and doctors are played out, if you use the Philadelphia beer. Leave orders at the Philadelphia Brewery or mail. Delivered free to any part of the city. aug24-1f.

The changes and repairs in the Public Library quarters progress slowly. Gov. Downey's mechanics are engaged in making very thorough alterations in that portion of the block, and the work has all to go along together. As the Governor is making these improvements entirely at his own cost, the trustees of the library cannot consistently hasten the work. It will take the greater portion of this week to finish, and when complete the public will not be inconvenienced at all by the temporary inconvenience.

It is a curious fact that our seaport towns are commercially the most profitable. Santa Monica and Wilmington merchants and dealers are both capital pay, so one of our leading wholesale merchants informs us. In transactions during the past three years with Santa Monica this gentleman's firm has only lost \$200 in sales of \$20,000, while Wilmington, also, as a customer, has approved herself as good as gold.
