

Herald Steam Printing House.

The Herald Steam Printing House is not surpassed by any Job Printing office on the Pacific Coast...

We are indebted to Hon. B. D. Woolf for a pamphlet copy of his report to the Judiciary Committee of the Constitutional Convention.

We learn that there is a cool proposition on the tapis to arrange the differences between Russia and England by dividing Afghanistan between them.

A GRAPHIC letter from China which appeared in Sunday's Chronicle is calculated to alarm those who view with distrust the hordes of Chinamen who have already planted themselves on the Pacific Coast.

THE complexion of the weather will determine whether those of our farmers who have stored barley will make or lose by the operation. Thus far the barley in our several warehouses would sell for a good deal less than six weeks ago.

THE facts that the Democracy have elected their candidate for Mayor in Boston and that the Workingmen's candidate only received 431 votes does not speak well for the effect of the trip East of Mr. Denis Kearney.

We notice the appointment of Col. Harrison Gray Otis, the editor of the Santa Barbara Press, as Collector of the port of San Diego...

AN open letter from Col. George H. Smith, addressed to Judge O'Melveny, appears in our local columns. A number of very pertinent questions are propounded to the ex Judge by our Los Angeles Senator.

How often it happens that, although we have witnessed the ravages of disease in the case of others, we disregard his warning signals in our own. It is only when we find him face to face with the disease that we realize the danger.

Don't Frown, if You Can Help It. But don't smile more than you are obliged to, if you have a month or two of discolored teeth. If such is the case, procure a good tooth powder, which will remove the unbecoming spots and specks that disfigure your teeth, render them pearly white, make the gums hard and rosy and impart fragrance to your breath.
